FIRST ORDER OF BUSINESS

Roll Call

Mr. LeBrun called the meeting to order and called the roll. Four Board members were present constituting a quorum.

SECOND ORDER OF BUSINESS

Public Comment Period

Mr. LeBrun: Next is public comment period and there are no members of the public present, just Board and staff.

THIRD ORDER OF BUSINESS

**Approval of Minutes of the August 21,
2023 Meeting**

Mr. LeBrun: You have approval of the minutes of the August 21, 2023 meeting. This is in your electronic agenda which starts on page five. Were there any comments or corrections to those?

Ms. Whitney: I'll motion to approve.

On MOTION by Ms. Whitney, seconded by Mr. Aggarwal, with all in favor, the Minutes of the August 21, 2023 Meeting, were approved.

FOURTH ORDER OF BUSINESS**Ratification of Agreement with Freeman
for Security Services**

Mr. LeBrun: At a previous Board meeting, the Board delegated authority to work on the security services project and services. In your agenda on page 12, you will see that agreement that starts. This agreement has already been executed and worked through so just looking for ratification from the Board.

On MOTION by Ms. Whitney, seconded by Mr. Aggarwal, with all in favor, the Agreement with Freeman for Security Services, was approved.

FIFTH ORDER OF BUSINESS**Consideration of Fiscal Year 2023 Audit
Engagement Letter from Grau &
Associates**

Mr. LeBrun: The Audit Committee previously selected Grau as your independent auditor. Each year the CDD is required to be audited by a third party, so this is just that engagement letter. We are just looking for approval for them to provide audit services for Fiscal Year 2023.

On MOTION by Ms. Whitney, seconded by Mr. Aggarwal, with all in favor, the Fiscal Year 2023 Audit Engagement letter from Grau & Associates, was approved.

SIXTH ORDER OF BUSINESS**Consideration of Temporary Easement
Agreement with PAC I-Drive Apartments,
LLC – ADDED**

Mr. Lazarovich: The developer for PAC I-Drive Apartments, LLC reached out to us regarding they would need to install some silt fences and well points along our stormwater pond. Just to get ahead of that, we put together a temporary easement agreement. This is still under review with their counsel so there might be some comments so we are looking to approve in substantial final form. There is an exhibit attached to this that has the location of the installation

process that they need. One point to know, there is currently a six-month term in there and the developer reached out requesting 18 months so that is the lender negotiation.

Ms. Whitney: From six to 18?

Mr. Lazarovich: Yes, they said that it is going to be an ongoing project so that is why they wanted to set up the silt fence now to prevent any damage to the pond. They also included some pre and post construction conferences. I believe they are planning to start construction tomorrow so this was a rush item, so we want to make sure we get in touch with them and get it all figured out.

On MOTION by Ms. Whitney, seconded by Mr. Aggarwal, with all in favor, the Temporary Easement Agreement with PAC I-Drive Apartments, LLC-ADDED, was approved.

SEVENTH ORDER OF BUSINESS

Staff Reports

A. Attorney

i. Presentation of Demand Letter Sent to 3CM Construction, LLC and P.A.C. Land Development Corporation

Mr. LeBrun: Jay, anything else?

Mr. Lazarovich: Just an update. At the August meeting the Board approved a draft form of a temporary construction easement. We were later notified that was done prior to the agreement being signed. We sent this letter just to put them on notice that the agreement was never executed. Since then, I believe today they are sending in the check for the deposit as well as the executed agreement. There are no other updates unless you guys have any questions for me.

Mr. Aggarwal: They wanted 18 months because they said it was going to be an ongoing process for this easement.

Mr. Lazarovich: Yes. The silt fence and the well points just at the top of the pond bank.

Mr. Aggarwal: Would they need 18 months?

Ms. Whitney: 18 months, it could be.

Mr. Lazarovich: He said they are putting in a storm line in now and it's just an ongoing project he said when they paint, frame, stucco, and add exterior siding.

B. Engineer

Mr. LeBrun: The engineer is not present.

C. District Manager's Report**i. Check Register**

Mr. LeBrun: This is the check register which starts on page 90 of your agenda. You will see in the general fund, we have checks 133-149 totaling \$58,081.59. Behind that is the detailed check register for your review. I would be happy to answer any questions. If not, we are looking for a motion to approve that check register.

On MOTION by Ms. Whitney, seconded by Mr. Aggarwal, with all in favor, the Check Register totaling \$58,081.59, was approved.

ii. Balance Sheet and Income Statement

Mr. LeBrun: You also have the unaudited financials through September 30th. If there are any questions, we can discuss those. There is no action required from the Board, just there for your review and knowledge.

D. Field Manager's Report**i. Consideration of Proposals for Fiscal Year 2024 Aquatic Maintenance Services**

- 1. Applied Aquatics**
- 2. Aquatic Weed Management**
- 3. Solitude**

Mr. Wright: We did get the security operations up and running. They are doing 12 hours from 6 p.m. to 6 a.m. and then patrols on the weekends. We have not had any issues from them. Every day, they submit a report of everyone who is coming in, so we have a detailed list of all of that. They are keeping an eye on exit traffic. If somebody comes in with a trailer that is empty and they are leaving with 10 refrigerators, we have an issue. So far, there have not been any problems here. We still do not have internet yet so they are checking ideas and once that is installed, we will look at getting the dwelling live app or whatever we decide to run with for stickers and that type of entry when that time comes. The new landscaping had been installed over the last few months. Everything for the most part has established. There are a few dead plants that we are working on proposals to get replaced. Everything on the front looks really good. What I would suggest here is at the next meeting, I will bring proposals for injecting the palm trees there. They are in good health but with these Medjool and Bismarck palms, we want to put them on a quarterly injection

program to get them to where they should be to help fight disease and that type of thing. All of our responsibility areas are being maintained now. There was construction work along tract D4. I believe this was electrical or something of that nature so there is a section there where all of the sod is gone. I will work with the staff there to see if that is going to be replaced or if that is going to be on us to replace. Other than that, there are no main issues. Our responsibility areas are fairly small so it's not that big of a deal for us. The meeting areas in the road were adjusted for the ongoing construction there at the front. They just rebuilt the curb line there to reduce the beds and everything so those are good. We just need to mulch it and get plants in there. We are constantly having to deal with ongoing trash in the ponds from the construction areas, that blows in. Whenever this happens and it gets built up, we just send our staff there and they clean it all up. This is probably done on a monthly/bimonthly basis whenever it is needed. I did attach a copy of one of the Freeman Reports just so you can see how it comes through to us. These come through every single day. If there is any specific issue, they will let us know but nothing has come through. We did find an issue with the aquatic's treatment in terms of when we presented all of the prices, this was based off a total annual price that they provided to us. At the time, Applied Aquatics was the cheapest, but we did not realize that the dates they had for their pricing was only for six months and not for the full fiscal year. Their full fiscal year pricing came out to actually be \$12,024 which is basically maxing the budget line item. We wanted to bring this to you to decide if you guys want to stay with them at that price or our recommendation would be to switch over to Aquatic Weed Management. They are at \$8,100 total for the year.

Mr. LeBrun: We are currently under contract with them so as part of that we can delegate authority to the District Manager to determine the agreement.

Mr. Wright: We have a good relationship with Tully with Applied Aquatics so I am going to call him and ask if they can suspend service as of November 1st and then we can instantly trade over.

On MOTION by Ms. Whitney, seconded by Mr. Aggarwal, with all in favor, the Termination of Agreement with Applied Aquatics and Accept Aquatics Weed Management Inc. Proposal, was approved.

EIGHTH ORDER OF BUSINESS

Other Business

Mr. LeBrun: Any other business from the Board?

NINTH ORDER OF BUSINESS

Supervisors Requests

There being no comments, the next item followed.

TENTH ORDER OF BUSINESS

Adjournment

Mr. LeBrun: Is there a motion to adjourn?

On MOTION by Ms. Whitney, seconded by Mr. Aggarwal, with all in favor, the meeting was adjourned.

Section 1 Introduction

1.1 Location and General Description

The proposed development Grande Pines Golf Course Redevelopment project, the “Development” is located on Parcel 11D within Orangewood Neighborhood N-2 PD, west of International Drive and approximately one-half mile south of Central Florida Parkway, in Orange County, Florida. See Exhibit 1, Location Map. The total project consists of a proposed 385 single family short term rental houses (216 detached units/169 attached townhome units), and a conservation area, on 118.79 acres (Includes wetland W-1). The governing municipalities for this project are the South Florida Water Management District (SFWMD), the Valencia Water Control District (VWCD) and Orange County.

1.2 District Purpose and Scope

The District was established for the purpose of financing, acquiring or constructing, maintaining and operating a portion of the public infrastructure necessary for community development within the District. The purpose of this report is to provide a description of the public infrastructure improvements financed and to be financed by the District. The District has and will finance, acquire and/or, construct, operate, and maintain certain public infrastructure improvements that are needed to serve the Development. A portion of the infrastructure improvements will be financed with the proceeds of bonds issued by the District.

The proposed public infrastructure improvements, as outlined herein, are necessary for the development of the District as required by the applicable independent unit of local government.

1.3 Description of Land Use

The lands within the District encompass approximately 118.79 acres. Based on the PD the land use is mixed use and development program for the property within the District allows for construction of 507 short term rental units (331 detached/176 attached units). The approved land uses within the District include the following areas. Please see attached Exhibits that provide detail on land use locations and the development program.

Proposed Development	Approximate Acres
Mixed Use (Short Term Rental Units)	106.78
Conservation	12.01

Section 2 Government Actions

The following are the permitting agencies that will have jurisdiction for approval of construction within the District. Depending on the location and scope of each project design, the individual permits that need to be obtained will need to be evaluated; not all will necessarily apply to every sub-phase within the District.

7. Florida Fish and Wildlife Conservation Commission (FWC)

Please refer to Exhibit 17 for a detailed summary of the permits obtained or under review within the Development as a whole and/or District alone. It is our opinion that there are no technical reasons existing at this time which would prohibit the implementation of the capital improvements for the District and the public infrastructure as presented herein and that all permits not issued, which are necessary for the District and public infrastructure to proceed, will be obtained during the ordinary course of development.

Section 3 Infrastructure Benefit

The District will fund, and in certain cases maintain and operate public infrastructure yielding public benefits. The project wide public benefits are provided by infrastructure improvements that serve all lands in the District. These public infrastructure improvements include construction of the master stormwater

management system, the sanitary sewer, potable water, and reclaimed water mains, roadway network, perimeter landscape, hardscape and irrigation improvements.

The proposed capital improvements identified in this report are intended to provide specific benefit to the assessable real property within the boundaries of the District. As the property is currently undeveloped, the construction and maintenance of the proposed infrastructure improvements are necessary and will benefit the property for the intended use as a mixed use community. The District can construct, acquire, own, operate and/or maintain any or all of the proposed infrastructure. The Developer or other party/parties will construct and fund the infrastructure outside of the District and/or not funded by the District.

Section 4 Capital Improvement Plan

The District capital improvements will connect and interact with the adjacent offsite roads, stormwater management systems, potable water, reclaimed water, and sewer systems. The proposed infrastructure improvements addressed by this report include elements internal and external to the District. The elements include the master stormwater management and drainage systems, as well as potable watermain, reclaimed watermain and sewer extensions required to provide utility service to the District. Detailed descriptions of the proposed capital improvements are provided in the following sections and Exhibits 7 through 11. Exhibit 16, details the Cost Opinion for the District's capital improvement plan.

The Capital Improvement Plan will be constructed and financed in logical segments, as property within Phases 1, 2 and 4 is developed by Park Square Grande Pines, LLC and property within Phases 3 and 5 is developed by Park Square Grande Pines Phase 2, LLC (collectively, the Developer). There may, however, be certain developer obligations under permits or agreements, including offsite improvements, that the Developer will be obligated to complete even if the remaining portions of the Capital Improvement Plan are not completed.

Section 5 Description of Capital Improvement Plan

5.1 Roadway Improvements

The District may fund roadway construction internal to the District consisting of local roadways and/or offsite roadway improvements. A manned guard house will provide public access to the proposed roadways making them open to the public.

5.2 Stormwater Management

The District will fund the construction of the master stormwater management system for the lands within the District. This system is made up of wet detention stormwater treatment ponds, control structures, spreader swales, inlets, manholes and storm pipes. The proposed ponds and outfall structures have been designed to provide water quality treatment and attenuation in accordance with Orange County and South Florida Water Management District regulations. The stormwater management system has been designed to accommodate on-site runoff in addition to offsite flows which have historically entered the project site. Exhibit 6, Post-Development Conditions Basin Map and Exhibit 7, Stormwater Management Map, provide graphical representations of the proposed stormwater management system.

5.3 100-Year Floodplain

Pursuant to the Federal Emergency Management Agency's (FEMA) Flood Insurance Rate Map (FIRM)

panel 12097C0415F dated September 25, 2009. The back of several lots proposed in Phase 3 are adjacent to “Lake 10” which Zone A. Areas within Zone A are identified as within the 100-year floodplain but with an undetermined elevation. All other areas in the project are located within Zone X and are designated by FEMA as areas of minimal flood hazard; Exhibit 8, FEMA 100-Year Floodplain details the floodplain limits relative to the District boundaries.

Any filled areas below the 100-year flood elevation will result in impacts which will require mitigation in the form of a volume-for-volume match between floodplain impacts and compensating storage. Detailed floodplain fill impact and compensating storage calculations will be prepared with final engineering for Phase 3. After fill has been placed, survey elevations will be required and a Letter of Map Revision based on fill LOMR-F is recommended to receive final approval from FEMA that Development areas are located outside of Zone AE and therefore removed from the 100-year floodplain. The District capital improvement costs for fill are associated only with District capital improvements.

5.4 Potable Water, Reclaimed Water, & Wastewater Utilities

Potable water service for the Development will be provided by Orange County Utilities (OCU). A Master Utility Plan (MUP) was approved by Orange County on 8/14/19. The MUP utilities infrastructure design for the Development includes four phases, a revision is anticipated to update the MUP to reflect the project construction in 5 phases. Points of connection for the Development are located along existing International Drive. Existing utilities at the point of connection include 24” watermain, 24” reclaimed watermain, and 12” force main.

5.4.1 Potable Water Distribution System

The District will fund the construction of the water distribution system within the District. The potable water system will be conveyed to, and owned and maintained by OCU once it has been certified complete. The main sizing within the District will be required to be designed and constructed based on the approved MUP. Exhibit 9, Potable Water Distribution Plan, provides a graphical representation of the water mains to be constructed within the District.

5.4.2 Reclaimed Water Distribution System

The District will fund the construction of the reclaimed water distribution system within the District. The reclaimed water system will be conveyed to, and owned and maintained by OCU once it has been certified complete by the District. The main sizing within the District will be required to be designed and constructed based on the approved MUP. Exhibit 10, Reclaimed Water Distribution Plan, provides a graphical representation of the proposed system within the District.

5.4.3 Wastewater System

The District will fund the construction of the gravity sewer, forcemain, and lift station infrastructure within the District. The wastewater system will be conveyed to, and owned and maintained by OCU once it has been certified complete by the District. The main sizing and lift stations within the District will be required to be designed and constructed based on the approved MUP. Exhibit 11, Wastewater System Map, provides a graphical representation of the proposed system within the District.

5.5 Landscape & Hardscape

The District may fund landscape and hardscape construction and maintenance which may include perimeter

landscape buffers, master signage, way finding signage, entry hardscape features, entry landscape, and street trees. The District may own and maintain foregoing improvements.

5.6 *Electrical Distribution and Street Lights*

The District may fund the cost to underground electric service to the District. The District may fund the installation, leasing, and/or monthly service charges associated with the upgraded street lighting fixtures along CDD owned and maintained roadways within the District. Duke Energy will own and maintain the electric and street light infrastructure.

5.7 *Professional and Inspection Fees*

In order to design, permit, and construct the proposed District capital improvement plan, professional services are required by various consultants. The consultants include, but are not limited to: civil engineer, geotechnical, planner, environmental, surveying, and landscape architect. During construction, the various permitting agencies will observe and inspect the project. Each of the agencies will charge an inspection fee to cover the costs associated with an inspector visiting the site to observe construction progress and confirm that the project is constructed in accordance with their respective approved plans, permits, rules, and regulations. A proportionate share of the Professional Services and Inspections Fees may be included in the costs for the District capital improvement plan.

5.8 *Construction Schedule*

The following is the anticipated schedule for the entitlements necessary for the District and construction of the District's capital improvement plans.

Real property interests for lands within the District needed for construction, operation, and maintenance of District facilities have been or will be conveyed and/or dedicated by the owner thereof to the District or other public entity at no cost.

Section 8 Estimate of Probable Capital Improvement Costs

The Estimate of Probable Capital Improvement Plan Costs is provided in Exhibit 16. The construction costs included apply to the roadways, stormwater management system, utilities, landscaping, and hardscape construction cost. Please note that the costs are preliminary in nature and subject to change based on final engineering, permitting, and changes in construction cost due to market fluctuation.

Section 9 Conclusions and Summary Opinion

The capital improvement plan infrastructure improvements as described are necessary for the functional development of the property within the District as required by the applicable local governmental agencies. The planning and design of the infrastructure has been and will be in accordance with current governmental regulatory requirements. The public infrastructure as described in this report serves/will serve its intended function provided the construction is in substantial compliance with the future design and permits which will be required by the District. In addition to the annual non-ad valorem assessments to be levied and collected to pay debt service on the proposed bonds, the District will levy and collect an annual "Operating and Maintenance" assessment to be determined, assessed and levied by the District's Board of Supervisors upon the assessable real property within the District, for the purpose of defraying the cost and expenses of maintaining District-owned improvements.

The construction costs for the District's capital improvement plan in this report are based on the Preliminary Subdivision Plan (February 2020 Revision) and Final Engineering Design for Phases 1 and 2 for the District.

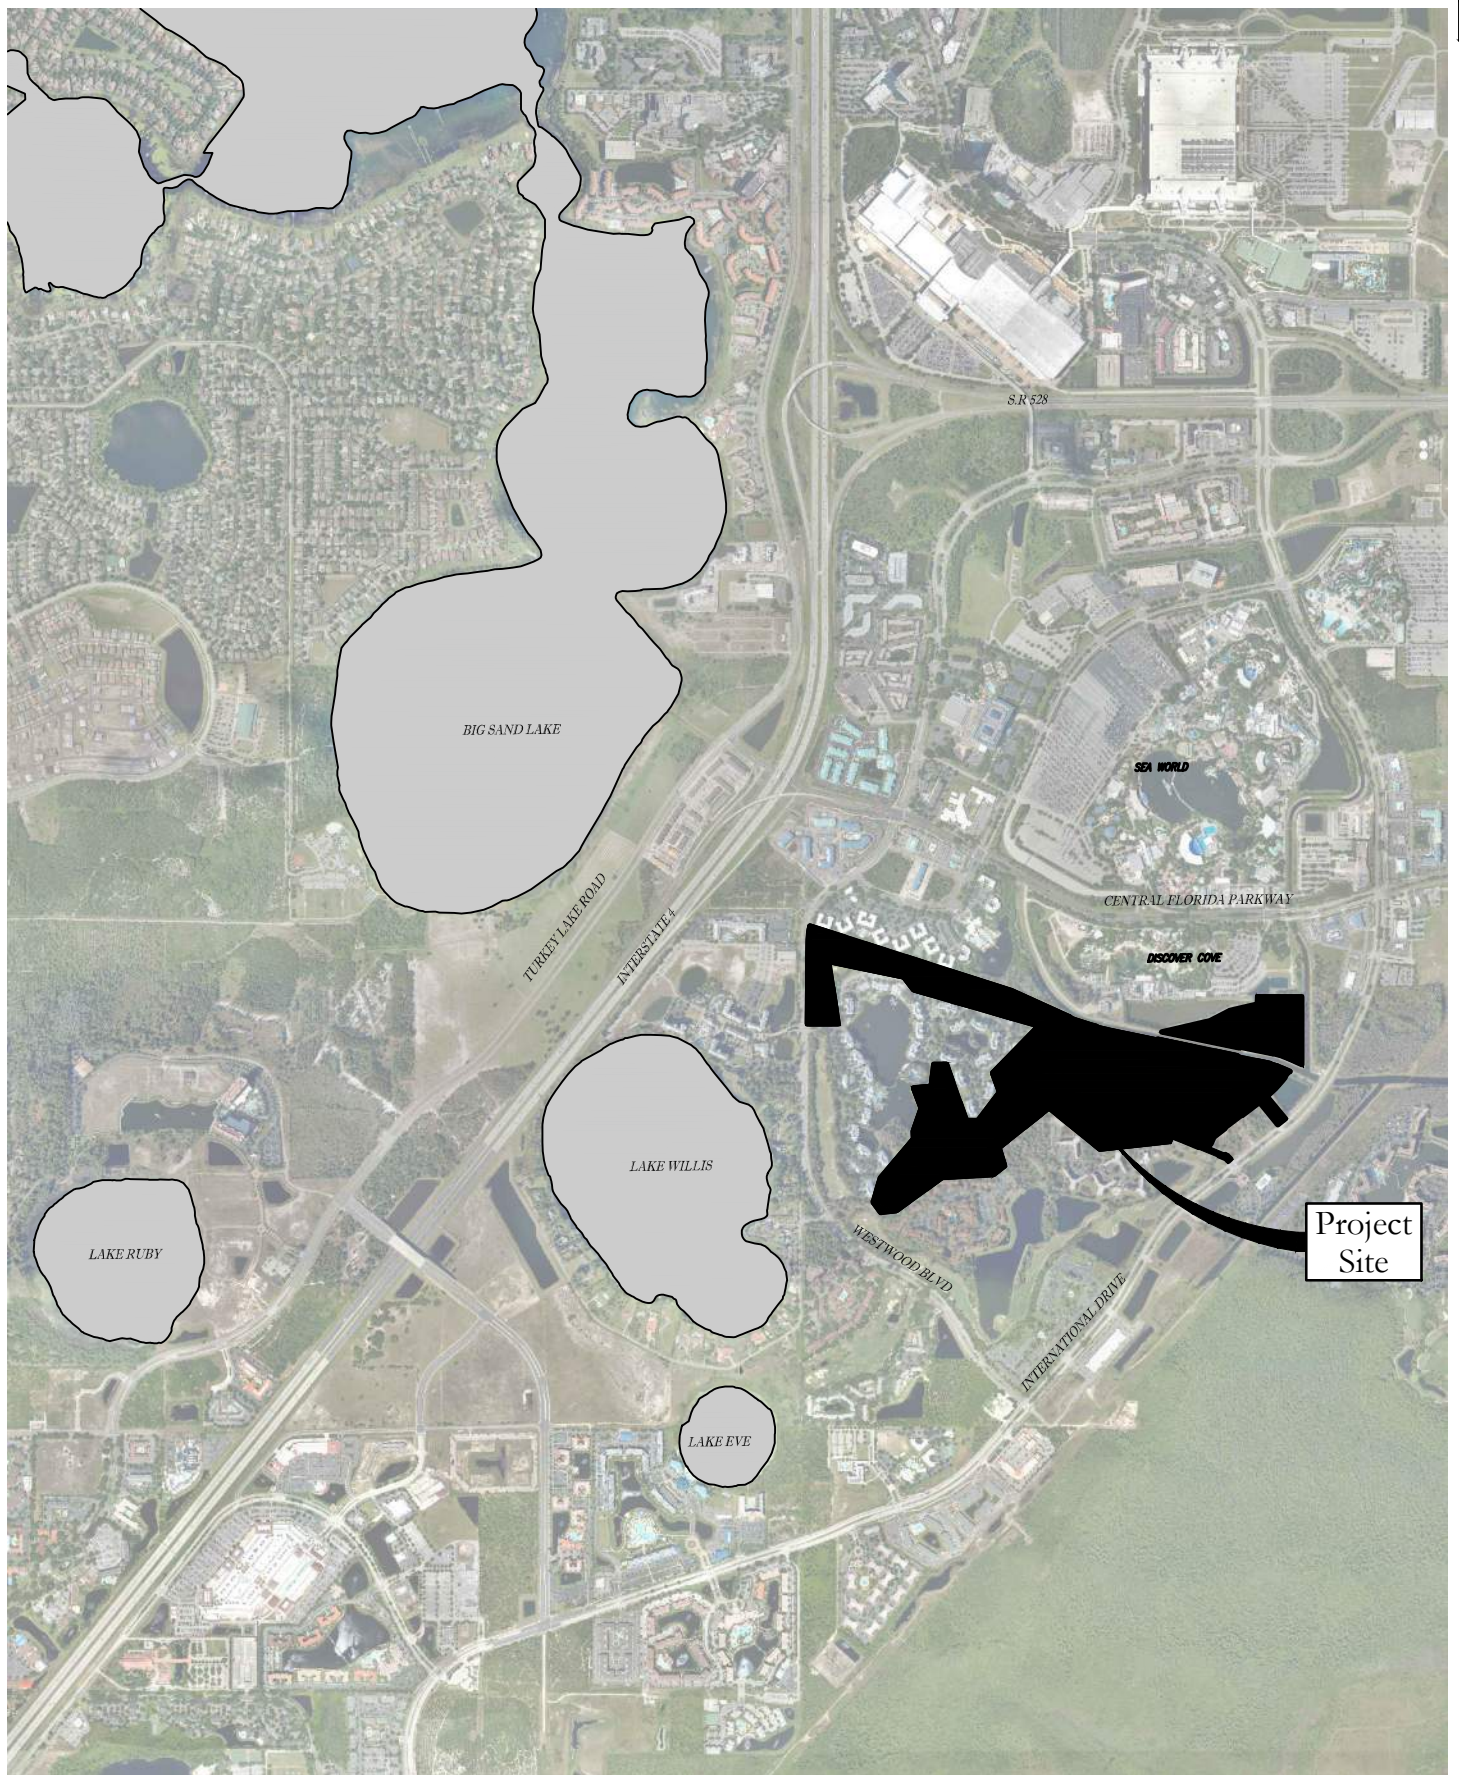

In our professional opinion, and to the best of our knowledge and belief, the costs provided herein for the District are reasonable to complete the construction of the infrastructure improvements described herein. All of the proposed infrastructure capital improvement plan costs are public improvements or community facilities as set forth in sections 190.012(1) and (2) of the Florida Statutes.

The summary of probable infrastructure construction costs is only an opinion and not a guaranteed maximum price. Historical costs, actual bids and information from other professionals or contractors have been used in the preparation of this report. Contractors who have contributed in providing the cost data included in this report are reputable entities with experience in Central Florida. It is therefore our opinion that the construction of the proposed District capital improvement plan can be completed at the costs as stated.

The labor market, future costs of equipment and materials, increased regulatory actions and requirements, and the actual construction process are all beyond our control. Due to this inherent opportunity for fluctuation in cost, the total final cost may be more or less than this opinion.

1.0 Introduction

The Grande Pines Community Development District is a local unit of special-purpose government organized and existing under Chapter 190, Florida Statutes (the “District”), as amended. The District plans to issue approximately \$11,955,000 of tax exempt bonds in one or more series (the “Bonds”) for the purpose of financing certain infrastructure improvements within an assessment area within the District, more specifically “Assessment Area Two” described in the Master Engineer’s Report dated February 19, 2024 prepared by Poulos & Bennett as may be amended and supplemented from time to time (the “Engineer’s Report”). The District anticipates the construction of infrastructure improvements consisting of improvements that benefit property owners within the District.

1.1 Purpose

This Master Assessment Methodology Report (the “Assessment Report”) provides for an assessment methodology for allocating the debt to be incurred by the District to benefiting properties within the District. The Assessment Report allocates the debt to properties based on the special benefits each receives from the Capital Improvement Plan (“CIP”). This Assessment Report will be supplemented with one or more supplemental methodology reports to reflect the actual terms and conditions at the time of the issuance of each series of Bonds. This Assessment Report is designed to conform to the requirements of Chapters 190 and 170, Florida Statutes with respect to special assessments and is consistent with our understanding of case law on this subject.

The District intends to impose non-ad valorem special assessments on the benefited lands within the District based on this Assessment Report. It is anticipated that all of the proposed special assessments will be collected through the Uniform Method of Collection described in Chapter 197.3632, Florida Statutes or any other legal means available to the District. It is not the intent of this Assessment Report to address any other assessments, if applicable, that may be levied by the District, a homeowner’s association, or any other unit of government.

1.2 Background

The District currently includes approximately 118.79 acres in Orange County, Florida. Assessment Area Two contains approximately 44.73 acres within the District. The development plan for the entire district is 385 residential units (216 detached/169 attached). The development plan for Assessment Area Two envisions approximately 203 short term rental units (89 detached/114 attached) (herein the “Assessment Area Two Development Program” or “AA2 Development Program”). The proposed Assessment Area 2 Development Program is depicted in Table 1. It is recognized that such land use plan may change, and this report will be modified accordingly.

The improvements contemplated by the District in the CIP will provide facilities that benefit certain property within the District. The CIP is delineated in the Engineer's Report. Specifically, the District may construct and/or acquire certain General Improvements (mobilization, as-builts, survey, layout, erosion control), Earthworks Improvements (stormwater pond excavation, sod and dewatering), Concrete Improvements (curbs, gutter, sidewalk, ADA ramp, drive apron) Onsite Paving Improvements (asphalt, soil cement base, subgrade), Stormwater Improvements (pipes, drainage structures, control structures, outfalls, pipe dewatering), Potable Water Distribution Improvements (pipes, fittings, valves, testing), Sanitary Sewer System Improvements (lift stations, pipes, fittings, valves, landscape/hardscape), and professional fees and inspection survey testing. The acquisition and construction costs are summarized in Table 2.

The assessment methodology is a four-step process.

1. The District Engineer must first determine the public infrastructure improvements and services that may be provided by the District and the costs to implement the CIP.
2. The District Engineer determines the assessable acres that benefit from the District's CIP.
3. A calculation is made to determine the funding amounts necessary to acquire and/or construct CIP.
4. This amount is initially divided equally among the benefited properties on a prorated gross acreage basis. Ultimately, as land is platted, this amount will be assigned to each of the benefited properties based on the number of platted units.

1.3 Special Benefits and General Benefits

Improvements undertaken by the District create special and peculiar benefits to the property, different in kind and degree than general benefits, for properties within its borders as well as general benefits to the public at large.

However, as discussed within this Assessment Report, these general benefits are incidental in nature and are readily distinguishable from the special and peculiar benefits, which accrue to property within the District. The implementation of the CIP enables properties within its boundaries to be developed. Without the District's CIP, there would be no infrastructure to support development of land within the District. Without these improvements, development of the property within the District would be prohibited by law.

There is no doubt that the general public and property owners outside the District will benefit from the provision of the District's CIP. However, these benefits will be incidental to the District's CIP, which is designed solely to meet the needs of property

within the District. Properties outside the District boundaries do not depend upon the District's CIP. The property owners within are therefore receiving special benefits not received by those outside the District's boundaries.

1.4 Requirements of a Valid Assessment Methodology

There are two requirements under Florida law for a valid special assessment:

- 1) The properties must receive a special benefit from the improvements being paid for.
- 2) The assessments must be fairly and reasonably allocated to the properties being assessed.

Florida law provides for a wide application of special assessments that meet these two characteristics of special assessments.

1.5 Special Benefits Exceed the Costs Allocated

The special benefits provided to the property owners within the District are greater than the costs associated with providing these benefits. The District Engineer estimates that the District's CIP that is necessary to support full development of property within Assessment Area Two will cost approximately \$7,046,360. The District's Underwriter projects that financing costs required to fund the infrastructure improvements, including project costs, the cost of issuance of the Bonds, the funding of debt service reserves and capitalized interest, will be \$11,955,000. Additionally, funding required to complete the CIP is anticipated to be funded by Developer. Without the CIP, the property would not be able to be developed and occupied by future residents of the community.

2.0 Assessment Methodology

2.1 Overview

The District is planning to issue \$11,955,000 in Bonds to fund the District's CIP for Assessment Area Two, provide for capitalized interest, a debt service reserve account and cost of issuance. It is the purpose of this Assessment Report to allocate the \$11,955,000 in debt to the properties benefiting from the CIP.

Table 1 identifies the land uses as identified by the Developer and current landowners of the land within the District. The District has a proposed Engineer's Report for the CIP needed to support the AA2 Development Program, these construction costs are outlined in Table 2. The improvements needed to support the AA2 Development Program are described in detail in the Engineer's Report and are estimated to cost \$7,046,360. Based on the estimated costs, the size of the bond issue under current

market conditions needed to generate funds to pay for the Project and related costs was determined by the District's Underwriter to total \$11,955,000. Table 3 shows the breakdown of the bond sizing.

2.2 Allocation of Debt

Allocation of debt is a continuous process until the development plan is completed. The CIP funded by District bonds benefits all developable acres within Assessment Area Two of the District.

The initial assessments will be levied on an equal basis to all acres within Assessment Area Two of the District. A fair and reasonable methodology allocates the debt incurred by the District proportionately to the properties receiving the special benefits. At this point all of the lands within Assessment Area Two of the District are benefiting from the improvements.

Once platting or the recording of declaration of condominium, ("Assigned Properties") has begun, the assessments will be levied to the Assigned Properties based on the benefits they receive. The Unassigned Properties, defined as property that has not been platted, assigned development rights or subjected to a declaration of condominium, will continue to be assessed on a per acre basis ("Unassigned Properties"). Eventually the Assessment Area Two Development Program will be completed and the debt relating to the Bonds will be allocated to the planned approximately 203 short term rental units (89 detached/114 attached) within the District, which are the beneficiaries of the CIP, as depicted in Table 5 and Table 6. If there are changes to development plan, a true up of the assessment will be calculated to determine if a debt reduction or true-up payment from the Developer is required. The process is outlined in Section 3.0

The assignment of debt in this Assessment Report sets forth the process by which debt is apportioned. As mentioned herein, this Assessment Report will be supplemented from time to time.

2.3 Allocation of Benefit

The CIP consists of General Improvements (mobilization, as-builts, survey, layout, erosion control), Earthworks Improvements (stormwater pond excavation, sod and dewatering), Concrete Improvements (curbs, gutter, sidewalk, ADA ramp, drive apron) Onsite Paving Improvements (asphalt, soil cement base, subgrade), Stormwater Improvements (pipes, drainage structures, control structures, outfalls, pipe dewatering), Potable Water Distribution Improvements (pipes, fittings, valves, testing), Sanitary Sewer System Improvements (lift stations, pipes, fittings, valves, landscape/hardscape), and professional fees and inspection survey testing. There are three residential product types within the planned development as reflected in Table

1. The CIP is reflected in Table 2. For purposes of the Assessment Report, the CIP is treated as a system of improvements. As such, all properties within the boundaries of the District benefit equally (based on their respective ERU factors) from the improvements. Therefore, in order to properly allocate the benefit to the product types in the AA2 Development Program, we divide the total CIP for Assessment Area One and Assessment Area Two by the total number of ERUs. The CIP reflected in Table 2 shows the improvements proposed to be constructed in each assessment area. Table 4 shows the allocation of benefit to the particular land uses. It is important to note that the benefit derived from the improvements will be equal to or greater than costs that the units pay for such improvements.

2.4 Lienability Test: Special and Peculiar Benefit to the Property

Construction and/or acquisition by the District of its proposed CIP will provide several types of systems, facilities and services for its residents. These include General Improvements (mobilization, as-builts, survey, layout, erosion control), Earthworks Improvements (stormwater pond excavation, sod and dewatering), Concrete Improvements (curbs, gutter, sidewalk, ADA ramp, drive apron) Onsite Paving Improvements (asphalt, soil cement base, subgrade), Stormwater Improvements (pipes, drainage structures, control structures, outfalls, pipe dewatering), Potable Water Distribution Improvements (pipes, fittings, valves, testing), Sanitary Sewer System Improvements (lift stations, pipes, fittings, valves, landscape/hardscape), and professional fees and inspection survey testing. These improvements accrue in differing amounts and are somewhat dependent on the type of land use receiving the special benefits peculiar to those properties, which flow from the logical relationship of the improvements to the properties.

For the provision of CIP, the special and peculiar benefits are:

- 1) the added use of the property,
- 2) added enjoyment of the property, and
- 3) the probability of increased marketability and value of the property.

These special and peculiar benefits are real and ascertainable but are not yet capable of being calculated as to value with mathematical certainty. However, each is more valuable than either the cost of, or the actual non-ad valorem special assessment levied for the improvement or the debt as allocated.

2.5 Lienability Test: Reasonable and Fair Apportionment of the Duty to Pay Non-Ad Valorem Assessments

A reasonable estimate of the proportion of special and peculiar benefits received from the public improvements described in the Engineer's Report is delineated in Table 5 (expressed as Allocation of Par Debt per Product Type).

The determination has been made that the duty to pay the non-ad valorem special assessments is fairly and reasonably apportioned because the special and peculiar benefits to the property derived from the acquisition and/or construction of the District's CIP have been apportioned to the property according to reasonable estimates of the special and peculiar benefits provided consistent with the land use categories.

Accordingly, no acre or parcel of property within the boundaries of the District will have a lien for the payment of any non-ad valorem special assessment more than the determined special benefit peculiar to that property and therefore, the debt allocation will not be increased more than the debt allocation set forth in this Assessment Report.

In accordance with the benefit allocation suggested for the product types in Table 4, a total debt per unit and an annual assessment per unit have been calculated for each product type (Table 6). These amounts represent the preliminary anticipated per unit debt allocation assuming all anticipated units are built and sold as planned, and the entire proposed CIP is developed or acquired and financed by the District.

3.0 True Up Mechanism

Although the District does not process plats, declaration of condominiums, site plans or revisions thereto for the Developer, it does have an important role to play during the course of platting and site planning. Whenever a plat, declaration of condominium or site plan is processed, the District must allocate a portion of its debt to the property according to this Assessment Report outlined herein. In addition, the District must also prevent any buildup of debt on Unassigned Property. Otherwise, the land could be fully conveyed and/or platted without all of the debt being allocated. To preclude this, at the time Unassigned Properties become Assigned Properties, the District will determine the amount of anticipated assessment revenue that remains on the Unassigned Properties, taking into account the proposed plat, or site plan approval. If the total anticipated assessment revenue to be generated from the Assigned and Unassigned Properties is greater than or equal to the maximum annual debt service, then no adjustment is required. In the case that the revenue generated is less than the required amount then a debt reduction or true-up payment by the landowner in the amount necessary to reduce the par amount of the outstanding bonds to a level that will be supported by the new net annual debt service assessments will be required.

4.0 Assessment Roll

The District will initially distribute the liens across the property within Assessment Area Two of the District boundaries on a gross acreage basis. As Assigned Property becomes known with certainty, the District will refine its allocation of debt from a per acre basis to a per unit basis as shown in Table 6. If the land use plan changes, then

the District will update Table 6 to reflect the changes. As a result, the assessment liens are neither fixed nor are they determinable with certainty on any acre of land in the District prior to the time final Assigned Properties become known. At this time the debt associated with the District's CIP will be distributed evenly across the acres of Assessment Area Two of the District. As the development process occurs, the debt will be distributed against the Assigned Property in the manner described in this Assessment Report. The current assessment roll is depicted in Table 7.

Section 1 Introduction

1.1 Location and General Description

The proposed development Grande Pines Golf Course Redevelopment project, the “Development” is located on Parcel 11D within Orangewood Neighborhood N-2 PD, west of International Drive and approximately one-half mile south of Central Florida Parkway, in Orange County, Florida. See Exhibit 1, Location Map. The total project consists of a proposed 385 single family short term rental houses (216 detached units/169 attached townhome units), and a conservation area, on 118.79 acres (Includes wetland W-1). The governing municipalities for this project are the South Florida Water Management District (SFWMD), the Valencia Water Control District (VWCD) and Orange County.

1.2 District Purpose and Scope

The District was established for the purpose of financing, acquiring or constructing, maintaining and operating a portion of the public infrastructure necessary for community development within the District. The purpose of this report is to provide a description of the public infrastructure improvements financed and to be financed by the District. The District has and will finance, acquire and/or, construct, operate, and maintain certain public infrastructure improvements that are needed to serve the Development. A portion of the infrastructure improvements will be financed with the proceeds of bonds issued by the District.

The proposed public infrastructure improvements, as outlined herein, are necessary for the development of the District as required by the applicable independent unit of local government.

1.3 Description of Land Use

The lands within the District encompass approximately 118.79 acres. Based on the PD the land use is mixed use and development program for the property within the District allows for construction of 507 short term rental units (331 detached/176 attached units). The approved land uses within the District include the following areas. Please see attached Exhibits that provide detail on land use locations and the development program.

Proposed Development	Approximate Acres
Mixed Use (Short Term Rental Units)	106.78
Conservation	12.01

Section 2 Government Actions

The following are the permitting agencies that will have jurisdiction for approval of construction within the District. Depending on the location and scope of each project design, the individual permits that need to be obtained will need to be evaluated; not all will necessarily apply to every sub-phase within the District.

7. Florida Fish and Wildlife Conservation Commission (FWC)

Please refer to Exhibit 17 for a detailed summary of the permits obtained or under review within the Development as a whole and/or District alone. It is our opinion that there are no technical reasons existing at this time which would prohibit the implementation of the capital improvements for the District and the public infrastructure as presented herein and that all permits not issued, which are necessary for the District and public infrastructure to proceed, will be obtained during the ordinary course of development.

Section 3 Infrastructure Benefit

The District will fund, and in certain cases maintain and operate public infrastructure yielding public benefits. The project wide public benefits are provided by infrastructure improvements that serve all lands in the District. These public infrastructure improvements include construction of the master stormwater

management system, the sanitary sewer, potable water, and reclaimed water mains, roadway network, perimeter landscape, hardscape and irrigation improvements.

The proposed capital improvements identified in this report are intended to provide specific benefit to the assessable real property within the boundaries of the District. As the property is currently undeveloped, the construction and maintenance of the proposed infrastructure improvements are necessary and will benefit the property for the intended use as a mixed use community. The District can construct, acquire, own, operate and/or maintain any or all of the proposed infrastructure. The Developer or other party/parties will construct and fund the infrastructure outside of the District and/or not funded by the District.

Section 4 Capital Improvement Plan

The District capital improvements will connect and interact with the adjacent offsite roads, stormwater management systems, potable water, reclaimed water, and sewer systems. The proposed infrastructure improvements addressed by this report include elements internal and external to the District. The elements include the master stormwater management and drainage systems, as well as potable watermain, reclaimed watermain and sewer extensions required to provide utility service to the District. Detailed descriptions of the proposed capital improvements are provided in the following sections and Exhibits 7 through 11. Exhibit 16, details the Cost Opinion for the District's capital improvement plan.

The Capital Improvement Plan will be constructed and financed in logical segments, as property within Phases 1, 2 and 4 is developed by Park Square Grande Pines, LLC and property within Phases 3 and 5 is developed by Park Square Grande Pines Phase 2, LLC (collectively, the Developer). There may, however, be certain developer obligations under permits or agreements, including offsite improvements, that the Developer will be obligated to complete even if the remaining portions of the Capital Improvement Plan are not completed.

Section 5 Description of Capital Improvement Plan

5.1 Roadway Improvements

The District may fund roadway construction internal to the District consisting of local roadways and/or offsite roadway improvements. A manned guard house will provide public access to the proposed roadways making them open to the public.

5.2 Stormwater Management

The District will fund the construction of the master stormwater management system for the lands within the District. This system is made up of wet detention stormwater treatment ponds, control structures, spreader swales, inlets, manholes and storm pipes. The proposed ponds and outfall structures have been designed to provide water quality treatment and attenuation in accordance with Orange County and South Florida Water Management District regulations. The stormwater management system has been designed to accommodate on-site runoff in addition to offsite flows which have historically entered the project site. Exhibit 6, Post-Development Conditions Basin Map and Exhibit 7, Stormwater Management Map, provide graphical representations of the proposed stormwater management system.

5.3 100-Year Floodplain

Pursuant to the Federal Emergency Management Agency's (FEMA) Flood Insurance Rate Map (FIRM)

panel 12097C0415F dated September 25, 2009. The back of several lots proposed in Phase 3 are adjacent to “Lake 10” which Zone A. Areas within Zone A are identified as within the 100-year floodplain but with an undetermined elevation. All other areas in the project are located within Zone X and are designated by FEMA as areas of minimal flood hazard; Exhibit 8, FEMA 100-Year Floodplain details the floodplain limits relative to the District boundaries.

Any filled areas below the 100-year flood elevation will result in impacts which will require mitigation in the form of a volume-for-volume match between floodplain impacts and compensating storage. Detailed floodplain fill impact and compensating storage calculations will be prepared with final engineering for Phase 3. After fill has been placed, survey elevations will be required and a Letter of Map Revision based on fill LOMR-F is recommended to receive final approval from FEMA that Development areas are located outside of Zone AE and therefore removed from the 100-year floodplain. The District capital improvement costs for fill are associated only with District capital improvements.

5.4 Potable Water, Reclaimed Water, & Wastewater Utilities

Potable water service for the Development will be provided by Orange County Utilities (OCU). A Master Utility Plan (MUP) was approved by Orange County on 8/14/19. The MUP utilities infrastructure design for the Development includes four phases, a revision is anticipated to update the MUP to reflect the project construction in 5 phases. Points of connection for the Development are located along existing International Drive. Existing utilities at the point of connection include 24” watermain, 24” reclaimed watermain, and 12” force main.

5.4.1 Potable Water Distribution System

The District will fund the construction of the water distribution system within the District. The potable water system will be conveyed to, and owned and maintained by OCU once it has been certified complete. The main sizing within the District will be required to be designed and constructed based on the approved MUP. Exhibit 9, Potable Water Distribution Plan, provides a graphical representation of the water mains to be constructed within the District.

5.4.2 Reclaimed Water Distribution System

The District will fund the construction of the reclaimed water distribution system within the District. The reclaimed water system will be conveyed to, and owned and maintained by OCU once it has been certified complete by the District. The main sizing within the District will be required to be designed and constructed based on the approved MUP. Exhibit 10, Reclaimed Water Distribution Plan, provides a graphical representation of the proposed system within the District.

5.4.3 Wastewater System

The District will fund the construction of the gravity sewer, forcemain, and lift station infrastructure within the District. The wastewater system will be conveyed to, and owned and maintained by OCU once it has been certified complete by the District. The main sizing and lift stations within the District will be required to be designed and constructed based on the approved MUP. Exhibit 11, Wastewater System Map, provides a graphical representation of the proposed system within the District.

5.5 Landscape & Hardscape

The District may fund landscape and hardscape construction and maintenance which may include perimeter

landscape buffers, master signage, way finding signage, entry hardscape features, entry landscape, and street trees. The District may own and maintain foregoing improvements.

5.6 *Electrical Distribution and Street Lights*

The District may fund the cost to underground electric service to the District. The District may fund the installation, leasing, and/or monthly service charges associated with the upgraded street lighting fixtures along CDD owned and maintained roadways within the District. Duke Energy will own and maintain the electric and street light infrastructure.

5.7 *Professional and Inspection Fees*

In order to design, permit, and construct the proposed District capital improvement plan, professional services are required by various consultants. The consultants include, but are not limited to: civil engineer, geotechnical, planner, environmental, surveying, and landscape architect. During construction, the various permitting agencies will observe and inspect the project. Each of the agencies will charge an inspection fee to cover the costs associated with an inspector visiting the site to observe construction progress and confirm that the project is constructed in accordance with their respective approved plans, permits, rules, and regulations. A proportionate share of the Professional Services and Inspections Fees may be included in the costs for the District capital improvement plan.

5.8 *Construction Schedule*

The following is the anticipated schedule for the entitlements necessary for the District and construction of the District's capital improvement plans.

Real property interests for lands within the District needed for construction, operation, and maintenance of District facilities have been or will be conveyed and/or dedicated by the owner thereof to the District or other public entity at no cost.

Section 8 Estimate of Probable Capital Improvement Costs

The Estimate of Probable Capital Improvement Plan Costs is provided in Exhibit 16. The construction costs included apply to the roadways, stormwater management system, utilities, landscaping, and hardscape construction cost. Please note that the costs are preliminary in nature and subject to change based on final engineering, permitting, and changes in construction cost due to market fluctuation.

Section 9 Conclusions and Summary Opinion

The capital improvement plan infrastructure improvements as described are necessary for the functional development of the property within the District as required by the applicable local governmental agencies. The planning and design of the infrastructure has been and will be in accordance with current governmental regulatory requirements. The public infrastructure as described in this report serves/will serve its intended function provided the construction is in substantial compliance with the future design and permits which will be required by the District. In addition to the annual non-ad valorem assessments to be levied and collected to pay debt service on the proposed bonds, the District will levy and collect an annual "Operating and Maintenance" assessment to be determined, assessed and levied by the District's Board of Supervisors upon the assessable real property within the District, for the purpose of defraying the cost and expenses of maintaining District-owned improvements.

The construction costs for the District's capital improvement plan in this report are based on the Preliminary Subdivision Plan (February 2020 Revision) and Final Engineering Design for Phases 1 and 2 for the District.

In our professional opinion, and to the best of our knowledge and belief, the costs provided herein for the District are reasonable to complete the construction of the infrastructure improvements described herein. All of the proposed infrastructure capital improvement plan costs are public improvements or community facilities as set forth in sections 190.012(1) and (2) of the Florida Statutes.

The summary of probable infrastructure construction costs is only an opinion and not a guaranteed maximum price. Historical costs, actual bids and information from other professionals or contractors have been used in the preparation of this report. Contractors who have contributed in providing the cost data included in this report are reputable entities with experience in Central Florida. It is therefore our opinion that the construction of the proposed District capital improvement plan can be completed at the costs as stated.

The labor market, future costs of equipment and materials, increased regulatory actions and requirements, and the actual construction process are all beyond our control. Due to this inherent opportunity for fluctuation in cost, the total final cost may be more or less than this opinion.

Similarly, GMS-CF, LLC does not provide the Grande Pines Community Development District with financial advisory services or offer investment advice in any form.

1.0 Introduction

The Grande Pines Community Development District is a local unit of special-purpose government organized and existing under Chapter 190, Florida Statutes (the “District”), as amended. The District plans to issue approximately \$11,955,000 of tax exempt bonds in one or more series (the “Bonds”) for the purpose of financing certain infrastructure improvements within an assessment area within the District, more specifically “Assessment Area Two” described in the Master Engineer’s Report dated February 19, 2024 prepared by Poulos & Bennett as may be amended and supplemented from time to time (the “Engineer’s Report”). The District anticipates the construction of infrastructure improvements consisting of improvements that benefit property owners within the District.

1.1 Purpose

This Master Assessment Methodology Report (the “Assessment Report”) provides for an assessment methodology for allocating the debt to be incurred by the District to benefiting properties within the District. The Assessment Report allocates the debt to properties based on the special benefits each receives from the Capital Improvement Plan (“CIP”). This Assessment Report will be supplemented with one or more supplemental methodology reports to reflect the actual terms and conditions at the time of the issuance of each series of Bonds. This Assessment Report is designed to conform to the requirements of Chapters 190 and 170, Florida Statutes with respect to special assessments and is consistent with our understanding of case law on this subject.

The District intends to impose non-ad valorem special assessments on the benefited lands within the District based on this Assessment Report. It is anticipated that all of the proposed special assessments will be collected through the Uniform Method of Collection described in Chapter 197.3632, Florida Statutes or any other legal means available to the District. It is not the intent of this Assessment Report to address any other assessments, if applicable, that may be levied by the District, a homeowner’s association, or any other unit of government.

1.2 Background

The District currently includes approximately 118.79 acres in Orange County, Florida. Assessment Area Two contains approximately 44.73 acres within the District. The development plan for the entire district is 385 residential units (216 detached/169 attached). The development plan for Assessment Area Two envisions approximately 203 short term rental units (89 detached/114 attached) (herein the “Assessment Area Two Development Program” or “AA2 Development Program”). The proposed Assessment Area 2 Development Program is depicted in Table 1. It is recognized that such land use plan may change, and this report will be modified accordingly.

The improvements contemplated by the District in the CIP will provide facilities that benefit certain property within the District. The CIP is delineated in the Engineer's Report. Specifically, the District may construct and/or acquire certain General Improvements (mobilization, as-builts, survey, layout, erosion control), Earthworks Improvements (stormwater pond excavation, sod and dewatering), Concrete Improvements (curbs, gutter, sidewalk, ADA ramp, drive apron) Onsite Paving Improvements (asphalt, soil cement base, subgrade), Stormwater Improvements (pipes, drainage structures, control structures, outfalls, pipe dewatering), Potable Water Distribution Improvements (pipes, fittings, valves, testing), Sanitary Sewer System Improvements (lift stations, pipes, fittings, valves, landscape/hardscape), and professional fees and inspection survey testing. The acquisition and construction costs are summarized in Table 2.

The assessment methodology is a four-step process.

1. The District Engineer must first determine the public infrastructure improvements and services that may be provided by the District and the costs to implement the CIP.
2. The District Engineer determines the assessable acres that benefit from the District's CIP.
3. A calculation is made to determine the funding amounts necessary to acquire and/or construct CIP.
4. This amount is initially divided equally among the benefited properties on a prorated gross acreage basis. Ultimately, as land is platted, this amount will be assigned to each of the benefited properties based on the number of platted units.

1.3 Special Benefits and General Benefits

Improvements undertaken by the District create special and peculiar benefits to the property, different in kind and degree than general benefits, for properties within its borders as well as general benefits to the public at large.

However, as discussed within this Assessment Report, these general benefits are incidental in nature and are readily distinguishable from the special and peculiar benefits, which accrue to property within the District. The implementation of the CIP enables properties within its boundaries to be developed. Without the District's CIP, there would be no infrastructure to support development of land within the District. Without these improvements, development of the property within the District would be prohibited by law.

There is no doubt that the general public and property owners outside the District will benefit from the provision of the District's CIP. However, these benefits will be incidental to the District's CIP, which is designed solely to meet the needs of property

within the District. Properties outside the District boundaries do not depend upon the District's CIP. The property owners within are therefore receiving special benefits not received by those outside the District's boundaries.

1.4 Requirements of a Valid Assessment Methodology

There are two requirements under Florida law for a valid special assessment:

- 1) The properties must receive a special benefit from the improvements being paid for.
- 2) The assessments must be fairly and reasonably allocated to the properties being assessed.

Florida law provides for a wide application of special assessments that meet these two characteristics of special assessments.

1.5 Special Benefits Exceed the Costs Allocated

The special benefits provided to the property owners within the District are greater than the costs associated with providing these benefits. The District Engineer estimates that the District's CIP that is necessary to support full development of property within Assessment Area Two will cost approximately \$7,046,360. The District's Underwriter projects that financing costs required to fund the infrastructure improvements, including project costs, the cost of issuance of the Bonds, the funding of debt service reserves and capitalized interest, will be \$11,955,000. Additionally, funding required to complete the CIP is anticipated to be funded by Developer. Without the CIP, the property would not be able to be developed and occupied by future residents of the community.

2.0 Assessment Methodology

2.1 Overview

The District is planning to issue \$11,955,000 in Bonds to fund the District's CIP for Assessment Area Two, provide for capitalized interest, a debt service reserve account and cost of issuance. It is the purpose of this Assessment Report to allocate the \$11,955,000 in debt to the properties benefiting from the CIP.

Table 1 identifies the land uses as identified by the Developer and current landowners of the land within the District. The District has a proposed Engineer's Report for the CIP needed to support the AA2 Development Program, these construction costs are outlined in Table 2. The improvements needed to support the AA2 Development Program are described in detail in the Engineer's Report and are estimated to cost \$7,046,360. Based on the estimated costs, the size of the bond issue under current

market conditions needed to generate funds to pay for the Project and related costs was determined by the District's Underwriter to total \$11,955,000. Table 3 shows the breakdown of the bond sizing.

2.2 Allocation of Debt

Allocation of debt is a continuous process until the development plan is completed. The CIP funded by District bonds benefits all developable acres within Assessment Area Two of the District.

The initial assessments will be levied on an equal basis to all acres within Assessment Area Two of the District. A fair and reasonable methodology allocates the debt incurred by the District proportionately to the properties receiving the special benefits. At this point all of the lands within Assessment Area Two of the District are benefiting from the improvements.

Once platting or the recording of declaration of condominium, ("Assigned Properties") has begun, the assessments will be levied to the Assigned Properties based on the benefits they receive. The Unassigned Properties, defined as property that has not been platted, assigned development rights or subjected to a declaration of condominium, will continue to be assessed on a per acre basis ("Unassigned Properties"). Eventually the Assessment Area Two Development Program will be completed and the debt relating to the Bonds will be allocated to the planned approximately 203 short term rental units (89 detached/114 attached) within the District, which are the beneficiaries of the CIP, as depicted in Table 5 and Table 6. If there are changes to development plan, a true up of the assessment will be calculated to determine if a debt reduction or true-up payment from the Developer is required. The process is outlined in Section 3.0

The assignment of debt in this Assessment Report sets forth the process by which debt is apportioned. As mentioned herein, this Assessment Report will be supplemented from time to time.

2.3 Allocation of Benefit

The CIP consists of General Improvements (mobilization, as-builts, survey, layout, erosion control), Earthworks Improvements (stormwater pond excavation, sod and dewatering), Concrete Improvements (curbs, gutter, sidewalk, ADA ramp, drive apron) Onsite Paving Improvements (asphalt, soil cement base, subgrade), Stormwater Improvements (pipes, drainage structures, control structures, outfalls, pipe dewatering), Potable Water Distribution Improvements (pipes, fittings, valves, testing), Sanitary Sewer System Improvements (lift stations, pipes, fittings, valves, landscape/hardscape), and professional fees and inspection survey testing. There are three residential product types within the planned development as reflected in Table

1. The CIP is reflected in Table 2. For purposes of the Assessment Report, the CIP is treated as a system of improvements. As such, all properties within the boundaries of the District benefit equally (based on their respective ERU factors) from the improvements. Therefore, in order to properly allocate the benefit to the product types in the AA2 Development Program, we divide the total CIP for Assessment Area One and Assessment Area Two by the total number of ERUs. The CIP reflected in Table 2 shows the improvements proposed to be constructed in each assessment area. Table 4 shows the allocation of benefit to the particular land uses. It is important to note that the benefit derived from the improvements will be equal to or greater than costs that the units pay for such improvements.

2.4 Lienability Test: Special and Peculiar Benefit to the Property

Construction and/or acquisition by the District of its proposed CIP will provide several types of systems, facilities and services for its residents. These include General Improvements (mobilization, as-builts, survey, layout, erosion control), Earthworks Improvements (stormwater pond excavation, sod and dewatering), Concrete Improvements (curbs, gutter, sidewalk, ADA ramp, drive apron) Onsite Paving Improvements (asphalt, soil cement base, subgrade), Stormwater Improvements (pipes, drainage structures, control structures, outfalls, pipe dewatering), Potable Water Distribution Improvements (pipes, fittings, valves, testing), Sanitary Sewer System Improvements (lift stations, pipes, fittings, valves, landscape/hardscape), and professional fees and inspection survey testing. These improvements accrue in differing amounts and are somewhat dependent on the type of land use receiving the special benefits peculiar to those properties, which flow from the logical relationship of the improvements to the properties.

For the provision of CIP, the special and peculiar benefits are:

- 1) the added use of the property,
- 2) added enjoyment of the property, and
- 3) the probability of increased marketability and value of the property.

These special and peculiar benefits are real and ascertainable but are not yet capable of being calculated as to value with mathematical certainty. However, each is more valuable than either the cost of, or the actual non-ad valorem special assessment levied for the improvement or the debt as allocated.

2.5 Lienability Test: Reasonable and Fair Apportionment of the Duty to Pay Non-Ad Valorem Assessments

A reasonable estimate of the proportion of special and peculiar benefits received from the public improvements described in the Engineer's Report is delineated in Table 5 (expressed as Allocation of Par Debt per Product Type).

The determination has been made that the duty to pay the non-ad valorem special assessments is fairly and reasonably apportioned because the special and peculiar benefits to the property derived from the acquisition and/or construction of the District's CIP have been apportioned to the property according to reasonable estimates of the special and peculiar benefits provided consistent with the land use categories.

Accordingly, no acre or parcel of property within the boundaries of the District will have a lien for the payment of any non-ad valorem special assessment more than the determined special benefit peculiar to that property and therefore, the debt allocation will not be increased more than the debt allocation set forth in this Assessment Report.

In accordance with the benefit allocation suggested for the product types in Table 4, a total debt per unit and an annual assessment per unit have been calculated for each product type (Table 6). These amounts represent the preliminary anticipated per unit debt allocation assuming all anticipated units are built and sold as planned, and the entire proposed CIP is developed or acquired and financed by the District.

3.0 True Up Mechanism

Although the District does not process plats, declaration of condominiums, site plans or revisions thereto for the Developer, it does have an important role to play during the course of platting and site planning. Whenever a plat, declaration of condominium or site plan is processed, the District must allocate a portion of its debt to the property according to this Assessment Report outlined herein. In addition, the District must also prevent any buildup of debt on Unassigned Property. Otherwise, the land could be fully conveyed and/or platted without all of the debt being allocated. To preclude this, at the time Unassigned Properties become Assigned Properties, the District will determine the amount of anticipated assessment revenue that remains on the Unassigned Properties, taking into account the proposed plat, or site plan approval. If the total anticipated assessment revenue to be generated from the Assigned and Unassigned Properties is greater than or equal to the maximum annual debt service, then no adjustment is required. In the case that the revenue generated is less than the required amount then a debt reduction or true-up payment by the landowner in the amount necessary to reduce the par amount of the outstanding bonds to a level that will be supported by the new net annual debt service assessments will be required.

4.0 Assessment Roll

The District will initially distribute the liens across the property within Assessment Area Two of the District boundaries on a gross acreage basis. As Assigned Property becomes known with certainty, the District will refine its allocation of debt from a per acre basis to a per unit basis as shown in Table 6. If the land use plan changes, then

the District will update Table 6 to reflect the changes. As a result, the assessment liens are neither fixed nor are they determinable with certainty on any acre of land in the District prior to the time final Assigned Properties become known. At this time the debt associated with the District's CIP will be distributed evenly across the acres of Assessment Area Two of the District. As the development process occurs, the debt will be distributed against the Assigned Property in the manner described in this Assessment Report. The current assessment roll is depicted in Table 7.

Similarly, GMS-CF, LLC does not provide the Grande Pines Community Development District with financial advisory services or offer investment advice in any form.

1.0 Introduction

The Grande Pines Community Development District is a local unit of special-purpose government organized and existing under Chapter 190, Florida Statutes (the “District”), as amended. The District plans to issue approximately \$11,955,000 of tax exempt bonds in one or more series (the “Bonds”) for the purpose of financing certain infrastructure improvements within an assessment area within the District, more specifically “Assessment Area Two” described in the Master Engineer’s Report dated February 19, 2024 prepared by Poulos & Bennett as may be amended and supplemented from time to time (the “Engineer’s Report”). The District anticipates the construction of infrastructure improvements consisting of improvements that benefit property owners within the District.

1.1 Purpose

This Master Assessment Methodology Report (the “Assessment Report”) provides for an assessment methodology for allocating the debt to be incurred by the District to benefiting properties within the District. The Assessment Report allocates the debt to properties based on the special benefits each receives from the Capital Improvement Plan (“CIP”). This Assessment Report will be supplemented with one or more supplemental methodology reports to reflect the actual terms and conditions at the time of the issuance of each series of Bonds. This Assessment Report is designed to conform to the requirements of Chapters 190 and 170, Florida Statutes with respect to special assessments and is consistent with our understanding of case law on this subject.

The District intends to impose non-ad valorem special assessments on the benefited lands within the District based on this Assessment Report. It is anticipated that all of the proposed special assessments will be collected through the Uniform Method of Collection described in Chapter 197.3632, Florida Statutes or any other legal means available to the District. It is not the intent of this Assessment Report to address any other assessments, if applicable, that may be levied by the District, a homeowner’s association, or any other unit of government.

1.2 Background

The District currently includes approximately 118.79 acres in Orange County, Florida. Assessment Area Two contains approximately 44.73 acres within the District. The development plan for the entire district is 385 residential units (216 detached/169 attached). The development plan for Assessment Area Two envisions approximately 203 short term rental units (89 detached/114 attached) (herein the “Assessment Area Two Development Program” or “AA2 Development Program”). The proposed Assessment Area 2 Development Program is depicted in Table 1. It is recognized that such land use plan may change, and this report will be modified accordingly.

The improvements contemplated by the District in the CIP will provide facilities that benefit certain property within the District. The CIP is delineated in the Engineer's Report. Specifically, the District may construct and/or acquire certain General Improvements (mobilization, as-builts, survey, layout, erosion control), Earthworks Improvements (stormwater pond excavation, sod and dewatering), Concrete Improvements (curbs, gutter, sidewalk, ADA ramp, drive apron) Onsite Paving Improvements (asphalt, soil cement base, subgrade), Stormwater Improvements (pipes, drainage structures, control structures, outfalls, pipe dewatering), Potable Water Distribution Improvements (pipes, fittings, valves, testing), Sanitary Sewer System Improvements (lift stations, pipes, fittings, valves, landscape/hardscape), and professional fees and inspection survey testing. The acquisition and construction costs are summarized in Table 2.

The assessment methodology is a four-step process.

1. The District Engineer must first determine the public infrastructure improvements and services that may be provided by the District and the costs to implement the CIP.
2. The District Engineer determines the assessable acres that benefit from the District's CIP.
3. A calculation is made to determine the funding amounts necessary to acquire and/or construct CIP.
4. This amount is initially divided equally among the benefited properties on a prorated gross acreage basis. Ultimately, as land is platted, this amount will be assigned to each of the benefited properties based on the number of platted units.

1.3 Special Benefits and General Benefits

Improvements undertaken by the District create special and peculiar benefits to the property, different in kind and degree than general benefits, for properties within its borders as well as general benefits to the public at large.

However, as discussed within this Assessment Report, these general benefits are incidental in nature and are readily distinguishable from the special and peculiar benefits, which accrue to property within the District. The implementation of the CIP enables properties within its boundaries to be developed. Without the District's CIP, there would be no infrastructure to support development of land within the District. Without these improvements, development of the property within the District would be prohibited by law.

There is no doubt that the general public and property owners outside the District will benefit from the provision of the District's CIP. However, these benefits will be incidental to the District's CIP, which is designed solely to meet the needs of property

within the District. Properties outside the District boundaries do not depend upon the District's CIP. The property owners within are therefore receiving special benefits not received by those outside the District's boundaries.

1.4 Requirements of a Valid Assessment Methodology

There are two requirements under Florida law for a valid special assessment:

- 1) The properties must receive a special benefit from the improvements being paid for.
- 2) The assessments must be fairly and reasonably allocated to the properties being assessed.

Florida law provides for a wide application of special assessments that meet these two characteristics of special assessments.

1.5 Special Benefits Exceed the Costs Allocated

The special benefits provided to the property owners within the District are greater than the costs associated with providing these benefits. The District Engineer estimates that the District's CIP that is necessary to support full development of property within Assessment Area Two will cost approximately \$7,046,360. The District's Underwriter projects that financing costs required to fund the infrastructure improvements, including project costs, the cost of issuance of the Bonds, the funding of debt service reserves and capitalized interest, will be \$11,955,000. Additionally, funding required to complete the CIP is anticipated to be funded by Developer. Without the CIP, the property would not be able to be developed and occupied by future residents of the community.

2.0 Assessment Methodology

2.1 Overview

The District is planning to issue \$11,955,000 in Bonds to fund the District's CIP for Assessment Area Two, provide for capitalized interest, a debt service reserve account and cost of issuance. It is the purpose of this Assessment Report to allocate the \$11,955,000 in debt to the properties benefiting from the CIP.

Table 1 identifies the land uses as identified by the Developer and current landowners of the land within the District. The District has a proposed Engineer's Report for the CIP needed to support the AA2 Development Program, these construction costs are outlined in Table 2. The improvements needed to support the AA2 Development Program are described in detail in the Engineer's Report and are estimated to cost \$7,046,360. Based on the estimated costs, the size of the bond issue under current

market conditions needed to generate funds to pay for the Project and related costs was determined by the District's Underwriter to total \$11,955,000. Table 3 shows the breakdown of the bond sizing.

2.2 Allocation of Debt

Allocation of debt is a continuous process until the development plan is completed. The CIP funded by District bonds benefits all developable acres within Assessment Area Two of the District.

The initial assessments will be levied on an equal basis to all acres within Assessment Area Two of the District. A fair and reasonable methodology allocates the debt incurred by the District proportionately to the properties receiving the special benefits. At this point all of the lands within Assessment Area Two of the District are benefiting from the improvements.

Once platting or the recording of declaration of condominium, ("Assigned Properties") has begun, the assessments will be levied to the Assigned Properties based on the benefits they receive. The Unassigned Properties, defined as property that has not been platted, assigned development rights or subjected to a declaration of condominium, will continue to be assessed on a per acre basis ("Unassigned Properties"). Eventually the Assessment Area Two Development Program will be completed and the debt relating to the Bonds will be allocated to the planned approximately 203 short term rental units (89 detached/114 attached) within the District, which are the beneficiaries of the CIP, as depicted in Table 5 and Table 6. If there are changes to development plan, a true up of the assessment will be calculated to determine if a debt reduction or true-up payment from the Developer is required. The process is outlined in Section 3.0

The assignment of debt in this Assessment Report sets forth the process by which debt is apportioned. As mentioned herein, this Assessment Report will be supplemented from time to time.

2.3 Allocation of Benefit

The CIP consists of General Improvements (mobilization, as-builts, survey, layout, erosion control), Earthworks Improvements (stormwater pond excavation, sod and dewatering), Concrete Improvements (curbs, gutter, sidewalk, ADA ramp, drive apron) Onsite Paving Improvements (asphalt, soil cement base, subgrade), Stormwater Improvements (pipes, drainage structures, control structures, outfalls, pipe dewatering), Potable Water Distribution Improvements (pipes, fittings, valves, testing), Sanitary Sewer System Improvements (lift stations, pipes, fittings, valves, landscape/hardscape), and professional fees and inspection survey testing. There are three residential product types within the planned development as reflected in Table

1. The CIP is reflected in Table 2. For purposes of the Assessment Report, the CIP is treated as a system of improvements. As such, all properties within the boundaries of the District benefit equally (based on their respective ERU factors) from the improvements. Therefore, in order to properly allocate the benefit to the product types in the AA2 Development Program, we divide the total CIP for Assessment Area One and Assessment Area Two by the total number of ERUs. The CIP reflected in Table 2 shows the improvements proposed to be constructed in each assessment area. Table 4 shows the allocation of benefit to the particular land uses. It is important to note that the benefit derived from the improvements will be equal to or greater than costs that the units pay for such improvements.

2.4 Lienability Test: Special and Peculiar Benefit to the Property

Construction and/or acquisition by the District of its proposed CIP will provide several types of systems, facilities and services for its residents. These include General Improvements (mobilization, as-builts, survey, layout, erosion control), Earthworks Improvements (stormwater pond excavation, sod and dewatering), Concrete Improvements (curbs, gutter, sidewalk, ADA ramp, drive apron) Onsite Paving Improvements (asphalt, soil cement base, subgrade), Stormwater Improvements (pipes, drainage structures, control structures, outfalls, pipe dewatering), Potable Water Distribution Improvements (pipes, fittings, valves, testing), Sanitary Sewer System Improvements (lift stations, pipes, fittings, valves, landscape/hardscape), and professional fees and inspection survey testing. These improvements accrue in differing amounts and are somewhat dependent on the type of land use receiving the special benefits peculiar to those properties, which flow from the logical relationship of the improvements to the properties.

For the provision of CIP, the special and peculiar benefits are:

- 1) the added use of the property,
- 2) added enjoyment of the property, and
- 3) the probability of increased marketability and value of the property.

These special and peculiar benefits are real and ascertainable but are not yet capable of being calculated as to value with mathematical certainty. However, each is more valuable than either the cost of, or the actual non-ad valorem special assessment levied for the improvement or the debt as allocated.

2.5 Lienability Test: Reasonable and Fair Apportionment of the Duty to Pay Non-Ad Valorem Assessments

A reasonable estimate of the proportion of special and peculiar benefits received from the public improvements described in the Engineer's Report is delineated in Table 5 (expressed as Allocation of Par Debt per Product Type).

The determination has been made that the duty to pay the non-ad valorem special assessments is fairly and reasonably apportioned because the special and peculiar benefits to the property derived from the acquisition and/or construction of the District's CIP have been apportioned to the property according to reasonable estimates of the special and peculiar benefits provided consistent with the land use categories.

Accordingly, no acre or parcel of property within the boundaries of the District will have a lien for the payment of any non-ad valorem special assessment more than the determined special benefit peculiar to that property and therefore, the debt allocation will not be increased more than the debt allocation set forth in this Assessment Report.

In accordance with the benefit allocation suggested for the product types in Table 4, a total debt per unit and an annual assessment per unit have been calculated for each product type (Table 6). These amounts represent the preliminary anticipated per unit debt allocation assuming all anticipated units are built and sold as planned, and the entire proposed CIP is developed or acquired and financed by the District.

3.0 True Up Mechanism

Although the District does not process plats, declaration of condominiums, site plans or revisions thereto for the Developer, it does have an important role to play during the course of platting and site planning. Whenever a plat, declaration of condominium or site plan is processed, the District must allocate a portion of its debt to the property according to this Assessment Report outlined herein. In addition, the District must also prevent any buildup of debt on Unassigned Property. Otherwise, the land could be fully conveyed and/or platted without all of the debt being allocated. To preclude this, at the time Unassigned Properties become Assigned Properties, the District will determine the amount of anticipated assessment revenue that remains on the Unassigned Properties, taking into account the proposed plat, or site plan approval. If the total anticipated assessment revenue to be generated from the Assigned and Unassigned Properties is greater than or equal to the maximum annual debt service, then no adjustment is required. In the case that the revenue generated is less than the required amount then a debt reduction or true-up payment by the landowner in the amount necessary to reduce the par amount of the outstanding bonds to a level that will be supported by the new net annual debt service assessments will be required.

4.0 Assessment Roll

The District will initially distribute the liens across the property within Assessment Area Two of the District boundaries on a gross acreage basis. As Assigned Property becomes known with certainty, the District will refine its allocation of debt from a per acre basis to a per unit basis as shown in Table 6. If the land use plan changes, then

the District will update Table 6 to reflect the changes. As a result, the assessment liens are neither fixed nor are they determinable with certainty on any acre of land in the District prior to the time final Assigned Properties become known. At this time the debt associated with the District's CIP will be distributed evenly across the acres of Assessment Area Two of the District. As the development process occurs, the debt will be distributed against the Assigned Property in the manner described in this Assessment Report. The current assessment roll is depicted in Table 7.

SECTION 1. Definitions. All words and phrases used herein in capitalized form, unless otherwise defined herein, shall have the meaning ascribed to them in the Indenture (hereinafter defined).

SECTION 2. Authorization. There is hereby authorized to be issued the Series 2024 Bonds in a principal amount not exceeding \$11,955,000. The Series 2024 Bonds shall be issued under and secured by that Master Trust Indenture in substantially the form approved by the First Resolution (the "Master Indenture") as supplemented by that Second Supplemental Trust Indenture (the "Supplemental Indenture") both by and between the District and U.S. Bank Trust Company, National Association, as trustee (the "Trustee") (the Master Indenture and the Supplemental Indenture are referred to collectively as the "Indenture"). The proceeds of the Series 2024 Bonds shall be used for the purposes set forth in the Supplemental Indenture and the Limited Offering Memorandum (hereinafter defined).

SECTION 3. Approval of Supplemental Indenture. The Supplemental Indenture is hereby approved in substantially the form set forth as part of **Exhibit A** hereto and the Chair or

The Trustee is hereby appointed to serve as Trustee, Bond Registrar and Paying Agent under such Supplemental Indenture.

SECTION 4. Negotiated Sale. The Board hereby determines that a negotiated sale of the Series 2024 Bonds to the Underwriter is in the best interest of the District because of prevailing market conditions, because delays caused by soliciting competitive bids could adversely affect the District's ability to issue and deliver the Series 2024 Bonds at presently favorable interest rates, and because the nature of the security for the Series 2024 Bonds and the sources of payment of debt service on the Series 2024 Bonds require the participation of an underwriter in structuring the bond issue.

SECTION 5. Bond Purchase Agreement Approved. The Board hereby approves the Bond Purchase Agreement submitted by the Underwriter in substantially the form attached as **Exhibit B** hereto. The Chair or Vice Chair of the Board is hereby authorized to execute the Bond Purchase Agreement and to deliver the Bond Purchase Agreement to the Underwriter with such changes, amendments, modifications, omissions and additions as may be approved by the executing Chair or Vice Chair; provided that (i) the principal amount of the Series 2024 Bonds shall not exceed \$11,955,000; (ii) the interest rate on none of the Series 2024 Bonds will exceed the maximum interest rate allowed under applicable Florida law without regard to any waiver of such maximum rate; (iii) the Underwriter's discount shall not exceed two percent (2.0%) of the principal amount of the Series 2024 Bonds; (iv) the Series 2024 Bonds shall be subject to optional redemption no later than May 1, 2037 at a Redemption Price not in excess of 100% of the principal amount to be redeemed plus accrued interest to the redemption date; and (v) the final maturity of the Series 2024 Bonds shall be no later than May 1, 2056.

SECTION 6. Preliminary Limited Offering Memorandum and Limited Offering Memorandum. The District hereby approves the Preliminary Limited Offering Memorandum in substantially the form attached hereto as **Exhibit C** (the "Preliminary Limited Offering Memorandum") and authorizes its distribution and use by the Underwriter in connection with the offering for the sale of the Series 2024 Bonds. If between the date hereof and the mailing of the Preliminary Limited Offering Memorandum it is necessary to make insertions, modifications and changes to the Preliminary Limited Offering Memorandum, the Chair or Vice Chair is hereby authorized to approve such insertions, changes and modifications, and, the Chair or Vice Chair is hereby authorized to deem the Preliminary Limited Offering Memorandum "final" within the meaning of Rule 15c2-12 of the Securities and Exchange Commission (the "Rule") under the Securities Exchange Act of 1934, in the form as mailed and in furtherance thereof to execute a certificate evidencing same. The preparation of a final Limited Offering Memorandum is hereby approved and the Chair or Vice Chair is hereby authorized to execute such final Limited Offering Memorandum to be dated the date of the award of the Series 2024 Bonds and, upon such award, to deliver the same to the Underwriter for use by it in connection with the sale and distribution of the Series 2024 Bonds. The Limited Offering Memorandum shall be substantially in the form of the final Preliminary Limited Offering Memorandum, with such changes as shall be approved by the Chair or Vice Chair as necessary to conform to the details of the Series 2024 Bonds and such

other insertions, modifications and changes as may be approved by the Chair or Vice Chair. The execution and delivery of the Limited Offering Memorandum by the Chair or Vice Chair shall constitute evidence of the approval thereof. The District hereby authorizes the use of the Preliminary Limited Offering Memorandum and the Limited Offering Memorandum and the information contained therein in connection with the offering and sale of the Series 2024 Bonds.

SECTION 7. Form of Series 2024 Bonds. The Series 2024 Bonds shall be in substantially the form as set forth in the exhibit to the Supplemental Indenture, with such additions, deletions and other changes thereto as the officials of the Board executing the Series 2024 Bonds shall approve, such approval to be conclusively evidenced by the execution of the Series 2024 Bonds (by manual or facsimile signature) by such officials. The Board hereby authorizes and approves the use of a facsimile of the District seal on the Series 2024 Bonds.

SECTION 8. Continuing Disclosure Agreement. The form and content of the Continuing Disclosure Agreement (the "Disclosure Document") relating to the Series 2024 Bonds attached hereto as **Exhibit D** is hereby approved. The Chair or Vice Chair and the Secretary or any Assistant Secretary are hereby authorized to execute on behalf of the District the Disclosure Document in substantially the form attached hereto, with such additions, deletions, and other changes as may be necessitated by applicable law, this Resolution and the Bond Purchase Agreement as such officers may approve (such approval to be conclusively evidenced by their execution of the Disclosure Document).

SECTION 9. Approval of Acquisition Agreement, Completion Agreement, Collateral Assignment, True-Up Agreement, Tri-Party Agreement and Consent to Jurisdiction. The Acquisition Agreement, Completion Agreement, Collateral Assignment, True-Up Agreement, and the Tri-Party Agreement and Covenant on the Land Relating to Consent to Jurisdiction, Imposition of Special Assessments and Subordination of Interests are hereby approved in substantially the form set forth in composite **Exhibit E** hereto and the Chair or the Vice Chair of the Board is hereby authorized and directed to execute and deliver such documents on behalf of and in the name of the District and the Secretary or any Assistant Secretary of the Board is hereby authorized to attest such execution, with such additions and deletions therein as may be made and approved by the Chair or the Vice Chair executing the same, such execution to be conclusive evidence of such approval.

The Open Meetings were held for the necessary public purpose of considering matters related to the issuance of Series 2024 Bonds.

SECTION 11. Other Actions. The Chair, the Vice Chair, the Secretary, any Assistant Secretary and the District Manager of the District, and any authorized designee thereof (collectively, the "District Officers"), Akerman LLP, as Bond Counsel, Latham, Luna, Eden & Beaudine, LLP, the District's General Counsel, and any other consultant or experts retained by the

District, are hereby authorized and directed to take all actions necessary or desirable in connection with the issuance and delivery of the Series 2024 Bonds and the consummation of all transactions in connection therewith. The District Officers are hereby authorized and directed to execute all necessary or desirable certificates, documents, papers, and agreements necessary to the undertaking and fulfillment of all transactions referred to in or contemplated by the Supplemental Indenture, the Preliminary Limited Offering Memorandum, the Limited Offering Memorandum, this Resolution, the Disclosure Document and the Bond Purchase Agreement.

If any section, paragraph, clause or provision of this Resolution shall be held to be invalid or ineffective for any reason, the remainder of this Resolution shall continue in full force and effect, it being expressly hereby found and declared that the remainder of this Resolution would have been adopted despite the invalidity or ineffectiveness of such section, paragraph, clause or provision.

The Trustee is not responsible to verify if any payment is Prepayment Principal and may conclusively rely as accurate upon the classification of the District as Prepayment Principal and in the absence of such notification will conclude that such payment is not Prepayment Principal.

Section 407. Tax Covenants and Rebate Account. The District shall comply with the Arbitrage Certificate (including deposits to and payments from the 2024 Rebate Account hereby established) included as part of the closing transcript for the Series 2024 Bonds, as amended and supplemented from time to time in accordance with its terms. Notwithstanding anything to the contrary contained in the Master Indenture, the District covenants with the holders of the Series 2024 Bonds that it shall comply with the requirements of the Code necessary to maintain the exclusion of interest on the Series 2024 Bonds from gross income for purposes of federal income taxation, including the payment of any amount required to be rebated to the U.S. Treasury pursuant to the Code, and, in particular, that it shall not make or direct the making of any investment or other use of proceeds of such Series 2024 Bonds (or amounts deemed to be proceeds under the Code) in any manner which would cause the interest on such Series 2024 Bonds to be or become subject to federal income taxation, nor shall it fail to do any act which is necessary to prevent such interest from becoming subject to federal income taxation. The District further covenants that neither the District nor any other person under its control or direction will make any investment or other use of the proceeds of the Series 2024 Bonds (or amounts deemed to be proceeds under the Code) in any manner which would cause the Series 2024 Bonds to be “private activity bonds” as that term is defined in Section 141 of the Code (or any successor provision thereto), or “arbitrage bonds” as that term is defined in Section 148 of the Code (or any successor provision thereto) and that it will comply with such sections of the Code throughout the term of the Series 2024 Bonds.

(iv) Delinquent Assessment Principal, which shall first be applied to restore the amount of any withdrawal from the 2024 Reserve Account used to pay the principal of Series 2024 Bonds, to the extent that less than the 2024 Reserve Account Requirement is on deposit in the 2024 Reserve Account, and, the balance, if any, shall be deposited into the 2024 Sinking Fund Account;

(v) Delinquent Assessment Interest, which shall first be applied to restore the amount of any withdrawal from the 2024 Reserve Account used to pay the interest of Series 2024 Bonds to the extent that less than the 2024 Reserve Account Requirement is on deposit in the 2024 Reserve Account, and, the balance, if any, shall be deposited into the 2024 Interest Account;

(vi) The balance shall be deposited in the 2024 Revenue Account.

(c) On each March 15, June 15, September 15 and December 15 (or if such day is not a Business Day, on the Business Day next preceding such day), the Trustee shall determine the amount on deposit in the 2024 Prepayment Account and, if the balance therein is greater than zero, shall transfer, but only after transferring sufficient amounts as directed by the District from the 2024 Revenue Account to pay amounts due on the next Interest Payment Date from the 2024 Revenue Account for deposit into such Prepayment Account, an amount sufficient to increase the amount on deposit therein to the next integral multiple of \$5,000, and, shall thereupon give notice and cause the extraordinary mandatory redemption of Series 2024 Bonds on the next succeeding Quarterly Redemption Date in the maximum aggregate principal amount for which moneys are then on deposit in the 2024 Prepayment Account in accordance with the provisions for extraordinary redemption of Series 2024 Bonds. All interest due in regard to such Prepayments

shall be paid from the 2024 Interest Account or, if insufficient amounts are on deposit in the 2024 Interest Account to pay such interest, then from the 2024 Revenue Account.

FOURTH, the balance shall be retained in the 2024 Revenue Account.

Anything herein to the contrary notwithstanding, it shall not constitute an Event of Default hereunder if the full amount of the foregoing deposits are not made due to an insufficiency of funds therefor; provided, however, that nothing in this paragraph is meant to change what are otherwise Events of Default as provided for in Article X of the Master Trust Indenture and Section 606 herein.

(e) The District shall comply with the Arbitrage Certificate delivered in connection with the issuance of the Series 2024 Bonds. On any date required by the Arbitrage Certificate, the District shall give the Trustee written direction to, and the Trustee shall, transfer from the 2024 Revenue Account to the 2024 Rebate Account established for the Series 2024 Bonds in the Rebate Fund the amount due and owing to the United States, which amount shall be paid, to the United States, when due, in accordance with such Arbitrage Certificate. Section 502. Limitation of Trustee's Responsibility. The Trustee shall not be responsible in any manner for the due execution of this Second Supplemental Indenture by the District or for the recitals contained herein, all of which are made solely by the District.

Section 503. Trustee's Duties. Nothing contained herein shall limit the rights, benefits, privileges, protection and entitlements inuring to the Trustee under the Master Indenture, including, particularly, Article XI thereof, all of which shall apply to the actions of the Trustee under this Second Supplemental Indenture.

ARTICLE VI MISCELLANEOUS

Section 601. Confirmation of Master Indenture. As supplemented by this Second Supplemental Indenture, the Master Indenture is in all respect ratified and confirmed, and this Second Supplemental Indenture shall be read, taken and construed as a part of the Master Indenture so that all of the rights, remedies, terms, conditions, covenants and agreements of the Master Indenture, except insofar as modified herein, shall apply and remain in full force and effect with respect to this Second Supplemental Indenture and to the Series 2024 Bonds issued hereunder. To the extent of any conflicts between the terms and provisions of the Master Indenture and this Second Supplemental Indenture the terms and provisions hereof shall control.

Section 602. Additional Covenant Regarding Series 2024 Assessments. In addition, and not in limitation of, the covenants contained elsewhere in this Second Supplemental Indenture and in the Master Indenture, the District covenants to comply with the terms of the proceedings heretofore adopted with respect to the Series 2024 Assessments, including the assessment methodology, prepared by Governmental Management Services – Central Florida, LLC (the “Report”), and to levy the Series 2024 Assessments and any required true-up payments as set forth in the Report, in such manner as will generate funds sufficient to pay the principal of and interest on the Series 2024 Bonds, when due. The District also agrees that it shall not amend the Report in any material manner without the written consent of the Majority Owners.

Section 603. Limitation on Additional Debt. Other than Bonds issued to refund a portion of Outstanding Series 2024 Bonds, the issuance of which as determined by the District results in present value debt service savings, the District shall not, while any Series 2024 Bonds are Outstanding, issue or incur any debt payable in whole or in part from the 2024 Pledged Revenues. In addition, the District covenants not to issue, without the consent of the Majority Owners of the Series 2024 Bonds, any other Bonds or other debt obligations secured by Special Assessments on

assessable lands which are also encumbered by the Series 2024 Assessments for any capital project unless the Series 2024 Assessments have been Substantially Absorbed; provided, however, that the foregoing shall not preclude the imposition of Special Assessments on property subject to the Series 2024 Assessments, which as determined by the District, are necessary for health, safety, and welfare reasons or to remediate a natural disaster. The District may issue Bonds or other debt obligations secured by Special Assessments on assessable lands not encumbered by the Series 2024 Assessments without limitation except as limited by the documents pursuant to which such Bonds or debt are issued. The Trustee and the District may rely on a certificate from the District Manager regarding such status of the residential units and the Series 2024 Assessments and in the absence of receipt of such certificate, may assume that the Series 2024 Assessments have not been Substantially Absorbed.

Section 604. Additional Matters Relating to Delinquent Assessments.

(a) Notwithstanding anything herein or in the Master Indenture to the contrary, the following provisions shall apply with respect to the Series 2024 Assessments and Series 2024 Bonds: If any property shall be offered for sale for the nonpayment of any Series 2024 Assessments, and no person or persons shall purchase such property for an amount equal to the full amount due on the Series 2024 Assessments (principal, interest, penalties and costs, plus attorneys' fees, if any), the District, acting at the direction of the Trustee on behalf of the Majority Owners of the Series 2024 Bonds Outstanding, specifying whether the District is to take title to the property in its corporate name or in the name of a special purpose entity, may purchase the property for an amount approved by the Majority Owners (principal, interest, penalties and costs, plus attorneys' fees, if any), from any legally available funds of the District and the District shall receive in its corporate name or in the name of a special-purpose entity title to the property for the benefit of the Owners of the Series 2024 Bonds. The District, either through its own actions, or actions caused to be taken by the District through the Trustee, shall have the power to and shall lease or sell such property, and deposit all of the net proceeds of any such lease or sale into the 2024 Revenue Account. The District, either through its own actions, or actions caused to be taken by the District through the Trustee, agrees that it shall, after being provided assurances satisfactory to it of payment of its fees, costs and expenses for doing so, be required to take the measures provided by law for listing for sale of property acquired by it as trustee for the Owners of the Series 2024 Bonds within sixty (60) days after the receipt of the request therefore signed by the Trustee, acting at the direction of the Majority Owners of the Series 2024 Bonds Outstanding. The District may pay costs associated with any actions taken by the District pursuant to this paragraph from any moneys legally available for such purpose held under the Indenture, provided such action does not adversely impact the tax-exempt status of the interest on the Series 2024 Bonds.

(b) Notwithstanding anything to the contrary herein or in the Master Indenture, the District acknowledges and agrees that (i) upon failure of any property owner to pay when due any installment of Series 2024 Assessments that are billed directly by the District, that the entire Series 2024 Assessments levied on the property for which such installment of Series 2024 Assessments is due and unpaid, with interest and penalties thereon, shall immediately become due and payable as provided by applicable law and acting at the direction of the Trustee on behalf of the Majority Owners of the Series 2024 Bonds Outstanding, the District shall promptly, but in any event within ninety (90) days of the receipt of such consent, cause to be brought the necessary legal proceedings for the foreclosure of liens of the delinquent Series 2024 Assessments, including

interest and penalties and (ii) the foreclosure proceedings shall be prosecuted to a sale and conveyance of the property involved in said proceedings as now provided by law in suits to foreclose mortgages.

Section 605. Additional Matters Relating to Series 2024 Assessments and Assessment Proceedings. The District covenants and agrees that upon the occurrence and continuance of an Event of Default with respect to the Series 2024 Bonds, it will take such actions to enforce the remedial provisions of the Indenture, the provisions for the collection of delinquent Series 2024 Assessments that are directly billed and collected by the District, as well as delinquent direct billed Operation and Maintenance Assessments, and the provisions for the foreclosure of liens of delinquent Series 2024 Assessments that are directly billed and collected by the District, as well as delinquent direct billed Operation and Maintenance Assessments, all in a manner consistent with the Master Indenture and this Second Supplemental Indenture.

The Series 2024 Assessments levied for each full year on platted lots shall be collected pursuant to the uniform method provided for in Sections 197.3632 and 197.3635 Florida Statutes, (the "Uniform Method") unless the District determines that it is in its best interests to collect directly. The Series 2024 Assessments levied on unplatted lots or lands shall be billed and collected directly by the District pursuant to the Act and Chapters 170 and 197, Florida Statutes, and not pursuant to the Uniform Method unless the District determines that it is in its best interests not to do so. Prior to an Event of Default, the election to collect and enforce Series 2024 Assessments in any year pursuant to any one method shall not, to the extent permitted by law, preclude the District from electing to collect and enforce Series 2024 Assessments pursuant to any other method permitted by law in any subsequent year. Following an Event of Default, Series 2024 Assessments levied on platted lots shall be collected pursuant to the Uniform Method and Series 2024 Assessments levied on unplatted lots shall be billed and collected directly by the District pursuant to the Act and Chapters 170 and 197, Florida Statutes, and not pursuant to the Uniform Method in each case unless the Trustee, acting at the direction of the Majority Owners of the Series 2024 Bonds Outstanding, provides written direction to use a different method of collection. Series 2024 Assessments that are billed and collected directly by the District and not via the Uniform Method shall be due and payable by the landowner no later than thirty (30) days prior to each Interest Payment Date; provided, however, that the Series 2024 Assessments shall not be deemed to be delinquent Series 2024 Assessments unless and until same are not paid by the applicable Interest Payment Date with respect to which they have been billed.

Section 606. Additional Matters Relating to Events of Default.

In addition to the events set forth in Section 10.02 of the Master Indenture, each of the following events shall be an Event of Default with respect to the Series 2024 Bonds, notwithstanding anything to the contrary in the Master Indenture:

(a) Any portion of the Series 2024 Assessments pledged to the Series 2024 Bonds shall have become delinquent and, as the result thereof, the Indenture authorizes the Trustee to withdraw funds in an amount greater than fifteen percent (15%) of the amount on deposit in 2024 Reserve Account to pay the Debt Service Requirements on the Series 2024 Bonds (regardless of whether the Trustee does or does not actually withdraw such funds from the 2024 Reserve Account to pay the Debt Service Requirements on the Series 2024 Bonds) (the foregoing being

referred to as a “2024 Reserve Account Event”) unless within sixty (60) days from the 2024 Reserve Account Event either (i) the District has paid to the Trustee the amounts, if any, withdrawn from the 2024 Reserve Account or (ii) the portion of the Delinquent Assessment Principal and Delinquent Assessment Interest giving rise to the 2024 Reserve Account Event are no longer delinquent; and

(b) More than fifteen percent (15%) of the Operation and Maintenance Assessments that are directly billed by the District and levied by the District on tax parcels subject to the Series 2024 Assessments are not paid by the date such are due and payable and such default continues for sixty (60) days after the date when due. The District shall give written notice to the Trustee of the occurrence of such event not later than ten (10) days after the end of the sixty-day period referred to in the preceding sentence. The Trustee shall not be deemed to have knowledge of the occurrence of such an Event of Default absent notice thereof from the District.

Section 607. Provisions relating to Bankruptcy or Insolvency of Landowner.

(a) The provisions of this Section 607 shall be applicable both before and after the commencement, whether voluntary or involuntary, of any case, proceeding or other action by or against any owner of any tax parcel subject to at least three percent (3%) of the Series 2024 Assessments pledged to the Series 2024 Bonds Outstanding (an “Insolvent Taxpayer”) under any existing or future law of any jurisdiction relating to bankruptcy, insolvency, reorganization, assignment for the benefit of creditors, or relief of debtors (a “Proceeding”).

(b) The District acknowledges and agrees that, although the Series 2024 Bonds were issued by the District, the Owners of the Series 2024 Bonds are categorically the party with the ultimate financial stake in the transaction and, consequently, the party with a vested and pecuniary interest in a Proceeding. In the event of any Proceeding involving an Insolvent Taxpayer:

(i) the District hereby agrees that it shall seek to secure the written consent of the Trustee, acting at the direction of the Majority Owners of the Series 2024 Bonds Outstanding, prior to making any election, giving any consent, commencing any action or filing any motion, claim, obligation, notice or application or in taking any other action or position in any Proceeding or in any action related to a Proceeding that affects, either directly or indirectly, the Series 2024 Assessments relating to the Series 2024 Bonds Outstanding, the Outstanding Series 2024 Bonds or any rights of the Trustee under the Indenture (provided, however, the Trustee shall be deemed to have consented, on behalf of the Majority Owners of the Series 2024 Bonds Outstanding, to the proposed action if the District does not receive a written response from the Trustee within thirty (30) days following receipt by the Trustee of the written request for consent);

(ii) the District hereby agrees that it shall not make any election, give any consent, commence any action or file any motion, claim, obligation, notice or application or take any other action or position in any Proceeding or in any action related to a Proceeding that affects, either directly or indirectly, the Series 2024 Assessments relating to the Series 2024 Bonds Outstanding, the Series 2024 Bonds Outstanding or any

rights of the Trustee under the Indenture that are inconsistent with any written consent received (or deemed received) from the Trustee;

(iii) the District hereby agrees that it shall seek the written consent of the Trustee prior to filing and voting in any such Proceeding (provided, however, the Trustee shall be deemed to have consented, on behalf of the Majority Owners of the Series 2024 Bonds Outstanding, to the proposed action if the District does not receive a written response from the Trustee within thirty (30) days following receipt by the Trustee of the written request for consent);

(iv) the Trustee shall have the right, by interpleader or otherwise, to seek or oppose any relief in any such Proceeding that the District, as claimant with respect to the Series 2024 Assessments relating to the Series 2024 Bonds Outstanding, would have the right to pursue, and, if the Trustee chooses to exercise any such rights, the District shall not oppose the Trustee in seeking to exercise any and all rights and taking any and all actions available to the District in connection with any Proceeding of any Insolvent Taxpayer, including without limitation, the right to file and/or prosecute and/or defend any claims and proofs of claims, to vote to accept or reject a plan, to seek dismissal of the Proceeding, to seek stay relief to commence or continue foreclosure or pursue any other available remedies as to the Series 2024 Assessments relating the Series 2024 Bonds Outstanding, to seek substantive consolidation, to seek to shorten the Insolvent Taxpayer's exclusivity periods or to oppose any motion to extend such exclusivity periods, to oppose any motion for use of cash collateral or for authority to obtain financing, to oppose any sale procedures motion or any sale motion, to propose a competing plan of reorganization or liquidation, or to make any election under Section 1111(b) of the Bankruptcy Code; and

(v) the District shall not challenge the validity or amount of any claim submitted in good faith in such Proceeding by the Trustee or any valuations of the lands owned by any Insolvent Taxpayer submitted in good faith by the Trustee in such Proceeding or take any other action in such Proceeding, which is adverse to Trustee's enforcement or the District's claim and rights with respect to the Series 2024 Assessments relating to the Series 2024 Bonds Outstanding or receipt of adequate protection (as that term is defined in the Bankruptcy Code). Without limiting the generality of the foregoing, the District agrees that the Trustee shall have the right (i) to file a proof of claim with respect to the Series 2024 Assessments pledged to the Series 2024 Bonds Outstanding, (ii) to deliver to the District a copy thereof, together with evidence of the filing with the appropriate court or other authority, and (iii) to defend any objection filed to said proof of claim.

(c) Notwithstanding the provisions of the immediately preceding paragraphs, nothing in this Section shall preclude the District from becoming a party to a Proceeding in order to enforce a claim for Operation and Maintenance Assessments, and the District shall be free to pursue such claim in such manner as it shall deem appropriate in its sole and absolute discretion. Any actions taken by the District in pursuance of its claim for Operation and Maintenance Assessments in any Proceeding shall not be considered an action adverse or inconsistent with the Trustee's rights or consents with respect to the Series 2024 Assessments relating to the Series 2024 Bonds Outstanding whether such claim is pursued by the District or the Trustee; provided,

however, that the District shall not oppose any relief sought by the Trustee under the authority granted to the Trustee in clause (b)(iv) or (b)(v) above.

Section 608. Assignment of Collateral Assignment.

The District hereby assigns its rights under the Collateral Assignment to the Trustee for the benefit of the Owners, from time to time, of the Series 2024 Bonds. Such assignment shall not be considered an assumption by the Trustee of any obligations thereunder.

Section 609. Third Party Beneficiaries. This Second Supplemental Indenture shall inure solely to the benefit of the District, the Trustee and the Holders from time to time of the Series 2024 Bonds, and shall create no rights in any other person or entity.

Section 610. Enforcement of True-Up Agreement and Completion Agreement. The District, either through its own actions, or actions caused to be taken through the Trustee, covenants that it shall enforce all material provisions of the Completion Agreement and the True-Up Agreement, and, upon the occurrence and continuance of a default under either or both of such agreements by the Developer or Park Square, the District covenants and agrees that the Trustee, at the written direction of the Majority Owners of the Series 2024 Bonds may, subject to the Trustee's rights under Article X of the Master Indenture, act on behalf of, and in the District's stead, to enforce the provisions of such agreements and to pursue all available remedies under applicable law or in equity. Anything herein or in the Master Indenture to the contrary notwithstanding, failure of the District to enforce, or permit the Trustee to enforce in its stead, all of the applicable provisions of the Completion Agreement and the True-Up Agreement upon demand of the Majority Owners of the Series 2024 Bonds, or the Trustee at the written direction of the Majority Owners of the Series 2024 Bonds, shall constitute an Event of Default under the Indenture after all applicable cure periods.

IN WITNESS WHEREOF, GRANDE PINES COMMUNITY DEVELOPMENT DISTRICT has caused these presents to be signed in its name and on its behalf by its Chair, and its official seal to be hereunto affixed and attested by its Secretary or Assistant Secretary, thereunto duly authorized, and to evidence its acceptance of the trusts hereby created, the Trustee has caused these presents to be signed in its name and on its behalf by its duly authorized signatory.

THIS SERIES 2024 BOND AND THE INTEREST AND PREMIUM, IF ANY, PAYABLE HEREON DO NOT CONSTITUTE EITHER A PLEDGE OF THE FULL FAITH AND CREDIT OF THE DISTRICT OR A LIEN UPON ANY PROPERTY OF THE DISTRICT OTHER THAN AS PROVIDED IN THE INDENTURE. NO OWNER OR ANY OTHER PERSON SHALL EVER HAVE THE RIGHT TO COMPEL THE EXERCISE OF ANY AD VALOREM TAXING POWER OF THE DISTRICT OR ANY OTHER PUBLIC

At the designated corporate trust office of the Registrar in the manner and subject to the limitations and conditions provided in the Indenture and without cost, except for any tax or other governmental charge, Series 2024 Bonds may be exchanged for an equal aggregate principal amount of Series 2024 Bonds of the same maturity, in Authorized Denominations and bearing interest at the same rate or rates.

The District hereby confirms that the Preliminary Limited Offering Memorandum was deemed final as of its date, except for the permitted omissions.

(b) The District shall deliver, or cause to be delivered, at its expense, to the Underwriter, within seven (7) business days after the date hereof, or use good faith to deliver within such shorter period as may be requested by the Underwriter and at least one (1) business day prior to the date of Closing, or within such other period as the Underwriter may inform the District which is necessary for the Underwriter to comply with regulations of the Municipal Securities Rulemaking Board ("MSRB") in order to accompany any confirmation that requests payment from any customer, sufficient copies of the final Limited Offering Memorandum (the "Limited Offering Memorandum") to enable the Underwriter to fulfill its obligations pursuant to the securities laws of the State of Florida (the "State") and the United States, in form and substance satisfactory to the Underwriter. The Underwriter agrees to file the Limited Offering Memorandum in accordance with applicable MSRB rules.

The District authorizes, or ratifies as the case may be, the use and distribution of the Preliminary Limited Offering Memorandum and the Limited Offering Memorandum in connection with the limited public offering and sale of the Series 2024 Bonds. The Underwriter agrees that it will not confirm the sale of any Series 2024 Bonds unless the confirmation of sale requesting payment is accompanied or preceded by the delivery of a copy of the Limited Offering Memorandum.

The amendments or supplements that may be authorized for use with respect to the Series 2024 Bonds are hereinafter included within the term "Limited Offering Memorandum."

4. Authority of the Underwriter. The Underwriter is duly authorized to execute this Purchase Agreement and to perform its obligations hereunder. 5. Offering and Sale of Series 2024 Bonds. The Underwriter agrees to make a bona fide limited offering to "accredited investors" representing the general public (excluding bond houses, brokers or similar persons or organizations acting in the capacity of underwriters or wholesalers) of all of the Series 2024 Bonds at not in excess of the initial public offering price or prices (or below the yield or yields) set forth in Exhibit A attached hereto; provided, however, that the Underwriter may (a) offer and sell the Series 2024 Bonds to certain bond houses, brokers or to similar persons or organizations acting in the capacity of underwriters or wholesalers at prices lower than the public offering prices set forth in Exhibit A attached hereto, or (b) change such initial offering prices (or yields) as the Underwriter deems necessary in connection with the marketing of the Series 2024 Bonds. (21) evidence of compliance with the requirements of Section 189.051 and Section 215.84, Florida Statutes;

(22) copies of the final judgment and certificate of no appeal; and

(23) such additional legal opinions, certificates (including such certificates as may be required by regulations of the Internal Revenue Service in order to establish the tax exempt character of the Series 2024 Bonds, which certificates shall be satisfactory in form and substance to Bond Counsel), and other evidence as the Underwriter, Bond Counsel or Underwriter's Counsel may deem necessary to evidence the truth and accuracy as of the date of Closing of the representations and warranties of the District herein contained and of the information contained in the Limited Offering Memorandum and the due performance and satisfaction by the District at or prior to such time of all agreements then to be performed and all conditions then to be satisfied by it.

All of the opinions, letters, certificates, instruments and other documents mentioned above or elsewhere in this Purchase Agreement shall be deemed to be in compliance with the provisions hereof if, but only if, they are in form and substance as set forth herein or as described herein or as otherwise satisfactory to the Underwriter. Receipt of, and payment for, the Series 2024 Bonds shall constitute evidence of the satisfactory nature of such as to the Underwriter. The performance of any and all obligations of the District hereunder and the performance of any and all conditions herein for the benefit of the Underwriter may be waived by the Underwriter in its sole discretion.

If the District shall be unable to satisfy the conditions to the obligations of the Underwriter to cause the purchase, acceptance of delivery and payment for the Series 2024 Bonds contained in this Purchase Agreement, or if the obligations of the Underwriter to cause the purchase, acceptance of delivery and payment for the Series 2024 Bonds shall be terminated for any reason permitted by this Purchase Agreement, this Purchase Agreement shall terminate, and neither the Underwriter nor the District shall be under further obligation hereunder; provided, however, that the respective obligations of the Underwriter and the District set forth in Section 10 hereof shall continue in full force and effect.

9. Termination. The Underwriter may terminate this Purchase Agreement by written notice to the District in the event that between the date hereof and the date of Closing:

(a) the marketability of the Series 2024 Bonds or the market price thereof, in the reasonable opinion of the Underwriter, has been materially adversely affected by (1) an amendment to the Constitution of the United States, (2) any legislation (other than any actions taken by either House of Congress on or prior to the date hereof) (A) enacted or adopted by the United States, (B) recommended to the Congress or otherwise endorsed for passage, by press release, other form of notice or otherwise, by the President of the United States, the Chairman or ranking minority member of the Committee on Finance of the United States Senate or the Committee on Ways and Means of the United States House of Representatives, the Treasury Department of the United States or the Internal Revenue Service, or (C) favorably reported out of the appropriate Committee for passage to either House of the Congress by any full Committee of such House to which such legislation has been referred for consideration, (3) any decision of any court of the United States, (4) any order, rule or regulation (final, temporary or proposed) on behalf of the Treasury Department of the United States, the Internal Revenue Service or any other authority or regulatory body of the United States, (5) a release or announcement or communication

issued or sent by the Treasury Department of the United States or the Internal Revenue Service, or (6) any comparable legislative, judicial or administrative development affecting the federal tax status of the District, its property or income, obligations of the general character of the Series 2024 Bonds, as contemplated hereby, or the interest thereon; or

(b) any legislation, rule, or regulation shall be introduced in, or be enacted or adopted in the State, or a decision by any court of competent jurisdiction within the State shall be rendered which, in the reasonable opinion of the Underwriter, materially adversely affects the market for the Series 2024 Bonds or the sale, at the contemplated offering prices, by the Underwriter of the Series 2024 Bonds to be purchased by it; or

(c) any amendment to the Limited Offering Memorandum is proposed by the District or deemed necessary by Bond Counsel or the Underwriter which, in the reasonable opinion of the Underwriter, materially adversely affects the market for the Series 2024 Bonds or the sale, at the contemplated offering prices, by the Underwriter of the Series 2024 Bonds to be purchased by it; or

(d) there shall have occurred any outbreak or escalation of hostility, declaration by the United States of a national emergency or war or other calamity or crisis the effect of which on financial markets is such as to make it, in the sole judgment of the Underwriter, impractical or inadvisable to proceed with the offering or delivery of the Series 2024 Bonds as contemplated by the Limited Offering Memorandum (exclusive of any amendment or supplement thereto); or

(e) legislation shall be enacted or adopted, or any action shall be taken by, or on behalf of, the Securities and Exchange Commission (the "SEC") which, in the reasonable opinion of Bond Counsel, has the effect of requiring the contemplated distribution of the Series 2024 Bonds to be registered under the Securities Act of 1933, as amended (the "1933 Act"), or the Indenture to be qualified under the Trust Indenture Act of 1939, as amended (the "1939 Act"), or any laws analogous thereto relating to governmental bodies, and compliance therewith cannot be accomplished prior to the Closing; or

(f) legislation shall be introduced by amendment or otherwise in or be enacted by the House of Representatives or the Senate of the Congress of the United States, or a decision by a court of the United States shall be rendered, or a stop order, ruling, release, regulation, official statement or no-action letter by or on behalf of the SEC or any other governmental authority having jurisdiction of the subject matter of the Series 2024 Bonds shall have been proposed, issued or made (which is beyond the control of the Underwriter or the District to prevent or avoid) to the effect that the issuance, offering or sale of the Series 2024 Bonds as contemplated hereby or by the Limited Offering Memorandum, or any document relating to the issuance, offering or sale of the Series 2024 Bonds is or would be in violation of any of the federal securities laws at Closing, including the 1933 Act, as amended and then in effect, the Securities Exchange Act of 1934, as amended and then in effect, or the 1939 Act, as amended and then in effect, or with the purpose or effect of otherwise prohibiting the offering and sale of either the Series 2024 Bonds as contemplated hereby, or of obligations of the general character of the Series 2024 Bonds; or

(g) there shall have occurred, after the signing hereof, either a financial crisis or a default with respect to the debt obligations of the District or proceedings under the

federal or State bankruptcy laws shall have been instituted by the District, in either case the effect of which, in the reasonable judgment of the Underwriter, is such as to materially and adversely affect the market price or the marketability of the Series 2024 Bonds, or the ability of the Underwriter to enforce contracts for the sale of the Series 2024 Bonds; or

(h) a general banking moratorium shall have been declared by the United States, New York or State authorities which, in the reasonable opinion of the Underwriter, materially adversely affects the market for the Series 2024 Bonds or the sale, at the contemplated offering prices, by the Underwriter of the Series 2024 Bonds to be purchased by it; or

(i) any national securities exchange or any governmental authority shall impose, as to the Series 2024 Bonds or obligations of the general character of the Series 2024 Bonds, any material restrictions not now in force, or increase materially those now in force, with respect to the establishment of material restrictions upon trading of securities, including limited or minimum prices, by any governmental authority or by any national securities exchange which, in the reasonable opinion of the Underwriter, materially adversely affects the market for the Series 2024 Bonds or the sale, at the contemplated offering prices, by the Underwriter of the Series 2024 Bonds to be purchased by it; or

(j) legal action shall have been filed against the District wherein an adverse ruling would materially adversely affect the transactions contemplated hereby or by the Limited Offering Memorandum or the validity of the Series 2024 Bonds, the Bond Resolution, the Assessment Resolutions or any of the Financing Documents; provided, however, that as to any such litigation, the District may request and the Underwriter may accept an opinion by Bond Counsel, or other counsel acceptable to the Underwriter, that in such counsel's opinion the issues raised by any such litigation or proceeding are without substance or that the contentions of any plaintiffs therein are without merit; or

(k) there shall have occurred or any notice shall have been given of any intended review, downgrading, suspension, withdrawal, or negative change in credit watch status by any national rating service to any of the District's obligations; or

(l) any information shall have become known which, in the Underwriter's reasonable opinion, makes untrue, incorrect or misleading in any material respect any statement or information contained in the Limited Offering Memorandum, as the information contained therein has been supplemented or amended by other information, or causes the Limited Offering Memorandum, as so supplemented or amended, to contain an untrue, incorrect or misleading statement of a material fact or to omit to state a material fact necessary to be stated therein in order to make the statements made therein, in light of the circumstances under which they were made, not misleading and upon the receipt of notice of same by the District, the District fails to promptly amend or supplement the Limited Offering Memorandum; or

(m) an event occurs as a result of which the Limited Offering Memorandum, as then amended or supplemented, would include an untrue statement of a material fact or omit to state any material fact which is necessary to be stated therein in order to make the statements made therein, in light of the circumstances under which they were made, not misleading which, in the reasonable opinion of the Underwriter, requires an amendment or

supplement to the Limited Offering Memorandum and, in the reasonable opinion of the Underwriter, materially adversely affects the marketability of the Series 2024 Bonds or the contemplated offering prices thereof and upon the receipt of notice by the District, the District fails to promptly amend or supplement the Limited Offering Memorandum; or

(n) the Internal Revenue Service makes a determination with respect to any special purpose development district formed under State law (referred to herein as a "Special District") deeming that all or certain of such Special Districts are not a "political subdivision" for purposes of Section 103(a) of the Internal Revenue Code, and such determination, in the reasonable opinion of the Underwriter, materially adversely affects the federal tax status of the District, the tax exempt character or marketability of the Series 2024 Bonds or the contemplated offering prices thereof.

10. Expenses.

(a) The District agrees to pay from the proceeds of the Series 2024 Bonds, and the Underwriter shall be under no obligation to pay, all expenses incident to the performance of the District's obligations hereunder, including but not limited to (1) the cost of the preparation, printing or other reproduction (for distribution prior to, on or after the date of acceptance of this Purchase Agreement) of a reasonable number of copies of the Preliminary Limited Offering Memorandum and the Limited Offering Memorandum, (2) the fees and disbursements of Bond Counsel, District Counsel, Underwriter's Counsel, Governmental Management Services – Central Florida, LLC, as Assessment Consultant, Poulos & Bennett, LLC, as Consulting Engineer, and any other experts or consultants retained by the District, including, but not limited to, the fees and expenses of the District Manager, (3) the fees and disbursements of the Trustee, Registrar and Paying Agent under the Indenture, and (4) out-of-pocket expenses of the District.

(b) The Underwriter shall pay (1) the cost of qualifying the Series 2024 Bonds for sale in various states chosen by the Underwriter and the cost of preparing or printing any Blue Sky and legal investment memoranda to be used in connection with such sale, and (2) out-of-pocket expenses and advertising incurred by it in connection with their offering and distribution of the Series 2024 Bonds.

(c) In the event that either the District or the Underwriter shall have paid obligations of the other as set forth in this Section, adjustment shall be made at or prior to Closing.

12. Parties in Interest. This Purchase Agreement is made solely for the benefit of the District and the Underwriter (including the successors or assignees of the District or the Underwriter) and no other party or person shall acquire or have any right hereunder or by virtue hereof. All representations, warranties, covenants and agreements in this Purchase Agreement shall remain operative and in full force and effect, regardless of (a) any investigations made by or on behalf of the Underwriter, (b) the delivery of and payment for the Series 2024 Bonds pursuant to this Purchase Agreement, or (c) any termination of this Purchase Agreement but only to the extent provided by the last paragraph of Section 8 hereof.

13. Waiver. Notwithstanding any provision herein to the contrary, the performance of any and all obligations of the District hereunder and the performance of any and all conditions contained herein for the benefit of the Underwriter may be waived by the Underwriter in its sole discretion.

14. Effectiveness. This Purchase Agreement shall become effective upon the execution of the acceptance hereof by the Chair and shall be valid and enforceable at the time of such acceptance.

15. Counterparts. This Purchase Agreement may be executed in several counterparts, each of which shall be regarded as a net original and all of which shall constitute one and the same document.

16. Headings. The headings of the sections of this Purchase Agreement are inserted for convenience only and shall not be deemed to be a part hereof.

17. Florida Law Governs. The validity, interpretation and performance of this Purchase Agreement shall be governed by the laws of the State.

18. Truth In Bonding Statement. Pursuant to the provisions of Section 218.385(2) and (3), Florida Statutes, as amended, the Underwriter provides the following truth-in-bonding statement:

(a) The District is proposing to issue \$[Bond Amount].00 of its Series 2024 Bonds for the purposes described in Section 2 hereof. This obligation is expected to be repaid over a period of approximately [30] years. At a true interest cost of approximately [TIC]%, total interest paid over the life of the obligation will be \$[_____].

(b) The source of repayment for the Series 2024 Bonds is the 2024 Pledged Revenues (as described in Section 2 hereof). Authorizing this obligation will result in an average of approximately \$[_____] not being available to finance other services of the District every year for approximately [30] years; provided however, that in the event that the Series 2024 Bonds were not issued, the District would not be entitled to impose and collect the Series 2024 Assessments in the amount of the principal of and interest to be paid on the Series 2024 Bonds.

19. No Advisory or Fiduciary Role. The District acknowledges and agrees that (a) the purchase and sale of the Series 2024 Bonds pursuant to this Purchase Agreement is an arm's-length commercial transaction between the District and the Underwriter, (b) in connection therewith and with the discussions, undertakings and procedures leading up to the consummation of such transaction, the Underwriter is and has been acting solely as a principal and is not acting as an advisor (including, without limitation, a Municipal Advisor, as such term is defined in Section 975(e) of the Dodd Frank Wall Street Reform and Consumer Protection Act), agent or fiduciary of the District, (c) the Underwriter has not assumed an advisory or fiduciary responsibility in favor of the District with respect to the offering contemplated hereby or the discussions, undertakings and procedures leading thereto (irrespective of whether the Underwriter or any affiliate of the Underwriter has provided other services or is currently providing other services to the District on other matters) and the Underwriter has no obligation to the District with respect to the offering contemplated hereby except the obligations expressly set forth in this Purchase Agreement, (d) the District has consulted its own legal, financial and other advisors to the extent it has deemed appropriate in connection with the offering of the Series 2024 Bonds, (e) the Underwriter has financial and other interests that differ from those of the District, and (f) the District has received the Underwriter's G-17 Disclosure Letter.

20. Establishment of Issue Price.

(a) The Underwriter agrees to assist the District in establishing the issue price of the Series 2024 Bonds and shall execute and deliver to the District at Closing an "issue price" or similar certificate, together with the supporting pricing wires or equivalent communications, substantially in the form attached hereto as Exhibit J, with such modifications as may be appropriate or necessary, in the reasonable judgment of the Underwriter, the District and Bond Counsel, to accurately reflect, as applicable, the sales price or prices or the initial offering price or prices to the public of the Series 2024 Bonds.

(b) Except as otherwise set forth in Exhibit A attached hereto, the District will treat the first price at which 10% of each maturity of the Series 2024 Bonds (the "10% test") is sold to the public as the issue price of that maturity (if different interest rates apply within a maturity, each separate CUSIP number within that maturity will be subject to the 10% test). At or promptly after the execution of this Purchase Agreement, the Underwriter shall report to the District the price or prices at which it has sold to the public each maturity of Series 2024 Bonds. If at that time the 10% test has not been satisfied as to any maturity of the Series 2024 Bonds, the Underwriter agrees to promptly report to the District the prices at which it sells the unsold Series 2024 Bonds of that maturity to the public. That reporting obligation shall continue, whether or not the Closing has occurred,

until the 10% test has been satisfied as to the Series 2024 Bonds of that maturity or until all Series 2024 Bonds of that maturity have been sold to the public.

(c) The Underwriter confirms that it has offered the Series 2024 Bonds to the public on or before the date of this Purchase Agreement at the offering price or prices (the "initial offering price"), or at the corresponding yield or yields, set forth in Exhibit A attached hereto. Exhibit A also sets forth, as of the date of this Purchase Agreement, the maturities, if any, of the Series 2024 Bonds for which the 10% test has not been satisfied and for which the District and the Underwriter agree that the restrictions set forth in the next sentence shall apply, which will allow the District to treat the initial offering price to the public of each such maturity as of the sale date as the issue price of that maturity (the "hold-the-offering-price rule"). So long as the hold-the-offering-price rule remains applicable to any maturity of the Series 2024 Bonds, the Underwriter will neither offer nor sell unsold Series 2024 Bonds of that maturity to any person at a price that is higher than the initial offering price to the public during the period starting on the sale date and ending on the earlier of the following:

- (1) the close of the fifth (5th) business day after the sale date; or
- (2) the date on which the Underwriter has sold at least 10% of that maturity of the Series 2024 Bonds to the public at a price that is no higher than the initial offering price to the public.

The Underwriter shall promptly advise the District when it has sold 10% of that maturity of the Series 2024 Bonds to the public at a price that is no higher than the initial offering price to the public, if that occurs prior to the close of the fifth (5th) business day after the sale date.

(d) The Underwriter acknowledges that sales of any Series 2024 Bonds to any person that is a related party to the Underwriter shall not constitute sales to the public for purposes of this section. Further, for purposes of this section:

- (1) "public" means any person other than an underwriter or a related party;
- (2) "underwriter" means (A) any person that agrees pursuant to a written contract with the District (or with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the Series 2024 Bonds to the public and (B) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (A) to participate in the initial sale of the Series 2024 Bonds to the public (including a member of a selling group or a party to a retail distribution agreement participating in the initial sale of the Series 2024 Bonds to the public);
- (3) a purchaser of any of the Series 2024 Bonds is a "related party" to an underwriter if the underwriter and the purchaser are subject, directly or indirectly, to (A) at least 50% common ownership of the voting power or the total value of their stock, if both entities are corporations (including direct ownership by one corporation of another), (B) more than 50% common ownership of their capital interests or profit

interests, if both entities are partnerships (including direct ownership by one partnership of another), or (C) more than 50% common ownership of the value of the outstanding stock of the corporation or the capital interests or profit interests of the partnership, as applicable, if one entity is a corporation and the other entity is a partnership (including direct ownership of the applicable stock or interests by one entity of the other); and

(4) "sale date" means the date of execution of this Purchase Agreement by all parties.

[Remainder of Page Intentionally Left Blank]

21. Entire Agreement. This Purchase Agreement when accepted by you in writing as heretofore specified shall constitute the entire agreement between us and is made solely for the benefit of the District and the Underwriter (including the successors or assigns of the District or the Underwriter). No other person shall acquire or have any right hereunder or by virtue hereof.

Re: **[\$[Bond Amount] Grande Pines Community Development District
(Orange County, Florida) Special Assessment Revenue Bonds, Series
2024 (Assessment Area Two)**

Ladies and Gentlemen:

We have acted as counsel for the Grande Pines Community Development District, a community development district (the "District") established pursuant to Chapter 190, *Florida Statutes*, by Ordinance bearing documentary number 2019-17, enacted by the Board of County Commissioners of Orange County, Florida, on October 22, 2019, effective October 31, 2019, and other applicable provisions of law in connection with the issuance by the District of its \$[Bond Amount] Grande Pines Community Development District Special Assessment Revenue Bonds, Series 2024 (Assessment Area Two) (the "Series 2024 Bonds").

The Series 2024 Bonds are being issued to (i) finance the cost of acquisition, construction, installation and equipping of a portion of the Assessment Area Two Capital Improvement Program; (ii) pay certain costs associated with the issuance of the Series 2024 Bonds; (iii) pay a portion of the interest accruing on the Series 2024 Bonds; and (iv) fund the 2024 Reserve Account.

The Series 2024 Bonds are to be issued under and pursuant to Chapter 190, *Florida Statutes*, as amended (the "Act"), and secured pursuant to the provisions of a Master Trust Indenture, dated as of March 1, 2021, as supplemented by a Second Supplemental Trust Indenture, dated as of March 1, 2024 (collectively, the "Indenture"), each by and between the District and U.S. Bank Trust Company, National Association, as successor in interest to U.S. Bank National Association, as trustee (the "Trustee"), approved by Resolution No. 2020-14 and Resolution No. 2024-[], duly adopted on November 18, 2019 and February [19], 2024, respectively (collectively the "Bond Resolution"). The Series 2024 Assessments (the "Special Assessments") have been levied by the District on a portion of the lands within the District pursuant to Resolution No. 2024-[] and Resolution No. 2024-[], each adopted by the Board on February [19], 2024, and Resolution No. 2024-[] and Resolution No. 2024-[], adopted by the Board on March [], 2024 (collectively, the "Assessment

Resolution"). Capitalized terms used and not otherwise defined herein shall have the meaning ascribed to them in the Indenture.

The District adopted the [Master Assessment Methodology for Grande Pines Community Development District], dated [____], 2024, as supplemented by the [Preliminary Supplemental Assessment Methodology for Grande Pines Community Development District Special Assessment Revenue Bonds Series 2021 (Assessment Area One)], dated [____], 2024 (collectively, the "Supplemental Report"). The Supplemental Report sets forth the terms of the Special Assessments for the Series 2024 Bonds and incorporates a final special assessment roll for the Series 2024 Bonds.

In our capacity as counsel to the District, we have examined such documents as we have deemed necessary or appropriate in rendering the opinions set forth below, including, but not limited to (i) the Bond Resolution; (ii) the Assessment Resolution (which, together with the Bond Resolutions, hereinafter, the "District Resolutions"); (iii) the Indenture; (iv) the Bond Purchase Agreement, dated [BPA Date] (the "Purchase Contract"); (v) the Continuing Disclosure Agreement, dated as of [Closing Date]; (vi) the Completion Agreement Between the District and the Developer regarding the Completion and Conveyance of Certain Improvements (Series 2024 Bonds), dated as of [____], 2024; (vii) the Agreement Between the Developer and the District Regarding the True-Up and Payment for Special Assessment Bonds, Series 2024 (Assessment Area Two Capital Improvement Program), dated as of [____], 2024; (viii) the Agreement By and Between the District and the Developer Regarding the Acquisition of Certain Work Product and Infrastructure for Special Assessment Revenue Bonds, Series 2024 (2024 Project), dated as of [____], 2024; (ix) the Collateral Assignment and Assumption of Development Rights Relating to Series 2024 Bonds, dated as of [____], 2024; (x) the Tri-Party Agreement and Covenant on the Land Relating to Consent to Jurisdiction, Imposition of Special Assessments and Subordination of Interests, dated as of [____], 2024; and (xi) the Limited Offering Memorandum (the "Offering Memorandum"), and such other documents as we have deemed necessary or appropriate in rendering the opinions set forth below. The Indenture, the Purchase Contract, the Continuing Disclosure Agreement, the Completion Agreement, the Acquisition Agreement, the True-Up Agreement and the Tri-Party Agreement shall be referred to herein as the "Financing Documents."

In rendering the following opinion, we have reviewed certified proceedings, resolutions and documents, have relied, with your approval, as to factual matters that affect our opinion, solely on our examination of such documents (and we have assumed that all statements made therein are true, complete and accurate as of the effective date hereof), and have made no verification of the facts asserted to be true and correct therein.

In rendering our opinion, we have assumed in good faith (i) the genuineness of the signatures of all persons executing instruments or documents examined or relied upon by us (except for those of the District); (ii) the authenticity of all documents submitted to us as originals; and (iii) the conformity with the original documents of all documents submitted to us as certified or as photostatic or xerographic copies. In addition, we have relied in good faith upon certificates of public officials as to matters contained therein and upon the certificates of the District as to matters of fact. Any opinion expressed herein as being made "to the best of our knowledge" is based upon our having made due inquiry of the District or our having actual knowledge as a result of our representation of the District in

other matters, but not upon our having made an independent investigation. We specifically exclude any opinion as to the applicability or effect of any federal or state laws, rules or regulations relating to taxation (including, but not limited to, the taxation of income).

Based on the foregoing, and on current laws, facts, circumstances, and upon such other information and documents furnished to us and such inquiries as we deem necessary or appropriate, and subject to the qualifications and assumptions set forth in this letter, we are of the opinion that,

1. The District has been established and validly exists as a community development district and an independent local unit of special purpose government under applicable Florida law. The Financing Documents and the Series 2024 Bonds have been duly authorized, executed and delivered, and assuming due execution by the other party(s) thereto, if applicable, the Financing Documents and the District Resolutions constitute legal, valid and binding obligations of the District, enforceable and in accordance with their respective terms (except as enforcement may be limited by bankruptcy, insolvency, reorganization, moratorium, fraudulent conveyance and transfer, and similar law affecting the rights of creditors' generally, and provided that no opinion need be expressed, nor is, as to the availability of equitable remedies). This does not mean that any particular remedy is available or enforceable upon a material default or that every provision of the referenced documents will be upheld or enforced in any or each circumstance by a court; nevertheless, subject to the bankruptcy and the equitable remedies limitations, such unenforceability will not render the Financing Documents invalid as a whole, or substantially interfere with the practical realization of the principal benefits purported to be provided by the Financing Documents.

2. Based solely upon the District Certificate, the District Manager Certificate and our service as Registered Agent for the District, there is no action, suit or proceeding at law or in equity by or before any court or public board or body pending or, to our knowledge, threatened against the District (a) contesting the existence or powers of the Board or the titles of the respective officers of the Board to their respective offices; (b) seeking to restrain or enjoin the issuance, sale, execution or delivery of the Series 2024 Bonds; (c) contesting or affecting, specifically as to the District, the validity or enforceability of the Act or any action of the District related to the authorization for the issuance of the Series 2024 Bonds, the District Resolutions, the Financing Documents or application of the proceeds of the Series 2024 Bonds for the purposes set forth in the Offering Memorandum; (d) specifically contesting the exclusion from federal gross income of interest on the Series 2024 Bonds; or (e) contesting the completeness or accuracy of the Offering Memorandum.

3. The District has duly authorized, executed, and delivered the Offering Memorandum.

4. Based upon our participation in the preparation of the Offering Memorandum as District Counsel, nothing has come to our attention which would lead us to believe that the statements contained in the Offering Memorandum under the captions "INTRODUCTION," "THE DISTRICT" (other than the information contained under the sub caption, "District Manager and Other Consultants"), under the sub captions "Collateral Assignment," "True-Up Agreement" and "Completion Agreement" under the caption "SECURITY FOR AND SOURCE OF PAYMENT OF THE SERIES 2024 BONDS,"

"DISCLOSURE REQUIRED BY FLORIDA BLUE SKY REGULATIONS," "VALIDATION," "LITIGATION" and "CONTINUING DISCLOSURE" (as such relates to the District), insofar as such statements purport to describe the District, contain an untrue statement of a material fact or omit to state any material fact necessary to make the statements, in light of the circumstances under which they were made, not misleading.

5. The District is not, to the best of our knowledge, in any manner material to the issuance of the Series 2024 Bonds, in breach of or default under any applicable provision of the Act or constitutional provision, statute, or administrative regulation of the State or the United States, or, to the best of our knowledge, any applicable judgment or decree, any loan agreement, indenture, bond, note, resolution, agreement, or any other material instrument to which the District is a party or to which the District or any of its property or assets is otherwise subject, and to the best of our knowledge, no event has occurred and is continuing which with the passage of time or the giving of notice, or both, would constitute a material default or event of default by the District under any such instrument; provided, however, that no opinion is expressed as to compliance with any state or federal tax laws or with any state "Blue Sky" or other securities laws, as may be applicable.

6. The execution and delivery of the Series 2024 Bonds, the Financing Documents, and the adoption of the District Resolutions and compliance with the provisions on the District's part contained therein will not conflict with or constitute a breach of or default under any applicable constitutional provision or law, or to the best of our knowledge, under any administrative regulation, judgment, decree, loan agreement, indenture, bond, note, resolution, agreement or other instrument to which the District is a party or to which the District or any of its property or assets is otherwise subject, nor will any such execution, delivery, adoption or compliance result in the creation or imposition of any lien, charge or other security interest or encumbrance of any nature whatsoever upon any of the property or assets of the District or under the terms of any such law, regulation or instrument, except as expressly provided by the Series 2024 Bonds and the Indenture. To the best of our knowledge after due inquiry, the District has taken no action which, with the lapse of time or the giving of notice, or both would constitute a material default or event of default by the District under the Series 2024 Bonds or the Financing Documents.

7. To the best of our knowledge and based solely on a certificate of the District Engineer, all consents, permits or licenses, and all notices to or filings with governmental authorities necessary for the consummation by the District of the transactions described in the Offering Memorandum and contemplated by the Indenture required to be obtained or made, have been obtained or made or there is no reason to believe they will not be obtained or made when required, provided that no opinion is expressed as to the applicability of or compliance with tax laws, any state "Blue Sky" laws or other securities laws.

8. The District has the right and authority under the Act and other state law to adopt the District Resolutions, to issue the Series 2024 Bonds, and to levy the Special Assessments that will secure the Series 2024 Bonds and has duly adopted the District Resolutions.

9. All proceedings undertaken by the District with respect to the Special Assessments securing the Series 2024 Bonds, were undertaken in accordance with Florida

law, and the District has taken all necessary action as of the date hereof to levy and impose the Special Assessments. The Special Assessments constitute legal, valid, binding and enforceable first liens upon the property against which such Special Assessments are assessed, co-equal with the lien of all state, county, district and municipal taxes and assessments, and superior in dignity to all other liens, titles and claims, until paid.

We do not express any opinion herein concerning any laws other than the laws of the State of Florida and the federal laws of the United States of America. To the extent that the opinions expressed herein relate to or are dependent upon the determination that the interest on the Series 2024 Bonds is excluded from gross income of the owners of the Series 2024 Bonds for federal income tax purposes, we understand that you are relying upon the opinions of Akerman LLP delivered on the date hereof, and no opinion is expressed herein as to such matters.

Although various documents are dated effective as of March 1, 2024, no opinion is rendered herein that such documents were in existence on the effective date if such effective date is prior to the date hereof.

This opinion is rendered solely in connection with the transaction to which this opinion relates, as contemplated by the Indenture. This opinion may be relied upon by you only in connection with this transaction and may not be relied upon by any other person or entity (regardless of whether such other person or entity is related or affiliated with you), nor used for any other purpose or published in whole or part, in each instance, without, in each instance, our prior written consent.

Sincerely,

There is no reason to believe that the necessary water and sewer capacity will not be available when needed to permit the development of the Development as described in the Limited Offering Memorandum.

In addition, the Developer is

8. The Developer hereby consents to the levy of the Series 2024 Assessments on the lands in the District owned by the Developer. Ladies and Gentlemen:

We are counsel to Park Square Grande Pines Phase 2, LLC, a Florida limited liability company (the "**Master Developer**"), and Park Square Enterprises, LLC, a Delaware limited liability company authorized to transact business in Florida ("**Park Square**") (Master Developer and Park Square are sometimes referred to herein, individually or collectively as the context requires, as the "**Developer**") in connection with the issuance by Grande Pines Community Development District (the "**District**") of its Special Assessment Revenue Bonds, Series 2024 (Assessment Area Two) in the amount of \$[Bond Amount] (the "**Series 2024 Bonds**"), as described in the District's Limited Offering Memorandum dated [BPA Date] (together with all Appendices attached thereto, the "**Limited Offering Memorandum**"). This opinion letter is furnished to you at your request and is given with the consent of the Developer in satisfaction of the requirement under Section 8(c)(20) of that certain Bond Purchase Agreement, dated [BPA Date] (the "**Purchase Contract**") between the District and MBS Capital Markets, LLC, in connection with the sale and purchase of the Series 2024 Bonds.

Capitalized terms used, but not defined, herein shall have the meanings assigned thereto in the Purchase Contract or in the Limited Offering Memorandum.

In our capacity as special counsel to the Developer, we have examined the following documents relating to the Series 2024 Bonds, all of which are dated as of March 1, 2024, unless otherwise indicated below:

- (a) the Limited Offering Memorandum; and
- (b) the Completion Agreement Between the District and the Developer regarding the Completion and Conveyance of Certain Improvements (Series 2024 Bonds) between the District and the Developer; and

(g) the Collateral Assignment and Assumption of Development Rights Relating to Series 2024 Bonds, between the District and the Developer (the "**Collateral Assignment**"); and

(h) the Tri-Party Agreement and Covenant on the Land Relating to Consent to Jurisdiction, Imposition of Special Assessments and Subordination of Interests among the District, the Master Developer and R2R Capital – PS Paradiso Grande Lender, LLC; and

(i) the Certificate of Master Developer (the "**Developer Closing Certificate**").

The documents listed above in subparagraphs "(b)" through "(h)" shall be herein referred to as the "**Financing Documents**".

In connection with rendering the opinions set forth in this opinion letter, we have reviewed corporate certificates from the Developer, to which are attached originals or copies of the organizational and authorization documents of the Developer, all as set forth on the attached **Exhibit "A"** (the "**Corporate Certificates**"). With your consent, we have relied upon, and assumed the accuracy of, and the representations and warranties contained in, the Financing Documents and the Developer Closing Certificate described above, and in the Corporate Certificates, with respect to the factual matters set forth therein. However, no opinion is rendered hereunder as to the accuracy of the representations and warranties contained in any such documents or certificates.

We have, with your consent, assumed that certificates of public officials dated earlier than the date of this opinion letter remain accurate from such earlier dates through and including the date of this opinion letter.

Additionally, in our capacity as counsel to the Developer, we have obtained such certificates and assurances from the Developer and others, and made such examination of law and reviewed such other documents, instruments and certificates as we have deemed

necessary or appropriate in rendering the opinions set forth below. In particular, we have relied upon and assumed the truth and accuracy and completeness of the Certificate of District Engineer executed by Poulos & Bennett, LLC dated [Closing Date] (the "**Engineer's Certificate**").

In rendering the opinions set forth herein, we have relied, without investigation, on each of the following assumptions: (a) the legal capacity of each natural person to take all actions required of each such person in connection with the Financing Documents; (b) the legal existence of each party to the Financing Documents other than the Developer; (c) the power of each party to the Financing Documents, other than the Developer, to execute, deliver and perform all Financing Documents executed and delivered by such party and to do each other act done or to be done by such party; (d) the authorization, execution and delivery by each party, other than the Developer, of each Financing Document executed and delivered or to be executed and delivered by such party; (e) the validity, binding effect and enforceability as to each party, other than the Developer (and with respect to the Developer only to the extent expressly provided in this opinion letter), of each Financing Document executed and delivered by such party or to be executed and delivered and of each other act done or to be done by such party; (f) there have been no undisclosed modifications of any provision of any document reviewed by us in connection with the rendering of this opinion letter and no undisclosed prior waiver of any right or remedy contained in any of the Financing Documents; (g) the genuineness of each signature, the completeness of each document submitted to us, the authenticity of each document reviewed by us as an original, the conformity to the original of each document reviewed by us as a copy and the authenticity of the original of each document received by us as a copy; (h) the truthfulness of each statement as to all factual matters otherwise not known to us to be untruthful or unreliable contained in any document encompassed within the diligence review undertaken by us; (i) each certificate or other document issued by a public authority is accurate, complete and authentic as of the date of the opinion letter, and all official public records (including their proper indexing and filing) are accurate and complete; (j) each recipient of the opinion letter has acted in good faith, without notice of any defense against enforcement of rights created by, or adverse claim to any property transferred or created as part of, the Financing Documents, and has complied with all laws applicable to it that affect the Financing Documents; (k) the Financing Documents and the conduct of the parties to the Financing Documents comply with any requirement of good faith, fair dealing and conscionability; (l) routine procedural matters such as service of process or qualification to do business in the relevant jurisdiction(s) will be satisfied by the parties seeking to enforce the Financing Documents; (m) agreements (other than the Financing Documents as to which opinions are being given) and judgments, decrees and orders reviewed in connection with rendering the opinions will be enforced as written; (n) no discretionary action (including a decision not to act) that is permitted in the Financing Documents will be taken by or on behalf of the Developer in the future that might result in a violation of law or constitute a breach of or default under any of the Developer's other agreements or under any applicable court order; (o) there are no agreements or understandings among the parties, written or oral, and there is no usage of trade or course of prior dealing among the parties that would, in either case, define, supplement, modify or qualify the terms of the Financing Documents or the rights of the parties thereunder; and (p) with respect to the Financing Documents, including the inducement of the parties to enter into and perform their respective obligations thereunder, there has been no mutual mistake of fact or undue influence and there exists no fraud or duress.

When used in this opinion letter, the phrases "to our knowledge," "known to us", "to our attention" or the like means the conscious awareness of the lawyers in the "primary lawyer group" of factual matters such lawyers recognize as being relevant to the opinion or confirmation so qualified. Such phrases do not imply that we have undertaken any independent investigation within our firm, with the Developer or with any third party to determine the existence or absence of any facts or circumstances, and no inference should be drawn merely from our past or current representation of the Developer. Where any opinion or confirmation is qualified by the phrase "to our knowledge," "known to us", "to our attention" or the like, it means that the lawyers in the "primary lawyer group" are without any actual knowledge or conscious awareness that the opinion or confirmation is untrue in any respect material to the opinion or confirmation. For purposes of this opinion letter, "primary lawyer group" means: (i) the lawyer who signs his or her name or the name of the firm to this opinion letter, (ii) the lawyers currently in the firm who are actively involved in preparing or negotiating this opinion letter, and (iii) the lawyers currently in the firm who are actively involved in negotiating or documenting the Financing Documents.

Based on the foregoing and subject to the assumptions, limitations and qualifications set forth herein, we are of the opinion that:

1. The Master Developer is a limited liability company organized and existing under the laws of the State of Florida. Park Square is a limited liability company organized and existing under the laws of the State of Delaware and, based solely on the Florida Good Standing Certificate (as defined on **Exhibit "A"** attached hereto), is authorized to transact business in the State of Florida.

2. Each Developer has the limited liability company power under such Developer's Organizational Documents (as defined on **Exhibit "A"** attached hereto) to conduct its business and to undertake its obligations with respect to the development of the Assessment Area One Capital Improvement Program.

3. The execution and delivery of those Financing Documents to which each of Master Developer and Park Square is a party have been duly authorized by all necessary limited liability company action. The Financing Documents to which each of Master Developer and Park Square is a party are the legal, valid and binding obligations of Master Developer and Park Square, enforceable against Master Developer and Park Square in accordance with their respective terms under the laws of the State of Florida (the "**State**").

4. The execution, delivery and performance of the Financing Documents by the Developer do not (i) violate Developer's Organizational Documents, (ii) constitute a breach of or default under any agreement or instrument known to us to which the Developer is a party or by which Developer's assets are or may be bound, or (iii) violate any of the Applicable Laws, or (iv) violate any judgment, decree or order of any administrative tribunal applicable to the Developer that is known to us.

5. To our knowledge, based solely on the Engineer's Certificate and without reference to building permits, certificates of occupancy and other permits that will be required for the construction of residences on the developed lots, no permits or approvals are required for the Developer to complete the development of lots within Assessment Area Two other than (i) the permits and approvals already obtained, and (ii) the approval by

applicable governmental agencies of the completed development of Assessment Area Two upon completion of such development, and (iii) approval by the Orange County Board of County Commissioners and recording of the final Plats for Assessment Area Two, and (iv) other permits and approvals which the District Engineer has stated in the Engineer's Certificate it is reasonable to believe will be obtained when required.

6. The levy of the Series 2024 Assessments on the assessable lands within Assessment Area Two will not constitute a breach of or default under any agreement, indenture or other instrument known to us to which the Developer is a party or to which the Developer or Assessment Area Two is subject.

7. There is no litigation known to us that is pending or threatened against the Developer which would prevent or prohibit the development of Assessment Area Two.

8. To our knowledge, based upon representations of the Developer and a search of the Court records described on **Exhibit "B"**, Developer has not made an assignment for the benefit of creditors, filed a petition in bankruptcy, petitioned or applied to any tribunal for the appointment of a custodian, receiver or any trustee or commenced any proceeding under any bankruptcy, reorganization, arrangement, readjustment of debt, dissolution or liquidation law or statute in the State. To our knowledge, based solely on representations made by the Developer, the Developer has not indicated its consent to, or approval of, or failed to object timely to, any petition in bankruptcy, application or proceeding or order for relief or the appointment of a custodian, receiver or any trustee.

9. To our knowledge, no notice of default has been received by the Developer or this law firm from any mortgagee of the property which is the subject of Assessment Area Two, nor from any applicable governmental authority having jurisdiction over Assessment Area Two, which default would have a material adverse effect on the development of Assessment Area Two.

10. Nothing has come to our attention that would lead us to believe the information contained in the Limited Offering Memorandum under the captions "THE CAPITAL IMPROVEMENT PROGRAM AND THE PHASE 2 CIP," "THE DEVELOPER," "THE DEVELOPMENT", and "LITIGATION – Developer" does not accurately and fairly present the information purported to be summarized therein, and no facts have come to our attention that would lead us to believe that such information contained therein as of the respective dates of the Limited Offering Memorandum or as of the date hereof contains any untrue statement of a material fact, or omits to state any material fact necessary to make the statements made therein, in light of the circumstances under which they were made, not misleading. Expressly excluded from our review, and from the foregoing negative reassurance, are the following described portions of the above listed captions:

- (a) any Assessment Area other than Assessment Area Two;
- (b) the Engineer's Report, and cost information;
- (c) the terms of the Indenture and what the District anticipates with respect to additional bonds;

(d) Developer's expectations and what it anticipates will occur, including without limitation the timing of development, cost estimates, and absorption rates;

(e) the sub-captions "Recreation and Lifestyle Amenities," "Fees and Assessments", and "Competition".

When used in this opinion letter, the term "**Applicable Laws**" means the federal and Florida laws, rules and regulations that a Florida counsel exercising customary professional diligence would reasonably be expected to recognize as being applicable to the Financing Documents or the transactions contemplated by the Financing Documents, but excluding the laws, rules and regulations set forth below.

The following federal and Florida laws, rules and regulations are expressly excluded from the scope of this opinion letter: (a) commodities and securities laws, rules and regulations; (b) Federal Reserve Board margin regulations; (c) laws, rules and regulations regulating banks and other financial institutions, insurance companies and investment companies (including without limitation the Dodd-Frank Wall Street Reform and Consumer Protection Act); (d) pension and employee benefit laws, rules and regulations, including without limitation the Employee Retirement Income Security Act (ERISA); (e) labor laws, rules and regulations, including laws on occupational safety and health (OSHA); (f) antitrust and unfair competition laws, rules and regulations; (g) laws, rules and regulations concerning compliance with fiduciary requirements; (h) laws, rules and regulations concerning the creation, attachment, perfection or priority of any lien or security interest, except to the extent expressly set forth in this opinion letter; (i) laws, rules and regulations relating to taxation; (j) bankruptcy, fraudulent conveyance, fraudulent transfer and other insolvency laws; (k) environmental laws, rules and regulations; (l) laws, rules and regulations relating to patents, copyrights, trademarks, trade secrets and other intellectual property; (m) local laws, administrative decisions, ordinances, rules or regulations, including any zoning, planning, building, occupancy or other similar approval or permit or any other ordinance or regulation of any county, municipality, township or other political subdivision of the State of Florida; (n) criminal and state forfeiture laws and any racketeering laws, rules and regulations; (o) other statutes of general application to the extent that they provide for criminal prosecution; (p) laws relating to terrorism or money laundering; (q) laws, regulations and policies concerning national and local emergency and possible judicial deference to acts of sovereign states; (r) filing or consent requirements under any of the foregoing excluded laws; and (s) judicial and administrative decisions to the extent they deal with any of the foregoing excluded laws.

The foregoing opinions are subject to the following exceptions, qualifications and limitations:

We did not physically witness the execution and delivery of the Financing Documents, and our opinions herein regarding the execution and delivery of the Financing Documents by the Developer are based, in part, on our review of copies of executed signature pages for such Financing Documents provided to us (electronically or otherwise).

Except as expressly stated above, we express no opinion as to any permits, licenses, consents, approvals, authorizations or other actions or filings necessary or required for the Developer to complete the development of Assessment Area Two.

The opinion regarding enforceability of the Financing Documents that is contained in paragraph 3 above is limited by: (i) bankruptcy, insolvency, reorganization, moratorium, fraudulent conveyance and transfer, and similar law affecting the rights and remedies of contract parties generally (the "**Bankruptcy Exception**"); and (ii) general principles of equity, regardless of whether such enforceability is considered in a proceeding at law or in equity (the "**Equitable Principles Limitation**"); and (iii) rights of third parties that may be acquired in the Development and Contract Rights prior to the inchoate lien created therein by the Collateral Assignment becoming effective and title thereto acquired by the assignee under said Collateral Assignment by judicial foreclosure or otherwise. In addition, certain remedies, waivers and other provisions of the Financing Documents might not be enforceable; nevertheless, subject to the Bankruptcy Exception and the Equitable Principles Limitation, such unenforceability will not render the Financing Documents invalid as a whole or substantially interfere with the practical realization of the principal benefits purported to be provided by the Financing Documents.

No opinion is expressed herein with respect to any provision of the Financing Documents that: (a) purports to excuse a party from liability for the party's own acts; (b) purports to make void any act done in contravention thereof; (c) purports to authorize a party to act in the party's sole discretion or purports to provide that determination by a party is conclusive; (d) requires waivers or amendments to be made only in writing; (e) purports to effect waivers of: (i) constitutional, statutory or equitable rights, (ii) the effect of applicable laws, (iii) any statute of limitations, (iv) broadly or vaguely stated rights, (v) unknown future defenses, or (vi) rights to damages; (f) imposes or permits: (i) liquidated damages, (ii) the appointment of a receiver, (iii) penalties, (iv) indemnification for gross negligence, willful misconduct or other wrongdoing, (v) confessions of judgment, or (vi) rights of self-help or forfeiture; (g) purports to limit or alter laws requiring mitigation of damages; (h) concerns choice of forum, consent or submission to the personal or subject matter jurisdiction of courts, venue of actions, means of service of process, waivers of rights to jury trials, and agreements regarding arbitration; (i) purports to reconstitute the terms thereof as necessary to avoid a claim or defense of usury; (j) purports to require a party thereto to pay or reimburse attorneys' fees incurred by another party, or to indemnify another party therefor, which provisions may be limited by applicable statutes and decisions relating to the collection and award of attorneys' fees; (k) relates to the evidentiary standards or other standards by which the Financing Documents are to be construed, including, but not limited to, provisions that attempt to change or waive rules of evidence or fix the method or quantum of proof to be applied in litigation or similar proceedings; (l) prohibits or unreasonably restricts: (i) competition, (ii) the solicitation or acceptance of customers, business relationships or employees, (iii) the use or disclosure of information, or (iv) activities in restraint of trade; (m) enumerates that remedies are not exclusive or that a party has the right to pursue multiple remedies without regard to other remedies elected or that all remedies are cumulative; (n) constitutes severability provisions; (o) permits the exercise, under certain circumstances, of rights without notice or without providing opportunity to cure failures to perform; (p) purports to create rights to setoff otherwise than in accordance with applicable law; (q) contains a blanket prohibition or restriction on assignments of a Financing Document or a specific prohibition or restriction on assignment of payments due or to come due; (r) purports to entitle any party to specific performance of any provision thereof; or (s) purports to bind affiliates or successors in interest of the Developer to the agreements, assignments and obligations of the Developer.

No opinions are expressed with respect to the status of title to the Development & Contract Rights (the "**Collateral**") described in the Collateral Assignment nor with respect to the relative priority of any collateral assignment, liens or security interests created by the Collateral Assignment. We assume that: (i) "value" has been given to the Developer in connection with the transactions contemplated by the Financing Documents, and (ii) the Developer has rights in the Collateral. We express no opinion with respect to: (a) the creation, attachment or perfection of any lien or security interest; (b) the priority of any lien or security interest; (c) what other Florida law or law of another state governs the perfection or effect of perfection or non-perfection of the lien or security interest in any particular item or items of the Collateral; and (d) any Collateral that is not subject to Article 9 of the Florida UCC. We assume that the descriptions of the Collateral sufficiently identify the collateral intended to be covered thereby and that the information regarding the assignor debtor and the assignee secured party contained in the Collateral Assignment is correct and complete. Our opinion in paragraph 3 regarding the enforceability of the Collateral Assignment is further limited by the Bankruptcy Exception and the Equitable Principles Limitation. In addition, we call to your attention that a lien or security interest in certain kinds of collateral, such as rights under contracts and agreements, may be subject to and limited by the terms of any agreements under which the collateral exists and by the terms of the agreements and contracts themselves.

The opinions expressed above are based solely on the laws of the State as of the date hereof. Accordingly, we express no opinion nor make any statement regarding the effect or application of the law of any other state or jurisdiction.

This opinion letter is furnished to you solely for your benefit in connection with the transactions contemplated by the Financing Documents and may not be relied upon by any other party without our prior written consent in each instance. The delivery of this opinion to the addressees does not create, and shall not be deemed to create, an attorney-client relationship. This opinion letter speaks only as of the date hereof; we have no responsibility or obligation to update or supplement this opinion letter, to consider its applicability or correctness to any person other than the addressee, or to take into account changes in law, facts or other developments of which we may later become aware. We assume no obligation to update or supplement this opinion letter if any applicable laws change after the date of this opinion letter or if we become aware after the date of this opinion letter of any facts or other developments, whether existing before or first arising after the date hereof, that might change the opinions expressed above.

GRANDE PINES COMMUNITY DEVELOPMENT DISTRICT
[\$[Bond Amount] Special Assessment Revenue Bonds, Series 2024
(Assessment Area Two)

The undersigned, on behalf of **MBS CAPITAL MARKETS, LLC** ("MBS"), hereby certifies as set forth below with respect to the sale and issuance of the above-captioned obligations (the "Series 2024 Bonds"). Capitalized terms shall have the meaning ascribed in Section 2 hereof.

MBS and the District entered into a Bond Purchase Agreement on the Sale Date in connection with the sale of the Series 2024 Bonds (the "Purchase Agreement"). Pursuant to the terms of the Purchase Agreement, MBS made a bona fide limited offering of the Series 2024 Bonds to a portion of the Public representing accredited investors as required by Florida law at the prices or yields for each such maturity as shown on the cover page of the Limited Offering Memorandum, dated [BPA Date], relating to the Series 2024 Bonds.

1. Sale of the Series 2024 Bonds. As of the date of this certificate, for each Maturity of the Series 2024 Bonds, the first price at which at least 10% of such Maturity was sold to the Public is the respective price listed in Schedule A.

2. Defined Terms.

(a) *District* means Grande Pines Community Development District.

(b) *Maturity* means Series 2024 Bonds with the same credit and payment terms. Series 2024 Bonds with different maturity dates, or Series 2024 Bonds with the same maturity date but different stated interest rates, are treated as separate maturities.

(c) *Public* means any person (including an individual, trust, estate, partnership, association, company, or corporation) other than an Underwriter or a related party to an Underwriter. The term "related party" for purposes of this certificate generally means any two or more persons who have greater than 50% common ownership, directly or indirectly.

(d) *Sale Date* means the first day on which there is a binding contract in writing for the sale of a Maturity of the Series 2024 Bonds. The Sale Date of the Series 2024 Bonds is [BPA Date].

(e) *Underwriter* means (i) any person that agrees pursuant to a written contract with the District to participate in the initial sale of the Series 2024 Bonds to the Public, and (ii) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (i) of this paragraph to participate in the initial sale of the Series 2024 Bonds to the Public (including a member of a selling group or a party to a retail distribution agreement participating in the initial sale of the Series 2024 Bonds to the Public).

3. Reserve Account. A reserve account in an amount equal to the 2024 Reserve Account Requirement was necessary in order to market and sell the Series 2024 Bonds given the nature of the Series 2024 Bonds which are secured by special assessments and the delinquent assessment collection procedures related thereto.

The representations set forth in this certificate are limited to factual matters only. Nothing in this certificate represents MBS' interpretation of any laws, including specifically Sections 103 and 148 of the Internal Revenue Code of 1986, as amended, and the Treasury Regulations thereunder. The undersigned understands that the foregoing information will be relied upon by the District with respect to certain of the representations set forth in the Arbitrage Certificate executed by the District in connection with the issuance, sale and delivery of the Series 2024 Bonds and with respect to compliance with the federal income tax rules affecting the Series 2024 Bonds, and by Bond Counsel in connection with rendering its opinion that the interest on the Series 2024 Bonds is excluded from gross income for federal income tax purposes, the preparation of the Internal Revenue Service Form 8038-G, and other federal income tax advice that it may give to the District from time to time relating to the Series 2024 Bonds.

NOT RATED

In the opinion of Bond Counsel, assuming compliance with existing statutes, regulations, published rulings and court decisions, and assuming continuing compliance by the District with the tax covenants set forth in the Indenture, and the accuracy of certain representations included in the closing transcript for the Series 2024 Bonds, interest on the Series 2024 Bonds is, under Section 103 of the Code, excludable from gross income for federal income tax purposes and is not a specific preference item for purposes of the federal alternative minimum tax; however, such interest is taken into account in determining the adjusted financial statement income of applicable corporations for the purpose of computing the alternative minimum tax imposed on such corporations. See "TAX MATTERS" herein for a description of certain other federal tax consequences of ownership of the Series 2024 Bonds. Bond Counsel is further of the opinion that, pursuant to the Act, the Series 2024 Bonds and the interest thereon are exempt from taxation under the laws of the State of Florida, except as to estate taxes and taxes imposed by Chapter 220, Florida Statutes, on interest, income or profits on debt obligations owned by corporations as defined in Chapter 220.

THE SERIES 2024 BONDS INVOLVE A DEGREE OF RISK (SEE "BONDOWNERS' RISKS" HEREIN) AND ARE NOT SUITABLE FOR ALL INVESTORS (SEE "SUITABILITY FOR INVESTMENT" HEREIN). THE UNDERWRITER IS LIMITING THE OFFERING OF THE SERIES 2024 BONDS TO ACCREDITED INVESTORS WITHIN THE MEANING OF THE RULES OF THE FLORIDA DEPARTMENT OF FINANCIAL SERVICES. HOWEVER, THE LIMITATION OF THE INITIAL OFFERING OF THE SERIES 2024 BONDS TO ACCREDITED INVESTORS DOES NOT DENOTE RESTRICTIONS ON TRANSFERS IN ANY SECONDARY MARKET FOR THE SERIES 2024 BONDS. THE SERIES 2024 BONDS ARE NOT CREDIT ENHANCED AND ARE NOT RATED AND NO APPLICATION HAS BEEN MADE FOR CREDIT ENHANCEMENT OR A RATING WITH RESPECT TO THE SERIES 2024 BONDS, NOR IS THERE ANY REASON TO BELIEVE THAT THE DISTRICT WOULD HAVE BEEN SUCCESSFUL IN OBTAINING EITHER CREDIT ENHANCEMENT OR A RATING FOR THE SERIES 2024 BONDS HAD APPLICATION BEEN MADE.

This cover page contains information for quick reference only. It is not, and is not intended to be, a summary of the Series 2024 Bonds. LIMITED OFFERING MEMORANDUM

relating to

**GRANDE PINES COMMUNITY DEVELOPMENT DISTRICT
(Orange County, Florida)
\$5,660,000* Special Assessment Revenue Bonds, Series 2024
(Assessment Area Two)**

INTRODUCTION

The purpose of this Limited Offering Memorandum, including the cover page and appendices hereto, is to set forth certain information concerning the Grande Pines Community Development District (the "District") in connection with the offering and issuance by the District of its \$5,660,000* Special Assessment Revenue Bonds, Series 2024 (Assessment Area Two) (the "Series 2024 Bonds").

The Series 2024 Bonds are being issued pursuant to the Act (hereinafter defined) and a Master Trust Indenture dated as of March 1, 2021 (the "Master Indenture"), between the District and U.S. Bank Trust Company, National Association, as successor in interest to U.S. Bank National Association, as trustee (the "Trustee"), as supplemented by a Second Supplemental Trust Indenture dated as of March 1, 2024, between the District and the Trustee (the "Supplemental Indenture" and, together with the Master Indenture, the "Indenture"), and resolutions adopted by the Board of Supervisors of the District (the "Board") on November 18, 2019 and February [19], 2024, authorizing the issuance of the Series 2024 Bonds. All capitalized terms used in this Limited Offering Memorandum that are defined in the Indenture and not defined herein shall have the respective meanings set forth in the Indenture, which appears in composite APPENDIX C attached hereto.

The District was created pursuant to the Uniform Community Development District Act of 1980, Chapter 190, Florida Statutes (the "Act"), the Florida Constitution, and other applicable provisions of law, and established by Ordinance No. 2019-17, enacted by the Board of County Commissioners of Orange County, Florida (the "County"), on October 22, 2019, effective October 31, 2019 (the "Ordinance"). The District was established for the purpose, among other things, of financing and managing the acquisition and construction, maintenance, and operation of public infrastructure and other public facilities within and without the boundaries of the District. The boundaries of the District include approximately 119 acres of land located entirely within an unincorporated area of the County (the "District Lands"). For more complete information about the District, the Board and the District Manager (hereinafter defined), see "THE DISTRICT" herein.

The Act authorizes the District to issue bonds for the purposes, among others, of financing, funding, planning, establishing, acquiring, constructing or reconstructing, enlarging or extending, equipping, operating and maintaining water management, water supply, sewer and wastewater management, bridges or culverts, district roads, recreational

* Preliminary, subject to change.

facilities and other basic infrastructure projects within or without the boundaries of the District, all as provided in the Act.

Under the Constitution and laws of the State of Florida (the "State"), including the Act, the District has the power and authority to levy non-ad valorem assessments upon the District Lands and to issue bonds for the purposes of providing community development services and facilities, including those financed with the proceeds of the Series 2024 Bonds as described herein.

Consistent with the requirements of the Indenture and the Ordinance, the Series 2024 Bonds are being issued to (a) finance the Cost of acquisition, construction, installation and equipping of a portion of the Phase 2 CIP (as defined herein), (b) pay certain costs associated with the issuance of the Series 2024 Bonds, (c) pay a portion of the interest accruing on the Series 2024 Bonds, and (d) fund the 2024 Reserve Account as provided in the Indenture.

The District is currently planned to include 385 single-family resort residential units, including 216 detached single-family units and 169 attached townhome units, and various amenities including a community clubhouse, café, zero-entry resort-style pool with lazy river, poolside bar and lounge area, state-of-the-art fitness center, children's playground, parks and walking trails. The Phase 2 CIP consists of certain infrastructure improvements for the special benefit of a portion of the lands within the District (as further described herein, "Phase 2" or "Assessment Area Two"), which consists of approximately forty-five (45) gross acres currently planned to include 203 resort residential units, including eighty-nine (89) detached single-family units and 114 attached townhome units. See "THE CAPITAL IMPROVEMENT PROGRAM AND THE PHASE 2 CIP" and "THE DEVELOPMENT" herein.

The Series 2024 Bonds are payable from and secured by the revenues derived by the District from the Series 2024 Assessments (hereinafter defined) and amounts in the Funds and Accounts (except for the 2024 Rebate Account and the 2024 Costs of Issuance Account) established by the Indenture. Special Assessments imposed, levied and collected by the District with respect to property specially benefited by the Phase 2 CIP (the "Series 2024 Assessments") will be initially levied against all gross developable and unplatted acreage within Assessment Area Two, but ultimately assigned to approximately 203 platted units planned for Assessment Area Two that are subject to assessment as a result of the Phase 2 CIP as described in the Assessment Report (hereinafter defined).

The Series 2024 Assessments represent an allocation of a portion of the costs of the Phase 2 CIP, including bond financing costs, to certain lands within Assessment Area Two benefited by the Phase 2 CIP in accordance with the Assessment Report. The Assessment Report and assessment resolutions with respect to the Series 2024 Assessments (collectively, the "Assessment Proceedings") permit the prepayment in part or in full of the Series 2024 Assessments at any time without penalty, together with interest at the rate on the corresponding Series 2024 Bonds to the Quarterly Redemption Date that is more than forty-five (45) days next succeeding the date of prepayment. See "ASSESSMENT METHODOLOGY AND ALLOCATION OF ASSESSMENTS" herein and "APPENDIX B – ASSESSMENT REPORT" attached hereto.

Subsequent to the issuance of the Series 2024 Bonds, the District may cause one or more Series of Bonds to be issued pursuant to the Master Indenture, subject to the terms and conditions thereof. Bonds may be issued for the purpose of financing the Cost of acquisition or construction of a Project or to refund all or a portion of a Series of Bonds (and to pay the costs of the issuance of such Bonds and to pay the amounts required to be deposited with respect to such Bonds in the Funds and Accounts established under the Indenture). The District covenants and agrees in the Supplemental Indenture that, other than Bonds issued to refund a portion of Outstanding Series 2024 Bonds, the issuance of which as determined by the District results in present value debt service savings, the District shall not, while any Series 2024 Bonds are Outstanding, issue or incur any debt payable in whole or in part from the 2024 Pledged Revenues. In addition, the District covenants in the Supplemental Indenture not to issue, without the consent of the Majority Owners of the Series 2024 Bonds, any other Bonds or other debt obligations secured by Special Assessments on assessable lands which are also encumbered by the Series 2024 Assessments for any capital project unless the Series 2024 Assessments have been Substantially Absorbed; provided, however, that the foregoing shall not preclude the imposition of Special Assessments on property subject to the Series 2024 Assessments, which as determined by the District, are necessary for health, safety, and welfare reasons or to remediate a natural disaster. The District may issue Bonds or other debt obligations secured by Special Assessments on assessable lands not encumbered by the Series 2024 Assessments without limitation except as limited by the documents pursuant to which such Bonds or debt are issued. The Trustee and the District may rely on a certificate from the District Manager regarding such status of the residential units and the Series 2024 Assessments and in the absence of receipt of such certificate, may assume that the Series 2024 Assessments have not been Substantially Absorbed. "Substantially Absorbed" is defined in the Supplemental Indenture to mean the date when at least ninety percent (90%) of the principal portion of the Series 2024 Assessments has been assigned to residential units within the District that have each received a certificate of occupancy. See "SECURITY FOR AND SOURCE OF PAYMENT OF THE SERIES 2024 BONDS – Limitation on Additional Debt" herein.

There follows in this Limited Offering Memorandum a brief description of the District and the Development (hereinafter defined), together with summaries of the terms of the Series 2024 Bonds, the Indenture and certain provisions of the Act. All references herein to the Indenture and the Act are qualified in their entirety by reference to such documents and statutes and all references to the Series 2024 Bonds are qualified by reference to the definitive form thereof and the information with respect thereto contained in the Indenture, which appears in composite APPENDIX C attached hereto.

SUITABILITY FOR INVESTMENT

Investment in the Series 2024 Bonds poses certain economic risks. No dealer, broker, salesperson or other person has been authorized by the District or MBS Capital Markets, LLC (the "Underwriter"), to give any information or make any representations, other than those contained in this Limited Offering Memorandum. Additional information will be made available to each prospective investor, including the benefit of a site visit to the District, and the opportunity to ask questions of the District, as such prospective investor deems necessary in order to make an informed decision with respect to the

purchase of the Series 2024 Bonds. Prospective investors are encouraged to request such additional information, visit the District and ask such questions.

While the Series 2024 Bonds are not subject to registration under the Securities Act of 1933, as amended (the "Securities Act"), the Underwriter has determined that the Series 2024 Bonds are not suitable for investment by persons other than, and, as required by Chapter 189, Florida Statutes, will offer the Series 2024 Bonds only to, "accredited investors," as such term is utilized in Chapter 517, Florida Statutes, and the rules promulgated thereunder. However, the limitation of the initial offering to accredited investors does not denote restrictions on transfers in any secondary market for the Series 2024 Bonds. Prospective investors in the Series 2024 Bonds should have such knowledge and experience in financial and business matters to be capable of evaluating the merits and risks of an investment in the Series 2024 Bonds and should have the ability to bear the economic risks of such prospective investment, including a complete loss of such investment.

DESCRIPTION OF THE SERIES 2024 BONDS

General Description

The Series 2024 Bonds are issuable as fully registered bonds, without coupons, in denominations of \$5,000 and integral multiples of \$5,000 in excess thereof; provided, however, that delivery of the Series 2024 Bonds to the initial purchasers thereof shall be in principal amounts of \$100,000 or integral multiples of \$5,000 in excess thereof.

The Series 2024 Bonds will be dated their date of issuance and delivery to the initial purchasers thereof and will bear interest payable on each May 1 and November 1, commencing May 1, 2024 (each, an "Interest Payment Date") and shall be computed on the basis of a 360-day year of twelve 30-day months. The Series 2024 Bonds will mature on May 1 of such years, in such amounts and at such rates as set forth on the cover page of this Limited Offering Memorandum.

Both the principal of and the interest on the Series 2024 Bonds shall be payable in any coin or currency of the United States of America which is legal tender on the respective dates of payment thereof for the payment of public and private debts. Unless otherwise provided in the Indenture in connection with a book-entry only system of registration of the Series 2024 Bonds, the principal of the Series 2024 Bonds shall be payable at the designated corporate trust office of the Paying Agent upon the presentation and surrender of such Series 2024 Bonds as the same shall become due and payable. Except to the extent otherwise provided in the Indenture in connection with a book-entry only system of registration of the Series 2024 Bonds, interest on any Series 2024 Bond is payable on any Interest Payment Date by check or draft mailed on the Interest Payment Date to the person in whose name that Series 2024 Bond is registered at the close of business on the Regular Record Date for such Interest Payment Date, at his address as it appears on the Bond Register. Each Series 2024 Bond shall bear interest from the Interest Payment Date to which interest has been paid next preceding the date of its authentication, unless the date of its authentication (a) is an Interest Payment Date to which interest on such Series 2024 Bond has been paid, in which event such Series 2024 Bond shall bear interest from its date

of authentication, or (b) is prior to the first Interest Payment Date for the Series 2024 Bonds, in which event such Series 2024 Bond shall bear interest from its date.

Any interest on any Series 2024 Bond which is payable but is not punctually paid or provided for on any Interest Payment Date (hereinafter called "Defaulted Interest") shall be paid to the Owner in whose name the Series 2024 Bond is registered at the close of business on a Special Record Date to be fixed by the Trustee, such date to be not more than fifteen (15) nor less than ten (10) days prior to the date of proposed payment. The Trustee shall cause notice of the proposed payment of such Defaulted Interest and the Special Record Date therefor to be mailed, first-class, postage-prepaid, to each Owner of record as of the fifth (5th) day prior to such mailing, at his address as it appears in the Bond Register on the date of such mailings. The foregoing notwithstanding, but subject to the procedures set forth in the Indenture in connection with a book-entry only system of registration, any Owner of Series 2024 Bonds in an aggregate principal amount of at least \$1,000,000 shall be entitled to have interest paid by wire transfer to such Owner to the bank account number on file with the Trustee and Paying Agent, upon requesting the same in a writing received by the Trustee and Paying Agent at least fifteen (15) days prior to the relevant Record Date, which writing shall specify the bank, which shall be a bank within the continental United States, and bank account number to which interest payments are to be wired. Any such request for interest payments by wire transfer shall remain in effect until rescinded or changed, in a writing delivered by the Owner to the Trustee and Paying Agent, and any such rescission or change of wire transfer instructions must be received by the Trustee and Paying Agent at least fifteen (15) days prior to the relevant Record Date.

The Series 2024 Bonds will initially be registered in the name of Cede & Co., as Nominee for The Depository Trust Company ("DTC"), which will act initially as securities depository for the Series 2024 Bonds and, so long as the Series 2024 Bonds are held in book-entry only form, Cede & Co. will be considered the registered Owner for all purposes hereof. See "- Book-Entry Only System" below for more information about DTC and its book-entry only system.

If less than all of the Series 2024 Bonds of a maturity subject to redemption shall be called for redemption, the particular Series 2024 Bonds or portions of such Series 2024 Bonds of that maturity to be redeemed shall be selected by lot by the Registrar as provided in the Indenture.

Notice of Redemption

Notice of each redemption of Series 2024 Bonds is required to be mailed by the Registrar, postage prepaid, not less than thirty (30) nor more than sixty (60) days prior to the redemption date to each registered Owner of Series 2024 Bonds to be redeemed at the address of such registered Owner recorded on the Bond Register maintained by the Registrar. On the date designated for redemption, notice having been given and money for the payment of the Redemption Price being held by the Paying Agent, all as provided in the Indenture, the Series 2024 Bonds or such portions thereof so called for redemption shall become and be due and payable at the Redemption Price provided for the redemption of such Series 2024 Bonds or such portions thereof on such date, interest on such Series 2024 Bonds or such portions thereof so called for redemption shall cease to accrue, such Series 2024 Bonds or such portions thereof so called for redemption shall cease to be entitled to any benefit or security under the Indenture and the Owners thereof shall have no rights in respect of such Series 2024 Bonds or such portions thereof so called for redemption except to receive payments of the Redemption Price thereof so held by the Paying Agent.

If at the time of mailing of notice of an optional redemption or purchase, the District shall not have deposited with the Trustee or Paying Agent moneys sufficient to redeem or purchase all the Series 2024 Bonds called for redemption or purchase, such notice shall state that the redemption is conditional and is subject to the deposit of the redemption or purchase moneys with the Trustee or Paying Agent, as the case may be, not later than the redemption or purchase date, and such notice shall be of no effect unless such moneys are so deposited.

Book-Entry Only System

THE INFORMATION IN THIS CAPTION CONCERNING DTC AND DTC'S BOOK-ENTRY SYSTEM HAS BEEN OBTAINED FROM DTC AND NEITHER THE DISTRICT NOR THE UNDERWRITER MAKES ANY REPRESENTATION OR WARRANTY OR TAKES ANY RESPONSIBILITY FOR THE ACCURACY OR COMPLETENESS OF SUCH INFORMATION.

DTC will act as securities depository for the Series 2024 Bonds. The Series 2024 Bonds will be issued as fully-registered bonds registered in the name of Cede & Co. (DTC's partnership nominee), or such other name as may be requested by an authorized representative of DTC. One fully-registered bond certificate will be issued for each maturity of the Series 2024 Bonds and will be deposited with DTC. DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants (the "Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical

movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (the "Indirect Participants"). DTC has a Standard and Poor's rating of AA+. The DTC rules applicable to its Participants are on file with the Securities and Exchange Commission ("SEC"). More information about DTC can be found at www.dtcc.com.

Purchases of the Series 2024 Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for such Series 2024 Bonds on DTC's records. The ownership interest of each actual purchaser of each Series 2024 Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Series 2024 Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of the Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Series 2024 Bonds, except in the event that use of the book-entry system for the Series 2024 Bonds is discontinued.

To facilitate subsequent transfers, all Series 2024 Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Series 2024 Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Series 2024 Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Series 2024 Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping an account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements made among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices shall be sent to DTC. If less than all of the Series 2024 Bonds are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such Series 2024 Bonds, as the case may be, to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Series 2024 Bonds unless authorized by a Direct Participant in accordance

with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the District as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Series 2024 Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Redemption proceeds, distributions, and dividend payments on the Series 2024 Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts, upon DTC's receipt of funds and corresponding detail information from the District or the Registrar on the payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Registrar or the District, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the District and/or the Paying Agent for the Series 2024 Bonds. Disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of the Direct and Indirect Participants.

DTC may discontinue providing its services as securities depository with respect to the Series 2024 Bonds at any time by giving reasonable notice to the District. Under such circumstances, in the event that a successor securities depository is not obtained, Series 2024 Bond certificates are required to be printed and delivered.

The District may decide to discontinue use of the system of book-entry only transfers through DTC (or a successor securities depository). In that event, Series 2024 Bond certificates will be printed and delivered to DTC.

NEITHER THE DISTRICT NOR THE TRUSTEE WILL HAVE ANY RESPONSIBILITY OR OBLIGATION TO THE DIRECT PARTICIPANTS OR THE PERSONS FOR WHOM THEY ACT AS NOMINEE WITH RESPECT TO THE PAYMENTS TO OR THE PROVIDING OF NOTICE FOR THE DIRECT PARTICIPANTS, THE INDIRECT PARTICIPANTS OR THE BENEFICIAL OWNERS OF THE SERIES 2024 BONDS. THE DISTRICT CANNOT AND DOES NOT GIVE ANY ASSURANCES THAT DTC, THE DIRECT PARTICIPANTS OR OTHERS WILL DISTRIBUTE PAYMENTS OF PRINCIPAL OF OR INTEREST ON THE SERIES 2024 BONDS PAID TO DTC OR ITS NOMINEE, AS THE REGISTERED OWNER, OR PROVIDE ANY NOTICES TO THE BENEFICIAL OWNERS OR THAT THEY WILL DO SO ON A TIMELY BASIS, OR THAT DTC WILL ACT IN THE MANNER DESCRIBED IN THIS LIMITED OFFERING MEMORANDUM.

SECURITY FOR AND SOURCE OF PAYMENT OF THE SERIES 2024 BONDS

General

The Series 2024 Bonds are payable from and secured by the revenues derived by the District from the Series 2024 Assessments and amounts in the Funds and Accounts (except for the 2024 Rebate Account and the 2024 Costs of Issuance Account) established by the Indenture. Series 2024 Assessments will be levied and collected on the lands within Assessment Area Two specifically benefited by the Phase 2 CIP, and shall not include Special Assessments imposed, levied and collected by the District with respect to property within the District not so specially benefited.

The Series 2024 Assessments represent an allocation of a portion of the costs of the Phase 2 CIP, including bond financing costs, to Assessment Area Two in accordance with the Assessment Report, attached hereto as composite APPENDIX B.

"Special Assessments" is defined in the Master Indenture to mean (a) the net proceeds derived from the levy and collection of "special assessments," as provided for in Sections 190.011(14) and 190.022 of the Act against District Lands that are subject to assessment as a result of a particular Project or any portion thereof, and (b) the net proceeds derived from the levy and collection of "benefit special assessments," as provided for in Section 190.021(2) of the Act, against District Lands that are subject to assessment as a result of a particular Project or any portion thereof, and in the case of both "special assessments" and "benefit special assessments," including the interest and penalties on such assessments, pursuant to all applicable provisions of the Act and Chapter 170, Florida Statutes, and Chapter 197, Florida Statutes (and any successor statutes thereto), including, without limitation, any amount received from any foreclosure proceeding for the enforcement of collection of such assessments or from the issuance and sale of tax certificates with respect to such assessments, less (to the extent applicable) the fees and costs of collection thereof payable to the Tax Collector (hereinafter defined) and less certain administrative costs payable to the Property Appraiser (hereinafter defined) pursuant to the Property Appraiser and Tax Collector Agreement. "Special Assessments" shall not include "special assessments" levied and collected by the District under Section 190.022 of the Act for maintenance purposes or "maintenance special assessments" levied and collected by the District under Section 190.021(3) of the Act.

NEITHER THE SERIES 2024 BONDS NOR THE INTEREST AND PREMIUM, IF ANY, PAYABLE THEREON SHALL CONSTITUTE A GENERAL OBLIGATION OR GENERAL INDEBTEDNESS OF THE DISTRICT WITHIN THE MEANING OF THE CONSTITUTION AND LAWS OF THE STATE. THE SERIES 2024 BONDS AND THE INTEREST AND PREMIUM, IF ANY, PAYABLE THEREON DO NOT CONSTITUTE EITHER A PLEDGE OF THE FULL FAITH AND CREDIT OF THE DISTRICT OR A LIEN UPON ANY PROPERTY OF THE DISTRICT OTHER THAN AS PROVIDED IN THE INDENTURE. NO OWNER OR ANY OTHER PERSON SHALL EVER HAVE THE RIGHT TO COMPEL THE EXERCISE OF ANY AD VALOREM TAXING POWER OF THE DISTRICT OR ANY OTHER PUBLIC AUTHORITY OR GOVERNMENTAL BODY TO PAY DEBT SERVICE OR TO PAY ANY OTHER AMOUNTS REQUIRED TO BE PAID PURSUANT TO THE INDENTURE, OR THE SERIES 2024 BONDS. RATHER, DEBT SERVICE AND ANY OTHER AMOUNTS REQUIRED TO BE PAID PURSUANT TO THE

INDENTURE, OR THE SERIES 2024 BONDS, SHALL BE PAYABLE SOLELY FROM, AND SHALL BE SECURED SOLELY BY, THE 2024 PLEDGED REVENUES PLEDGED TO THE SERIES 2024 BONDS, ALL AS PROVIDED IN THE SERIES 2024 BONDS AND IN THE INDENTURE.

Limitation on Additional Debt

The District covenants and agrees in the Supplemental Indenture that, other than Bonds issued to refund a portion of Outstanding Series 2024 Bonds, the issuance of which as determined by the District results in present value debt service savings, the District shall not, while any Series 2024 Bonds are Outstanding, issue or incur any debt payable in whole or in part from the 2024 Pledged Revenues. In addition, the District covenants in the Supplemental Indenture not to issue, without the consent of the Majority Owners of the Series 2024 Bonds, any other Bonds or other debt obligations secured by Special Assessments on assessable lands which are also encumbered by the Series 2024 Assessments for any capital project unless the Series 2024 Assessments have been Substantially Absorbed; provided, however, that the foregoing shall not preclude the imposition of Special Assessments on property subject to the Series 2024 Assessments, which as determined by the District, are necessary for health, safety, and welfare reasons or to remediate a natural disaster. The District may issue Bonds or other debt obligations secured by Special Assessments on assessable lands not encumbered by the Series 2024 Assessments without limitation except as limited by the documents pursuant to which such Bonds or debt are issued. The Trustee and the District may rely on a certificate from the District Manager regarding such status of the residential units and the Series 2024 Assessments and in the absence of receipt of such certificate, may assume that the Series 2024 Assessments have not been Substantially Absorbed. "Substantially Absorbed" is defined in the Supplemental Indenture to mean the date when at least ninety percent (90%) of the principal portion of the Series 2024 Assessments has been assigned to residential units within the District that have each received a certificate of occupancy.

WHILE NO FUTURE ADDITIONAL BONDS WILL BE PAYABLE FROM OR SECURED BY THE SERIES 2024 ASSESSMENTS PLEDGED AS SECURITY FOR THE SERIES 2024 BONDS, THE DISTRICT, THE COUNTY, THE SCHOOL BOARD OF ORANGE COUNTY, FLORIDA, THE STATE OR ANY POLITICAL SUBDIVISION THEREOF MAY IN THE FUTURE IMPOSE, LEVY AND COLLECT ASSESSMENTS AND TAXES THE LIENS OF WHICH WILL BE CO-EQUAL WITH THE LIEN OF SPECIAL ASSESSMENTS WHICH INCLUDES THE SERIES 2024 ASSESSMENTS SECURING THE SERIES 2024 BONDS. See "- Enforcement and Collection of Series 2024 Assessments" below.

Funds and Accounts

The Supplemental Indenture requires that the Trustee establish the following Accounts: (a) within the Acquisition and Construction Fund, a 2024 Acquisition and Construction Account and a 2024 Costs of Issuance Account; (b) within the Debt Service Fund, a 2024 Sinking Fund Account and a 2024 Interest Account; (c) within the Bond Redemption Fund, a 2024 Prepayment Account and a 2024 Optional Redemption Account; (d) within the Debt Service Reserve Fund, a 2024 Reserve Account, which Account shall be held for the benefit of all of the Series 2024 Bonds, without distinction as to Series 2024

Bonds and without privilege or priority of one Series 2024 Bond over another; (e) within the Revenue Fund, a 2024 Revenue Account; and (f) within the Rebate Fund, a 2024 Rebate Account.

2024 Reserve Account

On the date of issuance and delivery of the Series 2024 Bonds, proceeds in the amount of the 2024 Reserve Account Requirement will be deposited to the 2024 Reserve Account. "2024 Reserve Account Requirement" is defined in the Supplemental Indenture to initially mean an amount equal to the maximum annual Debt Service Requirement for the Outstanding Series 2024 Bonds, as of the time of any such calculation, until such time as the Reserve Account Release Conditions are met, at which time and thereafter the 2024 Reserve Account Requirement shall be an amount equal to fifty percent (50%) of the maximum annual Debt Service Requirement for all Outstanding Series 2024 Bonds, as of the time of any such calculation. For the purpose of calculating the 2024 Reserve Account Requirement, the maximum annual Debt Service Requirement shall be calculated as of the date of the initial issuance and delivery of the Series 2024 Bonds and recalculated in connection with each extraordinary mandatory redemption of the Series 2024 Bonds as provided for in the Indenture (but not upon the optional or mandatory sinking fund redemption thereof). On the date of initial issuance of the Series 2024 Bonds, the 2024 Reserve Account Requirement is \$_____.

"Reserve Account Release Conditions" is defined in the Supplemental Indenture to mean, collectively, that (a) the Series 2024 Assessments have been Substantially Absorbed, (b) all Series 2024 Assessments are being collected pursuant to the Uniform Method, and (c) no Event of Default has occurred and is continuing with respect to any Outstanding Series 2024 Bonds. Upon the satisfaction of the Reserve Account Release Conditions, a Responsible Officer of the District, or the District Manager on behalf of the District, shall provide a written certification to the Trustee that the events in clauses (a) and (b) have occurred and affirming clause (c). The Trustee may conclusively rely on such written certification and in its absence may assume the events described above have not all occurred.

Amounts on deposit in the 2024 Reserve Account except as provided elsewhere in the Indenture shall be used only for the purpose of making payments into the 2024 Interest Account and the 2024 Sinking Fund Account to pay the Series 2024 Bonds when due, without distinction as to Series 2024 Bonds and without privilege or priority of one Series 2024 Bond over another, when the moneys on deposit in such Accounts and available therefor are insufficient.

On each March 15, June 15, September 15 and December 15 (or if such day is not a Business Day, on the Business Day next preceding such day), the Trustee shall compute the value of the 2024 Reserve Account and, after taking into account all payments and transfers made as of such date and after taking into account the amount of Series 2024 Bonds that will remain Outstanding as of the next succeeding Quarterly Redemption Date, the Trustee shall promptly notify the District of the amount of any deficiency or surplus in the 2024 Reserve Account as of such date or at such next succeeding Quarterly Redemption Date. The District shall immediately pay the amount of any deficiency to the Trustee, for deposit in the 2024 Reserve Account, from the first legally available sources of the District.

Any surplus in the 2024 Reserve Account shall be deposited to the Prepayment Account and applied to the extraordinary mandatory redemption of Series 2024 Bonds; provided, that (a) any excess due to optional Prepayments of Series 2024 Assessments by an owner of a lot or parcel shall be applied as provided in the immediately following paragraph; and (b) any excess resulting from a reduction in the 2024 Reserve Account Requirement due to satisfaction of the Reserve Account Release Conditions shall be applied as provided hereinbelow (and in Section 403 of the Supplemental Indenture).

On each March 15, June 15, September 15 and December 15 (or if such day is not a Business Day, on the Business Day next preceding such day), a Responsible Officer of the District, or the District Manager on behalf of the District, shall recalculate the 2024 Reserve Account Requirement taking into account any Prepayment Principal on deposit in the 2024 Prepayment Account due to any optional Prepayment of Series 2024 Assessments by an owner of a lot or parcel, and shall direct the Trustee in writing to transfer any excess on deposit in the 2024 Reserve Account as a result of such Prepayments to the 2024 Prepayment Account as a credit against the Prepayment Principal otherwise required to be made by any such owner of a lot or parcel, to be applied to the extraordinary mandatory redemption of the Series 2024 Bonds on the earliest date permitted for redemption. The Trustee is authorized to make such transfers in reliance on such written direction and has no duty to verify such calculations.

Upon satisfaction of the Reserve Account Release Conditions, a Responsible Officer of the District, or the District Manager on behalf of the District, shall recalculate the 2024 Reserve Account Requirement and direct the Trustee in writing to transfer any excess on deposit in the 2024 Reserve Account as a result of having met the Reserve Account Release Conditions to the 2024 Acquisition and Construction Account to be used for the purposes of such Account, unless the Series 2024 Acquisition and Construction Account has been closed, in which case such excess shall be transferred to the 2024 Prepayment Account and applied to the extraordinary mandatory redemption of Series 2024 Bonds. The Trustee is authorized to make such transfers in reliance on the written direction and has no duty to verify such calculations.

Prior to the Completion Date of the Phase 2 CIP, earnings shall be deposited to the 2024 Acquisition and Construction, provided no deficiency exists in the 2024 Reserve Account. After the Completion Date of the Phase 2 CIP, earnings on investments in the 2024 Reserve Account shall be deposited to the 2024 Revenue Account, provided no deficiency exists in the 2024 Reserve Account. If at any time a deficiency does exist, earnings shall remain on deposit in the 2024 Reserve Account until the deficiency is cured. Such Account shall consist only of cash and Investment Securities.

Notwithstanding the foregoing on the earliest date on which there is on deposit in the 2024 Reserve Account, sufficient monies, taking into account other monies available therefor, to pay and redeem all of the Outstanding Series 2024 Bonds, together with accrued interest on such Series 2024 Bonds to the earliest date of redemption, then the Trustee shall transfer to the 2024 Prepayment Account the amount on deposit in the 2024 Reserve Account to pay and redeem all of the Outstanding Series 2024 Bonds on the earliest such date.

2024 Revenue Account

The Trustee is authorized and directed to deposit any and all amounts required to be deposited in the Funds and Accounts by the Indenture, and any other amounts or payments specifically designated by the District pursuant to a written direction or by a Supplemental Indenture for said purpose. Upon deposit of the revenues from the Series 2024 Assessments including the interest thereon with the Trustee, the District shall provide the Trustee a written accounting setting forth the amounts of such Series 2024 Assessments in the following categories which shall be deposited by the Trustee into the Funds and Accounts established under the Indenture as follows: (a) Assessment Interest, which shall be deposited into the 2024 Interest Account; (b) Assessment Principal, which shall be deposited into the 2024 Sinking Fund Account; (c) Prepayment Principal, which shall be deposited into the 2024 Prepayment Account; (d) Delinquent Assessment Principal, which shall first be applied to restore the amount of any withdrawal from the 2024 Reserve Account used to pay the principal of Series 2024 Bonds, to the extent that less than the 2024 Reserve Account Requirement is on deposit in the 2024 Reserve Account, and, the balance, if any, shall be deposited into the 2024 Sinking Fund Account; (e) Delinquent Assessment Interest, which shall first be applied to restore the amount of any withdrawal from the 2024 Reserve Account used to pay the interest of Series 2024 Bonds to the extent that less than the 2024 Reserve Account Requirement is on deposit in the 2024 Reserve Account, and, the balance, if any, shall be deposited into the 2024 Interest Account; and (f) the balance shall be deposited in the 2024 Revenue Account.

On each March 15, June 15, September 15 and December 15 (or if such day is not a Business Day, on the Business Day next preceding such day), the Trustee shall determine the amount on deposit in the 2024 Prepayment Account and, if the balance therein is greater than zero, shall transfer, but only after transferring sufficient amounts as directed by the District from the 2024 Revenue Account to pay amounts due on the next Interest Payment Date from the 2024 Revenue Account for deposit into the 2024 Prepayment Account, an amount sufficient to increase the amount on deposit therein to the next integral multiple of \$5,000, and, shall thereupon give notice and cause the extraordinary mandatory redemption of Series 2024 Bonds on the next succeeding Quarterly Redemption Date in the maximum aggregate principal amount for which moneys are then on deposit in the 2024 Prepayment Account in accordance with the provisions for extraordinary redemption of Series 2024 Bonds. All interest due in regard to such Prepayments shall be paid from the 2024 Interest Account or, if insufficient amounts are on deposit in the 2024 Interest Account to pay such interest, then from the 2024 Revenue Account.

On each May 1 and November 1 (or if such May 1 or November 1 is not a Business Day, on the Business Day preceding such May 1 or November 1), the Trustee shall transfer from amounts on deposit in the 2024 Revenue Account to the Funds and Accounts designated below, the following amounts in the following order of priority:

FIRST, to the 2024 Interest Account, an amount equal to the amount of interest payable on all Series 2024 Bonds then Outstanding on such May 1 or November 1, less any other amount already on deposit in the 2024 Interest Account;

SECOND, beginning on May 1, 20__, and on each May 1 thereafter while Series 2024 Bonds remain Outstanding, to the 2024 Sinking Fund Account, an amount equal to

the Amortization Installment on the Series 2024 Bonds due on such May 1 or the principal maturing on such May 1, less any amount on deposit in the 2024 Sinking Fund Account;

THIRD, to the 2024 Reserve Account, the amount, if any, which is necessary to make the amount on deposit therein equal to the 2024 Reserve Account Requirement with respect to the Series 2024 Bonds; and

FOURTH, the balance shall be retained in the 2024 Revenue Account.

Anything in the Indenture to the contrary notwithstanding, it shall not constitute an Event of Default under the Indenture if the full amount of the foregoing deposits are not made due to an insufficiency of funds therefor; provided, however, that nothing in this paragraph is meant to change what are otherwise Events of Default as provided for in the Indenture. See "– Events of Default and Remedies" below.

Anything in the Indenture to the contrary notwithstanding, amounts on deposit in all of the Funds and Accounts held as security for the Series 2024 Bonds shall be invested only in Investment Securities, and further, earnings on investments in the 2024 Acquisition and Construction Account, the 2024 Costs of Issuance Account and the 2024 Optional Redemption Account shall be retained as realized, in such Accounts and used for the purpose of such Accounts. Earnings on investments in the 2024 Revenue Account, the 2024 Sinking Fund Account, the 2024 Interest Account and the 2024 Prepayment Account shall be deposited, as realized, to the credit of the 2024 Revenue Account and used for the purpose of such Account. Earnings on investments in the 2024 Reserve Account shall be disposed of as provided in the Supplemental Indenture.

2024 Acquisition and Construction Account

After the Completion Date of the Phase 2 CIP (as such Completion Date is conclusively established in a Certificate of the Consulting Engineer delivered to the Trustee but which may not occur prior to the satisfaction of the Reserve Account Release Conditions), any balance remaining in the 2024 Acquisition and Construction Account, after retaining the amount of all remaining unpaid Costs of the Phase 2 CIP, if any, set forth in a Certificate of the Consulting Engineer delivered to the Trustee, shall be deposited in the 2024 Prepayment Account and applied to the extraordinary mandatory redemption of the Series 2024 Bonds in the manner prescribed in the Supplemental Indenture. No such transfer to the 2024 Prepayment Account shall be made if on the date of such proposed transfer the Trustee has actual knowledge that an Event of Default exists until such Event of Default no longer exists or is waived by the Majority Owners or the Trustee is directed by the Majority Owners to otherwise apply such moneys. At such time as there are no amounts on deposit in the 2024 Acquisition and Construction Account, such account shall be closed.

In accordance with the provisions of the Indenture, the Series 2024 Bonds are payable solely from the 2024 Pledged Revenues. The District acknowledges in the Supplemental Indenture that (a) the 2024 Pledged Revenues includes, without limitation, all amounts on deposit in the 2024 Acquisition and Construction Account then held by the Trustee, (b) upon the occurrence of an Event of Default with respect to the Series 2024 Bonds, the 2024 Pledged Revenues may not be used by the District (whether to pay Costs of

the Phase 2 CIP or otherwise) without the consent of the Majority Owners, except to the extent that prior to the District having actual notice of the occurrence of the Event of Default the District had incurred a binding obligation with third parties for work on the Phase 2 CIP and payment is for such work, and (c) the 2024 Pledged Revenues may be used by the Trustee, at the direction or with the approval of the Majority Owners, to pay costs and expenses incurred in connection with the pursuit of remedies under the Indenture. The District shall not enter into any binding agreement with respect to the Phase 2 CIP after the District has actual notice of the occurrence of an Event of Default unless authorized in writing by the Majority Owners.

Collateral Assignment

Contemporaneously with the issuance of the Series 2024 Bonds, Park Square Grande Pines Phase 2, LLC, a Florida limited liability company (the "Developer") and Park Square Enterprises, LLC, a Delaware limited liability company ("Park Square") will enter into a Collateral Assignment and Assumption of Development Rights Relating to the Series 2024 Bonds (the "Assignment Agreement") with the District. The following description of the Assignment Agreement is qualified in its entirety by reference to the Assignment Agreement. Pursuant to the Assignment Agreement, the Developer and/or Park Square collaterally assigns to the District certain of the Developer's and/or Park Square's development rights and contract rights (the "Development Rights") relating to the Phase 2 CIP as security for the Developer's and/or Park Square's payment and performance and discharge of its obligation to pay the Series 2024 Assessments levied against the Lands (as defined in the Assignment Agreement) when due. The assignment will become effective and absolute upon failure of the Developer and/or Park Square to pay the Series 2024 Assessments levied against the Lands owned by the Developer and/or Park Square. The Development Rights exclude the assignment of Development Rights which relate to any of the lands within Assessment Area Two which were previously assigned, transferred, or otherwise conveyed to: an unaffiliated residential home builder (which specifically shall not include Park Square) or a retail home buyer in the ordinary course of business; the County; the District; any applicable homeowner's association; or any other governmental entity or association as may be required by applicable permits, government approvals, plats, entitlements, or regulations associated with the Phase 2 CIP. Pursuant to the Indenture, the District assigns its rights under the Assignment Agreement to the Trustee for the benefit of the Owners, from time to time, of the Series 2024 Bonds.

Completion Agreement

In connection with the issuance of the Series 2024 Bonds, the District, the Developer and Park Square will enter into an agreement (the "Completion Agreement") pursuant to which the Developer and/or Park Square will agree to complete the Phase 2 CIP or to provide funds to complete the Phase 2 CIP at such time as available proceeds of the Series 2024 Bonds have been expended. Remedies for a default under the Completion Agreement include damages and/or specific performance. As currently contemplated, upon the transfer of platted lots or other lands from the Developer to Park Square, Park Square will become jointly obligated with the Developer under the Completion Agreement.

True Up Agreement

In connection with the issuance of the Series 2024 Bonds, the District, the Developer and Park Square will enter into an agreement (the "True Up Agreement"). In the True Up Agreement, the Developer and Park Square acknowledge that the lands owned by the Developer or Park Square, as applicable, are subject to the lien of the Series 2024 Assessments. Developer and Park Square (if Park Square owns any lots or other lands in Assessment Area Two) agrees that at the time of recording of any and all plats containing any portion of Assessment Area Two, such plat shall be presented to the District for review and allocation of the Series 2024 Assessments to the units being platted and the remaining property in accordance with the District's Assessment Report. To preclude the Lands (as defined in the True Up Agreement) from being fully subdivided (or re-subdivided, as the case may be) without all of the debt being allocated, at the time that any plat is presented to the District, the District will determine if the par amount of outstanding Series 2024 Bonds will be assigned to the total number of units to be developed, taking into account the submitted plat. If not, the District will determine the remaining par amount of outstanding Series 2024 Bonds unassigned to units and the total number of developable acres owned by the Developer or Park Square, as applicable, remaining to be platted and will determine if the maximum par debt per acre, as provided in the Assessment Report, is exceeded. If the maximum par debt per acre is exceeded, a debt reduction payment in the amount equal to the par debt that is not capable of being assigned to the total number of developable acres, plus any applicable interest charges and collection fees shall become due and payable prior to the District's approval of submission of the plat for recording, in addition to the regular assessment installment payable for lands owned by the Developer for that tax year. Remedies for a default in making True-Up Payments (as defined in the True Up Agreement) under the True Up Agreement include damages, injunctive relief and/or specific performance; the obligation to make such payment is personal in nature. It is currently contemplated that platted lots will be transferred from the Developer to Park Square.

Enforcement of Completion Agreement and True Up Agreement

Pursuant to the Indenture, the District, either through its own actions, or actions caused to be taken through the Trustee, covenants that it shall enforce all material provisions of the Completion Agreement and the True Up Agreement, and, upon the occurrence and continuance of a default under either or both of such agreements by the Developer or Park Square, the District covenants and agrees that the Trustee, at the written direction of the Majority Owners of the Series 2024 Bonds may, subject to the Trustee's rights under Article X of the Master Indenture, act on behalf of, and in the District's stead, to enforce the provisions of such agreements and to pursue all available remedies under applicable law or in equity. Anything in the Indenture to the contrary notwithstanding, failure of the District to enforce, or permit the Trustee to enforce in its stead, all of the applicable provisions of the Completion Agreement and the True Up Agreement upon demand of the Majority Owners of the Series 2024 Bonds, or the Trustee at the written direction of the Majority Owners of the Series 2024 Bonds, shall constitute an Event of Default under the Indenture after all applicable cure periods.

Events of Default and Remedies

The Indenture provides that each of the following shall be an "Event of Default" under the Indenture with respect to the Series 2024 Bonds:

(a) if payment of any installment of interest on any Series 2024 Bond is not made when it becomes due and payable; or

(b) if payment of the principal or Redemption Price of any Series 2024 Bond is not made when it becomes due and payable at maturity or upon call or presentation for redemption; or

(c) if the District, for any reason, fails in, or is rendered incapable of, fulfilling its obligations under the Indenture or under the Act, which may be determined solely by the Majority Owners of the Series 2024 Bonds; or

(d) if the District proposes or makes an assignment for the benefit of creditors or enters into a composition agreement with all or a material part of its creditors, or a trustee, receiver, executor, conservator, liquidator, sequestrator or other judicial representative, similar or dissimilar, is appointed for the District or any of its assets or revenues, or there is commenced any proceeding in liquidation, bankruptcy, reorganization, arrangement of debts, debtor rehabilitation, creditor adjustment or insolvency, local, state or federal, by or against the District and if such is not vacated, dismissed or stayed on appeal within ninety (90) days; or

(e) if the District defaults in the due and punctual performance of any other covenant in the Indenture or in any Series 2024 Bond and such default continues for sixty (60) days after written notice requiring the same to be remedied shall have been given to the District by the Trustee, which may give such notice in its discretion and shall give such notice at the written request of the Majority Owners of the Series 2024 Bonds; provided, however, that if such performance requires work to be done, actions to be taken, or conditions to be remedied, which by their nature cannot reasonably be done, taken or remedied, as the case may be, within such sixty (60) day period, no Event of Default shall be deemed to have occurred or exist if and so long as the District shall commence such performance within such sixty (60) day period and shall diligently and continuously prosecute the same to completion; or

(f) Any portion of the Series 2024 Assessments pledged to the Series 2024 Bonds shall have become delinquent and, as the result thereof, the Indenture authorizes the Trustee to withdraw funds in an amount greater than fifteen percent (15%) of the amount on deposit in 2024 Reserve Account to pay the Debt Service Requirements on the Series 2024 Bonds (regardless of whether the Trustee does or does not actually withdraw such funds from the 2024 Reserve Account to pay the Debt Service Requirements on the Series 2024 Bonds) (the foregoing being referred to as a "2024 Reserve Account Event") unless within sixty (60) days from the 2024 Reserve Account Event either (i) the District has paid to the Trustee the amounts, if any, withdrawn from the 2024 Reserve Account or (ii) the portion of the Delinquent Assessment Principal and Delinquent Assessment Interest giving rise to the 2024 Reserve Account Event are no longer delinquent; or

(g) More than fifteen percent (15%) of the Operation and Maintenance Assessments that are directly billed by the District and levied by the District on tax parcels subject to the Series 2024 Assessments are not paid by the date such are due and payable and such default continues for sixty (60) days after the date when due. The District shall give written notice to the Trustee of the occurrence of such event not later than ten (10) days after the end of the sixty-day period referred to in the preceding sentence. The Trustee shall not be deemed to have knowledge of the occurrence of such an Event of Default absent notice thereof from the District.

If any Event of Default with respect the Series 2024 Bonds has occurred and is continuing, the Trustee, in its discretion may, and upon the written request of the Majority Owners of the Series 2024 Bonds and receipt of indemnity to its satisfaction shall, in its own name:

(i) by mandamus, or other suit, action or proceeding at law or in equity, enforce all rights of the Holders of the Series 2024 Bonds, including, without limitation, the right to require the District to carry out any agreements with, or for the benefit of, the Bondholders of the Series 2024 Bonds and to perform its or their duties under the Act;

(ii) bring suit upon the Series 2024 Bonds;

(iii) by action or suit in equity require the District to account as if it were the trustee of an express trust for the Holders of the Series 2024 Bonds;

(iv) by action or suit in equity enjoin any acts or things which may be unlawful or in violation of the rights of the Holders of the Series 2024 Bonds; and

(v) by other proceeding in law or equity, exercise all rights and remedies provided for by any other document or instrument securing such Series 2024 Bonds.

The Majority Owners of the Outstanding Series 2024 Bonds then subject to remedial proceedings under the Indenture shall have the right to direct the method and place of conducting all remedial proceedings by the Trustee under the Indenture, provided that such directions shall not be otherwise than in accordance with law and the provisions of the Indenture.

THE INDENTURE DOES NOT PERMIT THE ACCELERATION OF THE PRINCIPAL OF THE SERIES 2024 BONDS UPON AN EVENT OF DEFAULT UNLESS THE SERIES 2024 ASSESSMENTS SECURING THE SERIES 2024 BONDS HAVE BEEN ACCELERATED. See "- Enforcement and Collection of Series 2024 Assessments" below.

Provisions Relating to Bankruptcy or Insolvency of Landowner

The provisions of Section 607 of the Supplemental Indenture, summarized below, shall be applicable both before and after the commencement, whether voluntary or involuntary, of any case, proceeding or other action by or against any owner of any tax parcel subject to at least three percent (3%) of the Series 2024 Assessments pledged to the Series 2024 Bonds Outstanding (an "Insolvent Taxpayer") under any existing or future law

of any jurisdiction relating to bankruptcy, insolvency, reorganization, assignment for the benefit of creditors, or relief of debtors (a "Proceeding").

The District acknowledges and agrees that, although the Series 2024 Bonds were issued by the District, the Owners of the Series 2024 Bonds are categorically the party with the ultimate financial stake in the transaction and, consequently, the party with a vested and pecuniary interest in a Proceeding. In the event of any Proceeding involving an Insolvent Taxpayer:

(a) the District agrees that it shall seek to secure the written consent of the Trustee, acting at the direction of the Majority Owners of the Series 2024 Bonds Outstanding, prior to making any election, giving any consent, commencing any action or filing any motion, claim, obligation, notice or application or in taking any other action or position in any Proceeding or in any action related to a Proceeding that affects, either directly or indirectly, the Series 2024 Assessments relating to the Series 2024 Bonds Outstanding, the Series 2024 Bonds Outstanding or any rights of the Trustee under the Indenture (provided, however, the Trustee shall be deemed to have consented, on behalf of the Majority Owners of the Series 2024 Bonds Outstanding, to the proposed action if the District does not receive a written response from the Trustee within thirty (30) days following receipt by the Trustee of the written request for consent);

(b) the District agrees that it shall not make any election, give any consent, commence any action or file any motion, claim, obligation, notice or application or take any other action or position in any Proceeding or in any action related to a Proceeding that affects, either directly or indirectly, the Series 2024 Assessments relating to the Series 2024 Bonds Outstanding, the Series 2024 Bonds Outstanding or any rights of the Trustee under the Indenture that are inconsistent with any written consent received (or deemed received) from the Trustee;

(c) the District agrees that it shall seek the written consent of the Trustee prior to filing and voting in any such Proceeding (provided, however, the Trustee shall be deemed to have consented, on behalf of the Majority Owners of the Series 2024 Bonds Outstanding, to the proposed action if the District does not receive a written response from the Trustee within thirty (30) days following receipt by the Trustee of the written request for consent);

(d) the Trustee shall have the right, by interpleader or otherwise, to seek or oppose any relief in any such Proceeding that the District, as claimant with respect to the Series 2024 Assessments relating to the Series 2024 Bonds Outstanding, would have the right to pursue and, if the Trustee chooses to exercise any such rights, the District shall not oppose the Trustee in seeking to exercise any and all rights and taking any and all actions available to the District in connection with any Proceeding of any Insolvent Taxpayer, including without limitation, the right to file and/or prosecute and/or defend any claims and proofs of claims, to vote to accept or reject a plan, to seek dismissal of the Proceeding, to seek stay relief to commence or continue foreclosure or pursue any other available remedies as to the Series 2024 Assessments relating to the Series 2024 Bonds Outstanding, to seek substantive consolidation, to seek to shorten the Insolvent Taxpayer's exclusivity periods or to oppose any motion to extend such exclusivity periods, to oppose any motion for use of cash collateral or for authority to obtain financing, to oppose any sale procedures motion or

any sale motion, to propose a competing plan of reorganization or liquidation, or to make any election under Section 1111(b) of the Bankruptcy Code; and

(e) the District shall not challenge the validity or amount of any claim submitted in good faith in such Proceeding by the Trustee or any valuations of the lands owned by any Insolvent Taxpayer submitted in good faith by the Trustee in such Proceeding or take any other action in such Proceeding, which is adverse to the Trustee's enforcement or the District's claim and rights with respect to the Series 2024 Assessments relating to the Series 2024 Bonds Outstanding or receipt of adequate protection (as that term is defined in the Bankruptcy Code). Without limiting the generality of the foregoing, the District agrees that the Trustee shall have the right (i) to file a proof of claim with respect to the Series 2024 Assessments pledged to the Series 2024 Bonds Outstanding, (ii) to deliver to the District a copy thereof, together with evidence of the filing with the appropriate court or other authority, and (iii) to defend any objection filed to said proof of claim.

Notwithstanding the provisions of the immediately preceding paragraphs, nothing in this section shall preclude the District from becoming a party to a Proceeding in order to enforce a claim for Operation and Maintenance Assessments, and the District shall be free to pursue such claim in such manner as it shall deem appropriate in its sole and absolute discretion. Any actions taken by the District in pursuance of its claim for Operation and Maintenance Assessments in any Proceeding shall not be considered an action adverse or inconsistent with the Trustee's rights or consents with respect to the Series 2024 Assessments relating to the Series 2024 Bonds Outstanding whether such claim is pursued by the District or the Trustee; provided, however, that the District shall not oppose any relief sought by the Trustee under the authority granted to the Trustee in clauses (d) or (e) above.

Enforcement and Collection of Series 2024 Assessments

The primary source of payment for the Series 2024 Bonds is the Series 2024 Assessments imposed on each landowner within the District which is specially benefited by the Phase 2 CIP. To the extent that landowners fail to pay such Series 2024 Assessments, delay payments, or are unable to pay such Series 2024 Assessments, the successful pursuit of collection procedures available to the District is essential to continued payment of principal of and interest on the Series 2024 Bonds. The Act provides for various methods of collection of delinquent special assessments by reference to other provisions of the Florida Statutes. See "ENFORCEMENT OF ASSESSMENT COLLECTIONS" herein for a summary of special assessment payment and collection procedures appearing in the Florida Statutes.

Pursuant to the Indenture, the Series 2024 Assessments levied for each full year on platted lots shall be collected pursuant to the uniform method provided for in Sections 197.3632 and 197.3635, Florida Statutes (the "Uniform Method") unless the District determines that it is in its best interests to collect directly. The Series 2024 Assessments levied on unplatted lots or lands shall be billed and collected directly by the District pursuant to the Act and Chapters 170 and 197, Florida Statutes, and not pursuant to the Uniform Method unless the District determines that it is in its best interests not to do so. Prior to an Event of Default, the election to collect and enforce Series 2024 Assessments in any year pursuant to any one method shall not, to the extent permitted by law, preclude the

District from electing to collect and enforce Series 2024 Assessments pursuant to any other method permitted by law in any subsequent year. Following an Event of Default, Series 2024 Assessments levied on platted lots shall be collected pursuant to the Uniform Method and Series 2024 Assessments levied on unplatted lots shall be billed and collected directly by the District pursuant to the Act and Chapters 170 and 197, Florida Statutes, and not pursuant to the Uniform Method in each case unless the Trustee, acting at the direction of the Majority Owners of the Series 2024 Bonds Outstanding, provides written direction to use a different method of collection. Series 2024 Assessments that are billed and collected directly by the District and not via the Uniform Method shall be due and payable by the landowner no later than thirty (30) days prior to each Interest Payment Date; provided, however, that the Series 2024 Assessments shall not be deemed to be delinquent Series 2024 Assessments unless and until same are not paid by the applicable Interest Payment Date with respect to which they have been billed. [It should be noted that the Assessment Proceedings with respect to the imposition and levy of the Series 2024 Assessments are not complete as of the date hereof. It will be a condition to closing on the Series 2024 Bonds that such Assessment Proceedings be completed prior to the issuance of the Series 2024 Bonds.]

The District covenants and agrees in the Indenture that upon the occurrence and continuance of an Event of Default with respect to the Series 2024 Bonds, it will take such actions to enforce the remedial provisions of the Indenture, the provisions for the collection of delinquent Series 2024 Assessments that are directly billed and collected by the District, as well as delinquent direct billed Operation and Maintenance Assessments, and the provisions for the foreclosure of liens of delinquent Series 2024 Assessments that are directly billed and collected by the District, as well as delinquent direct billed Operation and Maintenance Assessments, all in a manner consistent with the Indenture.

If any property shall be offered for sale for the nonpayment of any Series 2024 Assessments, and no person or persons shall purchase such property for an amount equal to the full amount due on the Series 2024 Assessments (principal, interest, penalties and costs, plus attorneys' fees, if any), the District, acting at the direction of the Trustee on behalf of the Majority Owners of the Series 2024 Bonds Outstanding, specifying whether the District is to take title to the property in its corporate name or in the name of a special purpose entity, may purchase the property for an amount approved by the Majority Owners (principal, interest, penalties and costs, plus attorneys' fees, if any), from any legally available funds of the District and the District shall receive in its corporate name or in the name of a special-purpose entity title to the property for the benefit of the Owners of the Series 2024 Bonds. The District, either through its own actions, or actions caused to be taken by the District through the Trustee, shall have the power to and shall lease or sell such property, and deposit all of the net proceeds of any such lease or sale into the 2024 Revenue Account. The District, either through its own actions, or actions caused to be taken by the District through the Trustee, agrees that it shall, after being provided assurances satisfactory to it of payment of its fees, costs and expenses for doing so, be required to take the measures provided by law for listing for sale of property acquired by it as trustee for the Owners of the Series 2024 Bonds within sixty (60) days after the receipt of the request therefore signed by the Trustee, acting at the direction of the Majority Owners of the Series 2024 Bonds Outstanding. The District may pay costs associated with any actions taken by the District pursuant to this paragraph from any moneys legally

available for such purpose held under the Indenture, provided such action does not adversely impact the tax-exempt status of the interest on the Series 2024 Bonds.

Notwithstanding anything to the contrary in the Indenture, the District acknowledges and agrees in the Indenture that (a) upon failure of any property owner to pay when due any installment of Series 2024 Assessments that are billed directly by the District, that the entire Series 2024 Assessments levied on the property for which such installment of Series 2024 Assessments is due and unpaid, with interest and penalties thereon, shall immediately become due and payable as provided by applicable law and acting at the direction of the Trustee on behalf of the Majority Owners of the Series 2024 Bonds Outstanding, the District shall promptly, but in any event within ninety (90) days of the receipt of such consent, cause to be brought the necessary legal proceedings for the foreclosure of liens of the delinquent Series 2024 Assessments, including interest and penalties, and (b) the foreclosure proceedings shall be prosecuted to a sale and conveyance of the property involved in said proceedings as now provided by law in suits to foreclose mortgages.

THERE CAN BE NO ASSURANCE THAT ANY SALE, PARTICULARLY A BULK SALE, OF LAND SUBJECT TO DELINQUENT ASSESSMENTS WILL PRODUCE PROCEEDS SUFFICIENT TO PAY THE FULL AMOUNT OF SUCH DELINQUENT ASSESSMENTS PLUS OTHER DELINQUENT TAXES AND ASSESSMENTS APPLICABLE THERETO.

Additional Covenants Regarding Assessments

In addition, and not in limitation of, the covenants contained in the Indenture, the District covenants to comply with the terms of the proceedings heretofore adopted with respect to the Series 2024 Assessments, including the Assessment Report, and to levy the Series 2024 Assessments and any required true-up payments as set forth in the Assessment Report, in such manner as will generate funds sufficient to pay the principal of and interest on the Series 2024 Bonds, when due. The District also agrees in the Indenture that it shall not amend the Assessment Report in any material manner without the written consent of the Majority Owners. [It should be noted that as of the date hereof, the Assessment Proceedings with respect to the imposition and levy of the Series 2024 Assessments are not complete. It will be a condition to closing on the Series 2024 Bonds that such Assessment Proceedings be completed prior to the issuance of the Series 2024 Bonds.]

Re-Assessment

Pursuant to the Master Indenture, if any Series 2024 Assessment shall be either in whole or in part annulled, vacated or set aside by the judgment of any court, or if the District shall be satisfied that any such Series 2024 Assessment is so irregular or defective that the same cannot be enforced or collected, or if the District shall have omitted to make such Series 2024 Assessment when it might have done so, the District shall either (a) take all necessary steps to cause a new Series 2024 Assessment to be made for the whole or any part of said improvement or against any property benefited by said improvement, or (b) in its sole discretion, make up the amount of such Series 2024 Assessment from any legally available moneys, which moneys shall be deposited into the 2024 Revenue Account. In case

such second Series 2024 Assessment shall be annulled, the District shall obtain and make other Series 2024 Assessments until a valid Series 2024 Assessment shall be made.

ENFORCEMENT OF ASSESSMENT COLLECTIONS

General

The primary source of payment for the Series 2024 Bonds is the revenues derived by the District from the collection of Series 2024 Assessments to be imposed on certain lands in the District specially benefited by the Phase 2 CIP pursuant to the Assessment Proceedings. See "ASSESSMENT METHODOLOGY AND ALLOCATION OF ASSESSMENTS" herein and "APPENDIX B – ASSESSMENT REPORT" attached hereto.

The imposition, levy, and collection of Series 2024 Assessments must be done in compliance with the provisions of State law. Failure by the District, the Orange County Tax Collector (the "Tax Collector") or the Orange County Property Appraiser (the "Property Appraiser") to comply with such requirements could result in delay in the collection of, or the complete inability to collect, Series 2024 Assessments during any year. Such delays in the collection of Series 2024 Assessments, or complete inability to collect any Series 2024 Assessments, would have a material adverse effect on the ability of the District to make full or punctual payment of the Debt Service Requirements on the Series 2024 Bonds. See "BONDOWNERS' RISKS" herein. To the extent that landowners fail to pay the Series 2024 Assessments, delay payments, or are unable to pay the same, the successful pursuance of collection procedures available to the District is essential to continued payment of principal of and interest on the Series 2024 Bonds.

For the Series 2024 Assessments to be valid, the Series 2024 Assessments must meet two requirements: (a) the benefit from the Phase 2 CIP to the lands subject to the Series 2024 Assessments must exceed or equal the amount of the Series 2024 Assessments; and (b) the Series 2024 Assessments must be fairly and reasonably allocated across all such benefited properties. At closing, the Assessment Consultant (hereinafter defined) will certify that these requirements have been met with respect to the Series 2024 Assessments.

Pursuant to the Act and the Assessment Proceedings, the District may collect the Series 2024 Assessments through a variety of methods. See "BONDOWNERS' RISKS" herein. Pursuant to the Indenture, the Series 2024 Assessments levied for each full year on platted lots shall be collected pursuant to the Uniform Method unless the District determines that it is in its best interests to collect directly. The Series 2024 Assessments levied on unplatted lots or lands shall be billed and collected directly by the District pursuant to the Act and Chapters 170 and 197, Florida Statutes, and not pursuant to the Uniform Method unless the District determines that it is in its best interests not to do so. See "ASSESSMENT METHODOLOGY AND ALLOCATION OF ASSESSMENTS" herein and "APPENDIX B – ASSESSMENT REPORT" attached hereto. The following is a description of certain statutory provisions relating to each of these collection methods. Such description is not intended to be exhaustive and is qualified in its entirety by reference to such statutes.

Direct Billing & Foreclosure Procedure

As noted above, and pursuant to Chapter 170, Florida Statutes, and the Act, the District may directly levy, collect and enforce the Series 2024 Assessments. In this context, Section 170.10, Florida Statutes, provides that upon the failure of any property owner to timely pay all or any part of the annual installment of principal and/or interest of a special assessment due, including the Series 2024 Assessments, the whole assessment, with the interest and penalties thereon, shall immediately become due and payable and subject to foreclosure. Generally stated, the governing body of the entity levying the special assessment, in this case the District, may foreclose by commencing a foreclosure proceeding in the same manner as the foreclosure of a real estate mortgage, or, alternatively, by commencing an action under Chapter 173, Florida Statutes, which relates to foreclosure of municipal tax and special assessment liens. Such proceedings are in rem, meaning that the action would be brought against the land, and not against the landowner. In light of the one-year tolling period required before the District may commence a foreclosure action under Chapter 173, Florida Statutes, it is likely the District would commence an action to foreclose in the same manner as the foreclosure of a real estate mortgage rather than proceeding under Chapter 173, Florida Statutes.

Enforcement of the obligation to pay Series 2024 Assessments and the ability to foreclose the lien of such Series 2024 Assessments upon the failure to pay such Series 2024 Assessments may not be readily available or may be limited because enforcement is dependent upon judicial action which is often subject to discretion and delay. Additionally, there is no guarantee that there will be demand for any foreclosed lands sufficient to repay the Series 2024 Assessments. See "BONDOWNERS' RISKS" herein.

Uniform Method Procedure

Subject to certain conditions, and for developed lands, the District may alternatively elect to collect the Series 2024 Assessments using the Uniform Method. The Uniform Method is available only in the event the District complies with statutory and regulatory requirements and enters into agreements with the Tax Collector and Property Appraiser providing for the Series 2024 Assessments to be levied and collected in this manner.

If the Uniform Method is used, the Series 2024 Assessments will be collected together with County, school, special district, and other ad valorem taxes and non-ad valorem assessments (together, "Taxes and Assessments"), all of which will appear on the tax bill (also referred to as a "tax notice") issued to each landowner in the District. The statutes relating to enforcement of Taxes and Assessments provide that such Taxes and Assessments become due and payable on November 1 of the year when assessed, or as soon thereafter as the certified tax roll is received by the Tax Collector and constitute a lien upon the land from January 1 of such year until paid or barred by operation of law. Such Taxes and Assessments, including the Series 2024 Assessments, are to be billed together and landowners in the District are required to pay all Taxes and Assessments without preference in payment of any particular increment of the tax bill, such as the increment owing for the Series 2024 Assessments.

All Taxes and Assessments are payable at one time, except for partial payment schedules as may be provided by Florida law such as Sections 197.374 and 197.222, Florida

Statutes. Partial payments made pursuant to Sections 197.374 and 197.222, Florida Statutes, are distributed in equal proportion to all taxing districts and levying authorities applicable to that account. If a taxpayer does not make complete payment of the total amount, he or she cannot designate specific line items on his or her tax bill as deemed paid in full. Therefore, in the event the Series 2024 Assessments are to be collected pursuant to the Uniform Method, any failure to pay any one line item would cause the Series 2024 Assessments to not be collected to that extent, which could have a significant adverse effect on the ability of the District to make full or punctual payment of the Debt Service Requirements on the Series 2024 Bonds.

Under the Uniform Method, if the Series 2024 Assessments are paid during November when due or during the following three (3) months, the taxpayer is granted a variable discount equal to four percent (4%) in November and decreasing one percentage point per month to one percent (1%) in February. All unpaid Taxes and Assessments become delinquent on April 1 of the year following assessment.

The Tax Collector is required to collect the Taxes and Assessments on the tax bill prior to April 1 and, after that date, to institute statutory procedures upon delinquency to collect such Taxes and Assessments through the sale of "tax certificates," as discussed below. Delay in the mailing of tax notices to taxpayers may result in a delay throughout this process. Neither the District nor the Underwriter can give any assurance to the holders of the Series 2024 Bonds that (a) the past experience of the Tax Collector with regard to tax and special assessment delinquencies is applicable in any way to the Series 2024 Assessments, (b) future landowners and taxpayers in the District will pay such Series 2024 Assessments, (c) a market may exist in the future for tax certificates in the event of sale of such certificates for taxable units within the District, and (d) the eventual sale of tax certificates for real property within the District, if any, will be for an amount sufficient to pay amounts due under the Assessment Proceedings to discharge the lien of the Series 2024 Assessments and all other liens that are coequal therewith.

Collection of delinquent Series 2024 Assessments under the Uniform Method is, in essence, based upon the sale by the Tax Collector of "tax certificates" and remittance of the proceeds of such sale to the District for payment of the Series 2024 Assessments due. Prior to the sale of tax certificates, the landowner may bring current the delinquent Taxes and Assessments and cancel the tax certificate process by paying the total amount of delinquent Taxes and Assessments plus all applicable interest, costs and charges. If the landowner does not act, the Tax Collector is required to attempt to sell tax certificates by public bid to the person who pays the delinquent Taxes and Assessments owing, and any applicable interest, costs and charges, and who accepts the lowest interest rate per annum to be borne by the certificates (but not more than eighteen percent (18%)).

If there are no bidders, the tax certificate is issued to the County. The County is to hold, but not pay for, the tax certificate with respect to the property, bearing interest at the maximum legal rate of interest, which is currently eighteen percent (18%). The Tax Collector does not collect any money if tax certificates are issued, or "struck off," to the County. The County may sell such certificates to the public at any time after issuance, but before a tax deed application is made, at the face amount thereof plus interest at the rate of not more than eighteen percent (18%) per annum, costs and charges. Proceeds from the sale of tax certificates are required to be used to pay Taxes and Assessments (including the

Series 2024 Assessments), interest, costs and charges on the real property described in the certificate.

Any tax certificate in the hands of a person other than the County may be redeemed and canceled, in whole or in part (under certain circumstances), at any time before a tax deed is issued (unless full payment for a tax deed is made to the clerk of court, including documentary stamps and recording fees), at a price equal to the face amount of the certificate or portion thereof together with all interest, costs, and charges due. Regardless of the interest rate actually borne by the certificates, persons redeeming tax certificates must pay a minimum interest rate of five percent (5%), unless the rate borne by the certificates is zero percent (0%). The proceeds of such redemption are paid to the Tax Collector who transmits to the holder of the tax certificate such proceeds less service charges, and the certificate is canceled. Redemption of tax certificates held by the County is affected by purchase of such certificates from the County, as described above.

Any holder, other than the County, of a tax certificate that has not been redeemed has seven (7) years from the date of issuance of the tax certificate during which to act against the land that is the subject of the tax certificate. After an initial period ending two (2) years from April 1 of the year of issuance of a certificate, during which period actions against the land are held in abeyance to allow for sales and redemptions of tax certificates, and before the expiration of seven (7) years from the date of issuance, the holder of a certificate may apply for a tax deed to the subject land. The applicant is required to pay to the Tax Collector at the time of application all amounts required to redeem or purchase all other outstanding tax certificates covering the land, plus interest, any omitted taxes or delinquent taxes and interest, and current taxes, if due (as well as any costs of resale, if applicable). If the County holds a tax certificate on property valued at \$5,000 or more and has not succeeded in selling it, the County must apply for a tax deed two (2) years after April 1 of the year of issuance of the certificate or as soon thereafter as is reasonable. The County pays costs and fees to the Tax Collector but not any amount to redeem any other outstanding certificates covering the land. Thereafter, the property is advertised for public sale.

In any such public sale conducted by the Clerk of the Circuit Court, the private holder of the tax certificate who is seeking a tax deed for non-homestead property is deemed to submit a minimum bid equal to the amount required to redeem the tax certificate, charges for the cost of sale, including costs incurred for the service of notice required by statute, redemption of other tax certificates on the land, and all other costs to the applicant for the tax deed, plus interest thereon. In the case of homestead property, the minimum bid is also deemed to include, in addition to the amount of money required for the minimum bid on non-homestead property, an amount equal to one-half of the latest assessed value of the homestead. If there are no higher bids, the holder receives title to the land, and the amounts paid for the certificate and in applying for a tax deed are credited toward the purchase price. The holder is also responsible for payment of any amounts included in the bid not already paid, including but not limited to, documentary stamp tax, recording fees, and, if property is homestead property, the moneys to cover the one-half value of the homestead. If there are other bids, the holder may enter the bidding. The highest bidder is awarded title to the land. The portion of proceeds of such sale needed to redeem the tax certificate, together with all subsequent unpaid taxes plus the costs and expenses of the application for deed, with interest on the total of such sums, are forwarded to the holder

thereof or credited to such holder if such holder is the successful bidder. Excess proceeds are distributed first to satisfy governmental liens against the land and then to the former title holder of the property (less service charges), lienholder of record, mortgagees of record, vendees of recorded contracts for deeds, and other lienholders and any other person to whom the land was last assessed on the tax roll for the year in which the land was assessed, all as their interest may appear. If the property is purchased for an amount in excess of the statutory bid of the certificate holder, but such excess is not sufficient to pay all governmental liens of record, the excess shall be paid to each governmental unit pro rata.

Except for certain governmental liens and certain restrictive covenants and restrictions, no right, interest, restriction or other covenant survives the issuance of a tax deed. Thus, for example, outstanding mortgages on property subject to a tax deed would be extinguished.

If there are no bidders at the public sale, the clerk shall enter the land on a list entitled "lands available for taxes" and shall immediately notify the governing board of the County that the property is available. At any time within ninety (90) days from the date the property is placed on the list, the County may purchase the land for the opening bid or may waive its rights to purchase the property. Thereafter, and without further notice or advertising, any person, the County or any other governmental unit may purchase the land by paying the amount of the opening bid. Ad valorem taxes and non-ad valorem assessments accruing after the date of public sale do not require repetition of the bidding process but are added to the minimum bid. Three (3) years from the date the property was offered for sale, unsold lands escheat to the County in which they are located, free and clear, and all tax certificates and liens against the property are canceled and a deed is executed vesting title in the governing board of such County.

There can be no guarantee that the Uniform Method will result in the payment of Series 2024 Assessments. For example, the demand for tax certificates is dependent upon various factors, which include the rate of interest that can be earned by ownership of such certificates and the underlying value of the land that is the subject of such certificates and which may be subject to sale at the demand of the certificate holder. Therefore, the underlying market value of the property within the District may affect the demand for certificates and the successful collection of the Series 2024 Assessments, which are the primary source of payment of the Series 2024 Bonds. Additionally, legal proceedings under federal bankruptcy law brought by or against a landowner who has not yet paid his or her property taxes or assessments would likely result in a delay in the sale of tax certificates. See "BONDOWNERS' RISKS" herein.

THE DISTRICT

General

The District is a local unit of special purpose government duly organized and existing under the provisions of the Act and established by the Ordinance. The boundaries of the District include approximately 119 acres of land located entirely within an unincorporated area of the County.

Legal Powers and Authority

The Act was enacted in 1980 to provide a uniform method for the establishment of independent districts to manage and finance basic community development services, including capital infrastructure required for community developments throughout the State. The Act provides legal authority for community development districts (such as the District) to finance the acquisition, construction, operation and maintenance of the major infrastructure for community development.

The Act provides that community development districts have the power to issue general obligation, revenue and special assessment revenue debt obligations in any combination to pay all or part of the cost of infrastructure improvements authorized under the Act. The Act further provides that community development districts have the power under certain conditions to levy and assess ad valorem taxes or non-ad valorem assessments, including the Series 2024 Assessments, on all taxable real property within their boundaries to pay the principal of and interest on debt obligations issued and to provide for any sinking or other funds established in connection with any such debt obligation issues. Pursuant to the Act, such assessments may be levied, collected and enforced in the same manner and time as county property taxes.

Among other provisions, the Act gives the District's Board of Supervisors the authority to: (a) finance, fund, plan, establish, acquire, construct or reconstruct, enlarge or extend, equip, operate and maintain systems and facilities for: (i) water management and control for lands within the District and to connect any of such facilities with roads and bridges; (ii) water supply, sewer and wastewater management reclamation and re-use systems or any combination thereof, and to construct and operate connecting intercepting or outlet sewers and sewer mains and pipes and water mains, conduits, or pipelines in, along, and under any street, alley, highway, or other public place or ways, and to dispose of any effluent, residue, or other byproducts of such system or sewer system; (iii) district roads equal to or exceeding the applicable specifications of the county in which such district roads are located; roads and improvements to existing public roads that are owned by or conveyed to the local general-purpose government, the State, or the federal government; street lights; alleys; landscaping; hardscaping; undergrounding of electric utility lines; buses, trolleys, transit shelters, ridesharing facilities and services, parking improvements, and related signage; (iv) conservation areas, mitigation areas, and wildlife habitat, including the maintenance of any plant or animal species, and any related interest in real or personal property; (v) any other project, facility or service required by a development approval, interlocal agreement, zoning condition, or permit issued by a governmental authority with jurisdiction in the District; and (vi) with the consent of the local general-purpose government within the jurisdiction of which the power is to be exercised, parks and facilities for indoor and outdoor recreational uses; and security, including, but not limited to, guardhouses, fences and gates, and electronic intrusion-detection systems; (b) borrow money and issue bonds of the District; (c) levy, collect and enforce special assessments; (d) impose and foreclose special assessment liens as provided in the Act; and (e) exercise all other powers, necessary, convenient, incidental or proper in connection with any of the powers or duties of the District authorized by the Act.

The Act does not empower the District to adopt and enforce land use plans or zoning ordinances and the Act does not empower the District to grant building permits. These functions are collectively performed by the County and its departments of government.

The Act exempts all property of the District from levy and sale by virtue of an execution and from judgment liens, but does not limit the right of any Owner of bonds of the District to pursue any remedy for enforcement of any lien or pledge of the District in connection with such bonds, including the Series 2024 Bonds.

Board of Supervisors

The Act provides for a five-member Board of Supervisors (as previously defined, the "Board") to serve as the governing body of the District. Members of the Board must be residents of the State and citizens of the United States. Pursuant to the Act, six (6) years after establishment and after 250 qualified electors reside within the District, the seats of Board members whose terms expire are filled by votes of the qualified electors of the District, except as described below. A qualified elector is a registered voter who is a resident of the District and the State and a citizen of the United States. At the election where Board members are first elected by qualified electors, two Board members must be qualified electors and be elected by qualified electors, both to four-year terms. A third Board member is elected through an election of the landowners of the District. Thereafter, as terms expire, all Board members must be qualified electors and are elected to serve four-year terms with staggered expiration dates in the manner set forth in the Act. The current members of the Board and their respective term expiration dates are set forth below.

Name	Title	Expiration of Term
Jerri (Amanda) Whitney*	Chair	November 2026
Linda Kepfer*	Vice Chair	November 2024
Achal Aggarwal*	Assistant Secretary	November 2024
Suhel Rojas*	Assistant Secretary	November 2024
Randy Jones*	Assistant Secretary	November 2026

* Affiliate or employee of the Developer.

The Act empowers the Board to adopt administrative rules and regulations with respect to any projects of the District, and to enforce penalties for the violation of such rules and regulations. The Act permits the Board to levy taxes under certain conditions, and to levy special assessments, and to charge, collect and enforce fees and user charges for use of District facilities.

District Manager and Other Consultants

The Act authorizes the Board to hire a District Manager as the chief administrative official of the District. The Act provides that the District Manager shall have charge and supervision of the works of the District and shall be responsible for (a) preserving and maintaining any improvement or facility constructed or erected pursuant to the provisions of the Act, (b) maintaining and operating the equipment owned by the District, and (c) performing such other duties as may be prescribed by the Board.

Governmental Management Services – Central Florida, LLC, has been retained as the firm to provide district management services for the District (in such capacity, the "District Manager"). The District Manager's office is located at 219 East Livingston Street, Orlando, Florida 32801 and their phone number is (407) 841-5524.

The District Manager's typical responsibilities can briefly be summarized as directly overseeing and coordinating the District's planning, financing, purchasing, staffing, and reporting and acting as governmental liaison for the District. The District Manager's responsibilities also include requisitioning moneys to pay construction contracts and the related accounting and reporting that is required by the Indenture.

The Act further authorizes the Board to hire such employees and agents as it deems necessary. Thus, the District has employed the services of Akerman LLP, Jacksonville, Florida, as Bond Counsel; Latham, Luna, Eden & Beaudine, LLP, Orlando, Florida, as District Counsel; Poulos & Bennett, LLC, Orlando, Florida, as Consulting Engineer; and Governmental Management Services – Central Florida, LLC, Orlando, Florida, as Assessment Consultant.

PRIOR DISTRICT INDEBTEDNESS

The District previously issued its \$6,760,000 Special Assessment Revenue Bonds, Series 2021 (the "Series 2021 Bonds"), of which \$6,490,000 is currently Outstanding. The Series 2021 Bonds are secured by Special Assessments (the "Series 2021 Assessments") which are levied on 182 platted lots constituting Phase 1 ("Assessment Area One"). As described herein, the District will issue its Series 2024 Bonds to support the development of the remaining forty-five (45) acres in the District constituting Phase 2 which is planned to be developed into 203 units (as previously defined, "Assessment Area Two"). The Series 2024 Assessments securing the Series 2024 Bonds will be levied on all assessable lands in Assessment Area Two. Assessment Area One and Assessment Area Two are separate and distinct areas and therefore the Series 2021 Assessments and the Series 2024 Assessments do not overlap.

THE CAPITAL IMPROVEMENT PROGRAM AND THE PHASE 2 CIP

Detailed information concerning the capital improvement program (the "CIP") and the Phase 2 CIP (hereinafter defined) for the District is contained in the Engineer's Report, dated February 2020, and revised [February 2024] (the "Engineer's Report") prepared by Poulos & Bennett, LLC (the "Consulting Engineer"), which is included herein as "APPENDIX A – ENGINEER'S REPORT." The information in this section is qualified in its entirety by reference to such Engineer's Report, which should be read in its entirety.

The CIP is estimated to cost approximately \$17.49 million and includes earthwork, roadway improvements, stormwater management facilities, water and wastewater facilities, reclaimed water distribution systems, electrical and lighting, landscaping, hardscaping, and associated professional fees. The capital improvements described in the CIP continue to be constructed in two (2) phases to ultimately provide infrastructure supporting the development of the entire District.

The District previously issued its Series 2021 Bonds to acquire and/or construct a portion of the public capital improvements in Assessment Area One in an approximate amount of \$5.86 million. The initial infrastructure project supporting the development of the 182 units in Assessment Area One is complete. The second phase of the CIP is estimated to cost \$7.04 million and includes the costs allocable to Assessment Area Two which is planned for 203 units (the "Phase 2 CIP"). Assessment Area Two represents the final phase of development in the District.

A summary of the estimated costs of the CIP is set forth in the table below.

Proceeds of the Series 2024 Bonds totaling approximately \$4.7 million* will be utilized to acquire completed portions of the Phase 2 CIP. The Developer estimates it has expended approximately \$5.3 million in development-related expenditures related to Assessment Area Two. The Developer has funded all development costs to date and expects to fund the remainder of the Phase 2 CIP not funded with proceeds of the Series 2024 Bonds with equity contributions from the Developer or other available sources of capital. See "THE DEVELOPMENT – Land Acquisition/Development Financing" herein. At the time of issuance of the Series 2024 Bonds, the Developer and the District will enter into the Completion Agreement whereby the Developer will agree to complete or provide funds to complete those portions of the Phase 2 CIP not funded with proceeds of the Series 2024 Bonds. As currently contemplated, upon the transfer of platted lots or other lands from the Developer to Park Square, Park Square will become jointly obligated with the Developer under the Completion Agreement. The District cannot make any representation that the Developer or Park Square will have sufficient funds to complete the Phase 2 CIP. See "SECURITY FOR AND SOURCE OF PAYMENT OF THE SERIES 2024 BONDS – Completion Agreement" and "BOWNERS' RISKS – Completion of Phase 2 CIP" herein.

The status of construction and permitting for the Phase 2 CIP is outlined in the Engineer's Report attached hereto as APPENDIX A. The Consulting Engineer has indicated that all permits necessary to construct the Phase 2 CIP have either been obtained or are expected to be obtained in the ordinary course. In addition to the Engineer's Report, please refer to "THE DEVELOPMENT – Zoning, Permitting and Environmental" for a more

detailed description of the entitlement, zoning status and permitting status of the Development.

ASSESSMENT METHODOLOGY AND ALLOCATION OF ASSESSMENTS

Two (2) assessment areas have been established within the District known as Assessment Area One and Assessment Area Two. The District previously issued its Series 2021 Bonds to fund a portion of the CIP supporting the development of Assessment Area One, which has been developed into 182 platted lots within Phase 1 and includes those parcels situated in the District just west off the entry road of the District located at Paradiso Grande Boulevard. The Series 2021 Bonds are secured by the Series 2021 Assessments which are levied on Assessment Area One.

Additional development is currently underway in Assessment Area Two which generally consists of the remaining lands in the District comprising Phase 2. As indicated, Assessment Area Two is planned to include 203 units representing the final build-out of the District.

Governmental Management Services – Central Florida, LLC (in such capacity, the "Assessment Consultant") has prepared the [Master Assessment Methodology Phase 2] dated [February 2024] (the "Master Assessment Report") and the [Supplemental Assessment Methodology Phase 2] dated [February 2024] (the "Supplemental Assessment Report" and, together with the Master Assessment Report, the "Assessment Report"), attached hereto as composite APPENDIX B. The Assessment Report provides for a methodology to allocate the total costs and benefit derived from the Phase 2 CIP and the Series 2024 Assessments levied in connection with the Series 2024 Bonds.

The Series 2024 Assessments securing the Series 2024 Bonds will initially be levied on an equal per acre basis on the lands within Assessment Area Two. As the assessable parcels of land within Assessment Area Two are developed and platted, the Series 2024 Assessments will then be allocated to each of the platted units by product type as set forth in the Supplemental Assessment Report. The Series 2024 Assessments are ultimately expected to be allocated on a per unit basis to the 203 residential units planned within Assessment Area Two as illustrated in the table below.

Product Type	# of Units	Est. Series 2024 Bonds Principal Per Unit*	Est. Series 2024 Bonds Gross Annual Debt Service Per Unit**†
Townhome	114	\$22,616	\$1,701

Single-family 70'	33	42,216	3,175
Total	203		

* Preliminary, subject to change.

† Includes gross-up of 4% for early payment and 2% for collection fees imposed by the County.

The following information herein appearing under the captions "THE DEVELOPER" and "THE DEVELOPMENT" have been furnished by the Developer for inclusion in this Limited Offering Memorandum as a means for prospective Bondholders to understand the anticipated development plan and risks associated with the Development and the provision

of infrastructure to the real property within the District. Although believed to be reliable, such information has not been independently verified by the District or its counsel, the Underwriter or its counsel, or Bond Counsel, and no person other than the Developer, subject to certain qualifications and limitations, makes any representation or warranty as to the accuracy or completeness of such information. At the time of the issuance of the Series 2024 Bonds, the Developer will represent in writing that the information herein under the captions "THE DEVELOPER", "THE DEVELOPMENT," "LITIGATION – Developer," and "CONTINUING DISCLOSURE – Developer Continuing Compliance," does not contain any untrue statement of a material fact and does not omit to state any material fact necessary in order to make the statements made herein, in light of the circumstances under which they are made, not misleading.

The Developer's obligation to pay the Series 2024 Assessments is limited solely to its obligation as a landowner, just as any other landowner within the District. The Developer is not a guarantor of payment on any property within the District and the recourse for the Developer's failure to pay or otherwise comply with its obligations to the District is limited to its ownership interest in the land subject to the Series 2024 Assessments.

THE DEVELOPER

Landowner and Developer

The landowner and developer of Phase 2 of the Development is Park Square Grande Pines Phase 2, LLC, a Florida limited liability company (as previously defined, the "Developer"). The sole member and 100% owner of the Developer is Park Square Enterprises, LLC, doing business as Park Square Homes, a Delaware limited liability company (as previously defined, "Park Square"). The Development is planned to be an amenity rich resort community located in the heart of the Orlando tourist district off International Drive. Its location provides convenient access to all major highways, the Orlando International Airport, theme parks, dining, shopping and entertainment.

The Development is generally located west of International Drive and south of the Central Florida Parkway. The Orlando International Airport is located approximately twelve (12) miles to the east. Theme parks including SeaWorld, Walt Disney World and Universal Studios Orlando are located approximately one (1) mile north, six (6) miles southwest and six (6) miles north, respectively. In addition, the Orange County Convention Center and the Orlando International Premium Outlets are located approximately two (2) miles and six (6) miles north of the Development, respectively.

The Development is currently planned to include a total of 385 residential units, including 169 townhomes and 216 detached single-family homes. As of the date hereof, substantial development work has been completed in the Development including, without limitation, Phase 1, which has been fully developed and platted with 182 lots, along with the landscaped entry at Paradiso Grande Boulevard, recreational facilities and additional horizontal infrastructure supporting Phase 2 of the Development. Amenities within the Development include the Aquarius Clubhouse, Resort Café, zero-entry resort-style pool with a lazy river, poolside bar and lounge area, state-of-the-art fitness center, children's playground, parks and walking trails. Further, homes within the Development continue to be marketed to end users, including to foreign nationals, as vacation resort homes. Since opening to retail buyers in 2021, as of January 31, 2024, 177 of the planned 182 homes in Phase 1 had been sold to retail buyers of which eighty-one (81) had closed with retail buyers at an average sales price of \$1.1 million. As discussed further herein, the Developer will undertake a lot reservation program for the lots planned in Phase 2, which is anticipated to commence in February 2024.

Land Acquisition/Development Financing

Park Square previously entered into a contract with the seller of the lands constituting the Development which set forth the purchase of such lands in two (2) takedowns. An affiliated entity of Park Square acquired the lands constituting Phase 1 in May of 2019 for a purchase price of \$10.135 million. In conjunction with the assignment of the purchase obligation for the second takedown, the Developer acquired the forty-five (45) acres comprising Phase 2 in April 2021 for an aggregate purchase price of approximately \$10 million. The acquisition of the Phase 2 lands was effectuated with approximately \$2.5 million in cash and a \$7.5 million advance of proceeds of a loan, as defined and described in more detail below.

In April 2021, the Developer obtained financing for the acquisition of the lands constituting Phase 2 from R2R Capital – PS Paradiso Grande Lender, LLC, a Texas limited

liability company (the "Lender"), in the amount of \$7.5 million (the "Land Acquisition Loan"). The Developer is required to make monthly interest payments at a floating interest rate, subject to a maximum rate, on the principal balance of the Land Acquisition Loan outstanding through the final maturity date of [_____] 20[___]. As of January 31, 2024, the outstanding balance of the Land Acquisition Loan is approximately \$7.5 million.

The Developer is currently working with the Lender on a new loan agreement in the principal amount of \$12.3 million which, among other things, will be used to refinance the Land Acquisition Loan and to fund horizontal construction within Assessment Area Two (the "Development Loan"). The Development Loan is expected to close in March 2024.

To date, the Developer estimates it has expended approximately \$5.3 million in development related expenditures allocable to Assessment Area Two. Proceeds of the Series 2024 Bonds will be utilized to fund the acquisition of completed portions of the Phase 2 CIP in the approximate amount of \$4.7 million*. The Developer intends to continue to fund the remainder of the Phase 2 CIP not funded with proceeds of the Series 2024 Bonds through Developer equity and proceeds from the Development Loan.

The Land Acquisition Loan is secured by a mortgage, assignment of rents and leases, security agreement and fixture filing, which provides for, among other things, a mortgage on the land within the Development owned by the Developer (the "Mortgage"). Upon issuance of the Series 2024 Bonds, the Lender will enter into an agreement acknowledging the superiority of the lien of the Series 2024 Assessments to the Mortgage and licensing the assignment of development rights provided for in the Mortgage. See "BONDOWNERS' RISKS – Existing Mortgage and Mortgagee Acknowledgement" herein.

Zoning, Permitting and Environmental

Zoning

The Development is located on Parcel 11D within the Orangewood Neighborhood N-2 Planned Development (the "PD"). The existing PD development program allows for 648 timeshare villas, 1,017 hotel rooms, 2,447 multi-family dwelling units, 507 single-family dwelling units, an elementary school site, and 457,455 square feet of tourist commercial uses. In February 2019, a substantial change to the PD was approved, which included (a) the conversion of 507 single-family dwelling units to 507 short-term rental units on Parcel 11D, (b) the removal of a potential elementary school site from Parcel 11D, (c) a waiver to allow for the Development to be governed by a Preliminary Subdivision Plan ("PSP"), and (d) a waiver to allow the Development to be governed by residential site standards. A PSP for the Development was approved by the County in March 2019, and a modification to the PSP was subsequently approved by the County in October 2020 and again in [_____] 20[___] to, among other things, decrease the total number of short-term rental units from 423 to 385, as well as revise plotting and the layout of the amenity site to be consistent with the current design and development plan for the Development.

* Preliminary, subject to change.

Permitting

The Developer has obtained certain master permits and approvals for the overall Development, including from the County and the South Florida Water Management District. A US Army Corps of Engineers permit was not required.

As further discussed herein, Assessment Area Two includes subphases 3 and 5. The Developer has obtained all permits necessary to commence work on subphases 3 and 5 and such work is underway, with completion of both subphases anticipated in the second quarter of 2024.

The Engineer's Report attached hereto as APPENDIX A provides a detailed description of the status of permits and approvals. The Consulting Engineer will certify at closing that all permits required to be obtained for the Development are expected to be obtained in the ordinary course.

Environmental

In July 2019, the Developer commissioned a Phase I Environmental Site Assessment from Universal Engineering Sciences, Inc. for the acreage constituting the Development. No recognized environmental conditions ("RECs"), controlled RECs, historical RECs, de minimis conditions, vapor encroachment conditions, or business environmental risks were identified in connection with the property comprising the Development.

Utilities

Orange County Utilities provides water, sewer and reclaimed water service to the Development and Duke Energy provides underground electrical power to the Development. Cable and internet service are provided by Spectrum.

Residential Land Use and Development Plan

As stated herein, the development plan for the Development provides for 385 residential units in two (2) phases with Phase 2 constituting Assessment Area Two on which the Series 2024 Assessments are levied. A summary of the unit mix and phasing is provided below, which is subject to change.

Product Type	Phase 1 (Assessment Area One)	Phase 2 (Assessment Area Two)	Total
Townhome	55	114	169
Single-family 50'	99	56	155
Single-family 70'	28	33	61
Total	182	203	385

Assessment Areas

As previously discussed herein, two (2) assessment areas have been established within the District known as Assessment Area One and Assessment Area Two. The initial phase of development occurred in Assessment Area One, which has been developed into 182 platted lots located in Phase 1 only. The second phase of development is occurring in

Assessment Area Two and is planned for 203 residential units. Assessment Area Two constitutes the final phase of development in the District.

As previously described herein under the heading "THE CAPITAL IMPROVEMENT PROGRAM AND PHASE 2 CIP," the Series 2024 Bonds are being issued to fund a portion of the Phase 2 CIP supporting Assessment Area Two in the approximate amount of \$4.7 million*. The Series 2024 Assessments levied in connection with the Series 2024 Bonds will be levied on the lands in Assessment Area Two.

Status of Infrastructure Development

Development activities in the Development commenced in May 2020. The Development is being developed in two (2) phases with five (5) subphases therein. Phase 1 is complete and includes the full development and platting of 182 lots in three (3) subphases, including subphase 1 (entry road and amenity site), subphase 2 (127 single-family lots) and subphase 4 (55 townhome lots). Further, development on horizontal infrastructure in Phase 2, which constitutes Assessment Area Two, commenced in April 2023 and is planned to be completed in two (2) subphases, including subphase 3 (89 single-family lots) and subphase 5 (114 townhome lots).

Development activities for both subphases in Assessment Area Two are anticipated to be completed in the second quarter of 2024. Further, the Developer has applied for and anticipates final plat approval to be obtained from the County for all planned units in Assessment Area Two by the first quarter of 2024.

In addition, the main entrance situated at International Drive, known as Paradiso Grande Boulevard, has been constructed providing access to the larger Development. Work on High Seas Drive, the primary spine road traversing west and southwest through the Development, has commenced and will ultimately connect the entrance off International Drive to all 203 homes planned within Assessment Area Two.

Residential Product Offerings

As previously stated herein, the Development is located on International Drive in the heart of the Orlando tourist district. Homes within the gated community are being marketed to end users, including to foreign nationals, as vacation resort homes, which will be available for short-term rental. The following table reflects the Developer's current expectations for Phase 2, including square footages, bedrooms/bathrooms, and estimated home prices, all of which are subject to change.

* Preliminary, subject to change.

Home Construction/Sales Activity

The Development features five (5) model homes including a sales center. Home sales within Phase 1 of the Development commenced in 2021 and, as of January 31, 2024, 177 of the planned 182 homes in Phase 1 had been sold to retail buyers of which eighty-one (81) had closed with retail buyers at an average sales price of \$1.1 million.

Further, similar to Phase 1, Park Square will undertake a lot reservation program for the lots planned in Phase 2, each anticipated to be secured by a fully refundable \$100,000 deposit held in escrow by a title company. The Developer anticipates lot reservations will commence in February 2024. As development of Phase 2 is completed and product design and pricing are finalized, Park Square will look to convert lot reservations into home/lot purchase contracts secured by non-refundable deposits.

Recreational and Lifestyle Amenities

The Development is designed to offer a full range of resort-style amenities for its residents. Construction of certain of the recreational options for the Development are complete, including the Aquarius Clubhouse, Resort Café, zero-entry resort-style pool with a lazy river, poolside bar and lounge area, state-of-the-art fitness center, children's playground, parks and walking trails. Such amenities are owned and maintained by the homeowners' association.

The Development will expand its recreational facilities to include additional pro-level sports courts in Phase 2, subphase 5. Construction of the expanded amenity facilities is anticipated to commence by the second quarter of 2024 with completion expected by the fourth quarter of 2024. The recreational facilities will be owned and operated by the homeowner's association.

Additionally, the Development's location is in the heart of the Orlando tourist district off International Drive. Conveniently located to all major highways, the Orlando International Airport, theme parks, dining, shopping and entertainment, the Development's location will provide easy access for any activity.

Marketing

Homes within the Development will be marketed to end users, including to foreign nationals, as vacation rentals. The Development will be promoted through real estate professionals that specialize in resort/vacation home sales. In addition, digital advertising will target Orlando tourists and international real estate sales professionals. All marketing is anticipated to drive prospective purchasers to the community's website for virtual and/or onsite tours. A preview of the Development and the branding material can also be seen online at www.paradisogrande.com.br/en/.

In addition, Park Square has established web pages on its website specifically related to the Development. Finally, Park Square is conducting sales activities from its model homes and its on-site sales center.

Projected Absorption

As previously stated herein, as of January 31, 2024, 177 of the planned 182 homes in Phase 1 had been sold to retail buyers of which eighty-one (81) had closed with retail buyers. In addition, Park Square will undertake a lot reservation program for lots planned in Phase 2, which is anticipated to commence in February 2024. The projected absorption for home closings planned in the Development is provided below which is subject to change.

Product Type	Through 1/31/2024	Est. Remaining	2025	2026	Total
		2024			
Townhome	0	77	92	0	169
Single-family 50'	66	36	48	5	155
Single-family 70'	15	11	35	0	61
Total	81	124	175	5	385

The aforementioned projections are based upon estimates and assumptions that are inherently uncertain, though considered reasonable, and are subject to significant business, economic and competitive uncertainties and contingencies, all of which are difficult to predict. As a result, there can be no assurance that such projections will occur or be realized in the time frames anticipated. See "BONDOWNERS' RISKS" herein.

Fees and Assessments

Each landowner will pay annual taxes, assessments, and fees on an ongoing basis as a result of their ownership of property within the District, including ad valorem property taxes, debt service assessments levied in connection with Bonds issued by the District, homeowner's association fees, and administrative, operation and maintenance assessments levied by the District as described in more detail below.

Property Taxes. The current millage rate for the area in which the District is located is 16.5353. Assuming an average home price in the Development of approximately \$1,000,000, the annual property tax would be approximately \$16,535.

Homeowner's Association Fees. All homeowners will be subject to annual master homeowner's association ("HOA") fees for payment of HOA expected expenses, including, without limitation, the cost of management and administration of the HOA, trash pick-up, common area maintenance, and expenses related to the HOA-owned clubhouse. The Developer estimates that upon full build-out of the planned 385 units in the Development, this fee will be approximately \$289 per month for townhomes and \$306 per month for single-family lots, each subject to change.

District Special Assessments. All landowners in Assessment Area Two will be subject to the Series 2024 Assessments. In addition, all landowners in the District are subject to annual operation and maintenance assessments ("O&M Assessments") levied by the District which are derived from the District's annual budget and are subject to change each year. The table below illustrates the aforementioned annual assessments that will be levied by the District for each of the respective product types in Assessment Area Two.

Product Type	Est. Gross annual Series 2024 Assessments	Est. FY 2024 O&M Assessments
Townhome	\$1,701	\$1,084
Single-family 50'	2,268	1,445
Single-family 70'	3,175	2,023

As noted, certain of the amounts set forth above are estimates. It is anticipated that funds derived from the O&M Assessments described above will be used by the District primarily to pay for maintenance of District-owned facilities and administrative overhead and operating expenses including, without limitation, District management, insurance, maintenance and supplies. Furthermore, it is anticipated that funds derived from the HOA fees described above will be used by such association primarily to pay for architectural review fees, deed restriction and operation and maintenance of any HOA owned facilities. The O&M Assessments imposed by the District will vary annually, based on the adopted budget of the District for a particular Fiscal Year. Similarly, the HOA fees will vary annually, based on the budget adopted by the HOA for a particular year.

Competition

The Development is expected to compete with vacation home and short-term rental projects in the greater Orlando market generally. However, the Development is one of the first single-family vacation resort communities in the County and the only collection of single-family resort homes in the Sea World area. As evidenced by the initial demand and lot reservation contracts, the Developer feels the Development has a strong competitive advantage.

There are number of new projects and ongoing projects in the Orlando market that the Development will be in competition with, including, without limitation, the following: Everest, Magic Village Resort, Storey Creek, Reunion West, Margaritaville®, Solterra Resort, Windsor at Westside and the Retreat at Champions Gate, all of which are located in community development districts located in Osceola or Polk counties. This section does not purport to summarize all of the existing or planned communities in the area of the Development, but rather provide a description of those that the Developer feels pose primary competition to the Development.

BONDOWNERS' RISKS

There are certain risks inherent in an investment in bonds secured by special assessments issued by a public authority or governmental body in the State. Certain of these risks are described in the section above entitled "ENFORCEMENT OF ASSESSMENT COLLECTIONS." However, certain additional risks are associated with the Series 2024 Bonds offered hereby. This section does not purport to summarize all risks that may be associated with purchasing or owning the Series 2024 Bonds and prospective purchasers are advised to read this Limited Offering Memorandum including all appendices hereto in its entirety to identify investment considerations relating to the Series 2024 Bonds.

Limited Pledge

The principal security for the payment of the Debt Service Requirements on the Series 2024 Bonds is the timely collection of the Series 2024 Assessments. The Series 2024 Assessments do not constitute a personal indebtedness of the owners of the land subject thereto but are secured by a lien on such land. There is no assurance that the Developer or any subsequent landowner will be able to pay the Series 2024 Assessments or that they will pay such Series 2024 Assessments even though financially able to do so. Neither the Developer nor any subsequent landowner is a guarantor of payment of any Series 2024 Assessment and the recourse for the failure of the Developer or any subsequent landowner to pay the Series 2024 Assessments is limited to the collection proceedings against the land. See "ENFORCEMENT OF ASSESSMENT COLLECTIONS" herein. The District has not granted, and may not grant under State law, a mortgage or security interest in the Phase 2 CIP. Furthermore, the District has not pledged the revenues, if any, from the operation of the Phase 2 CIP as security for, or a source of payment of, the Series 2024 Bonds. The Series 2024 Bonds are payable solely from, and secured solely by, the 2024 Pledged Revenues, including the Series 2024 Assessments. The failure of the Developer or any subsequent landowner to pay the required Series 2024 Assessment on its property will not result in an increase in the amount of Series 2024 Assessments other landowners are or would be required to pay.

Concentration of Land Ownership and Bankruptcy Risks

Until further development takes place in Assessment Area Two and assessable properties are sold to end users, payment of the Series 2024 Assessments is substantially dependent upon their timely payment by the Developer and/or Park Square. In the event of the institution of bankruptcy or similar proceedings with respect to the Developer or any other subsequent significant owner of property subject to the Series 2024 Assessments, delays and impairment could occur in the payment of the Debt Service Requirements on the Series 2024 Bonds as such bankruptcy could negatively impact the ability of (a) the Developer or any other landowner being able to pay the Series 2024 Assessments, (b) the County to sell tax certificates in relation to such property with respect to the Series 2024 Assessments being collected pursuant to the Uniform Method, and (c) the District's ability to enforce collection with respect to the Series 2024 Assessments not being collected pursuant to the Uniform Method. In addition, the remedies available to the Owners of the Series 2024 Bonds, the Trustee and the District upon an Event of Default under the Indenture are in many respects dependent upon judicial actions which are often subject to discretion and delay. Under existing constitutional and statutory law and judicial decisions, including during a bankruptcy of the Developer or any other landowner, the remedies specified by federal, State and local law and in the Indenture and the Series 2024 Bonds, including, without limitation, enforcement of the obligation to pay Series 2024 Assessments and the ability of the District to foreclose the lien of the Series 2024 Assessments, may not be readily available or may be limited. The various legal opinions to be delivered concurrently with the delivery of the Series 2024 Bonds (including Bond Counsel's approving opinion) will be qualified as to the enforceability of the various legal instruments by limitations imposed by bankruptcy, reorganization, insolvency or other similar laws affecting the rights of creditors enacted before or after such delivery. The inability, either partially or fully, to enforce available remedies respecting the Series 2024 Bonds could have a material adverse impact on the interest of the Owners thereof.

Delay and Discretion Regarding Remedies

Beyond legal delays that could result from bankruptcy, the ability of the County to sell tax certificates in regard to delinquent Series 2024 Assessments collected pursuant to the Uniform Method will be dependent upon various factors, including the interest rate which can be earned by ownership of such certificates and the value of the land which is the subject of such certificates and which may be subject to sale at the demand of the certificate holder after two (2) years. Similarly, the ability of the District to enforce collection of delinquent Series 2024 Assessments collected directly by the District will be dependent upon various factors, including the delay inherent in any judicial proceeding to enforce the lien of the Series 2024 Assessments and the value of the land which is the subject of such proceedings and which may be subject to sale. If the District should commence a foreclosure action against a landowner for nonpayment of Series 2024 Assessments which are not being collected pursuant to the Uniform Method and that are delinquent, such landowners may raise affirmative defenses to such foreclosure action, which although such affirmative defenses would likely be proven to be without merit, could result in delays in completing the foreclosure action.

Limitation on Funds Available to Exercise Remedies

In the event of a default by a landowner in payment of Series 2024 Assessments that are not collected pursuant to the Uniform Method, the District is required under the Indenture to fund the costs of foreclosure of such delinquent Series 2024 Assessments. It is possible that the District will not have sufficient funds and will be compelled to request the Owners of the Series 2024 Bonds to allow funds on deposit under the Indenture to be used to pay such costs. Under the Internal Revenue Code of 1986, as amended (the "Code"), there are limitations on the amount of Series 2024 Bond proceeds that can be used for such purpose. As a result, there may be insufficient funds for the exercise of remedies.

Determination of Land Value upon Default

The assessment of the benefits to be received by the benefited land within Assessment Area Two as a result of implementation and development of the Phase 2 CIP is not indicative of the realizable or market value of the land, which value may actually be higher or lower than the assessment of benefits. In other words, the value of the land could potentially be ultimately less than the debt secured by the Series 2024 Assessments associated with it. To the extent that the realizable or market value of the land benefited by the Phase 2 CIP is lower than the assessment of benefits, the ability of the Tax Collector to sell tax certificates relating to such land, or the District to realize sufficient value from a foreclosure action, may be adversely affected. Such adverse effect could render the District unable to collect delinquent Series 2024 Assessments, if any, and provided such delinquencies are significant, could negatively impact the ability of the District to make the full or punctual payment of the Debt Service Requirements on the Series 2024 Bonds.

Landowner Challenge of Assessed Valuation

Under Florida law, a landowner may contest the assessed valuation determined for its property that forms the basis of ad-valorem taxes such landowner must pay. During this contest period, the sale of a tax certificate under the Uniform Method will be

suspended. If the Series 2024 Assessments are being collected along with ad valorem taxes pursuant to the Uniform Method, tax certificates will not be sold with respect to such Series 2024 Assessment, even though the landowner is not contesting the amount of the Series 2024 Assessment. However, Section 194.014, Florida Statutes, requires taxpayers challenging the assessed value of their property to pay all non-ad valorem assessments and at least seventy-five percent (75%) of their ad valorem taxes before they become delinquent. Likewise, taxpayers who challenge the denial of an exemption or classification, or a determination that their improvements were substantially complete, must pay all non-ad valorem assessments and the amount of ad valorem taxes that they admit in good faith to be owing. If a taxpayer fails to pay property taxes as set forth above, the Value Adjustment Board considering the taxpayer's challenge is required to deny such petition by written decision by April 20 of such year.

Failure to Comply with Assessment Proceedings

The District is required to comply with statutory procedures in levying the Series 2024 Assessments. Failure of the District to follow these procedures could result in the Series 2024 Assessments not being levied or potential future challenges to such levy. [As of the date hereof, the Assessment Proceedings with respect to the imposition and levy of the Series 2024 Assessments are not complete. It will be a condition to closing on the Series 2024 Bonds that such Assessment Proceedings be completed prior to the issuance of the Series 2024 Bonds.]

Other Taxes and Assessments

The willingness and/or ability of a landowner within Assessment Area Two to pay the Series 2024 Assessments could be affected by the existence of other taxes and assessments imposed upon the property. Public entities whose boundaries overlap those of the District, such as the County, the Orange County School District and other special districts could, without the consent of the owners of the land within Assessment Area Two, impose additional taxes or assessments on the property within Assessment Area Two. County, municipal, school and special district taxes and assessments, including the Series 2024 Assessments, and any additional voter-approved ad valorem taxes, are payable at the same time when collected pursuant to the Uniform Method, except for partial payment schedules as may be provided by Sections 197.374 and 197.222, Florida Statutes. Partial payments made pursuant to Sections 197.374 and 197.222, Florida Statutes, are distributed in equal proportion to all taxing districts and levying authorities applicable to that account. If a taxpayer does not make complete payment, such taxpayer cannot designate specific line items on the tax bill as deemed paid in full. Therefore, any failure by a landowner to pay any one line item, whether or not it is the Series 2024 Assessments, would result in such landowner's Series 2024 Assessments to not be fully collected, which could have a significant adverse impact on the District's ability to make full or punctual payment of the Debt Service Requirements on the Series 2024 Bonds.

As referenced herein, the Series 2024 Assessments are levied on lands within Assessment Area Two that are also subject to O&M Assessments and HOA fees. See "THE DEVELOPMENT – Fees and Assessments" herein.

Limited Secondary Market

The Series 2024 Bonds may not constitute a liquid investment, and there is no assurance that a liquid secondary market will exist for the Series 2024 Bonds in the event an Owner thereof determines to solicit purchasers of the Series 2024 Bonds. Even if a liquid secondary market exists, there can be no assurance as to the price for which the Series 2024 Bonds may be sold. Such price may be lower than that paid by the current Owners of the Series 2024 Bonds, depending on the progress of Assessment Area Two, existing market conditions and other factors.

Inadequacy of 2024 Reserve Account

Some of the risk factors described herein, if materialized, could result in a delay in the collection of the Series 2024 Assessments or a failure to collect the Series 2024 Assessments, but may not affect the timely payment of the Debt Service Requirements on the Series 2024 Bonds because of the 2024 Reserve Account established by the District for the Series 2024 Bonds. However, the ability of the District to fund deficiencies caused by delinquent or delayed Series 2024 Assessments is dependent upon the amount, duration and frequency of such deficiencies or delays. If the District has difficulty in collecting the Series 2024 Assessments, the 2024 Reserve Account could be rapidly depleted and the ability of the District to pay the Debt Service Requirements on the Series 2024 Bonds could be materially adversely affected. Owners should note that although the Indenture contains the 2024 Reserve Account Requirement for the 2024 Reserve Account, and a corresponding obligation on the part of the District to replenish the 2024 Reserve Account to the 2024 Reserve Account Requirement, the District does not have a designated revenue source for replenishing the 2024 Reserve Account. Moreover, the District may not be permitted to reassess real property then burdened by the Series 2024 Assessments in order to provide for the replenishment of the 2024 Reserve Account.

Moneys on deposit in the 2024 Reserve Account may be invested in certain obligations permitted under the Indenture. Fluctuations in interest rates and other market factors could affect the amount of moneys available in the 2024 Reserve Account to make up deficiencies or delays in collection of Series 2024 Assessments.

Regulatory and Environmental Risks

The Development is subject to comprehensive federal, State and local regulations and future changes to such regulations. Approval is required from various public agencies in connection with, among other things, the design, nature and extent of planned improvements, both public and private, and construction of the infrastructure in accordance with applicable zoning, land use and environmental regulations. Although all such approvals required to date have been received and any further approvals are anticipated to be received as needed, failure to obtain any such approvals in a timely manner could delay or adversely affect the completion of Assessment Area Two. See "THE DEVELOPMENT – Zoning, Permitting and Environmental" herein.

The value of the land within the District, the ability to complete the Phase 2 CIP or develop Assessment Area Two, and the likelihood of timely payment of the Debt Service Requirements on the Series 2024 Bonds could be affected by environmental factors with

respect to the lands in the District, such as contamination by hazardous materials. No assurance can be given that unknown hazardous materials, protected animals or vegetative species, etc., do not currently exist or may not develop in the future whether originating within the District or from surrounding property, and what effect such may have on the development of the lands within the District. The District has not performed, nor has the District requested that there be performed on its behalf, any independent assessment of the environmental conditions within the District. See "THE DEVELOPMENT – Zoning, Permitting and Environmental" herein.

Economic Conditions

The proposed Development may be affected by changes in general economic conditions, fluctuations in the real estate market and other factors beyond the control of the Developer or the District. Although Assessment Area Two is anticipated to be developed as described herein, there can be no assurance that such development will occur or be realized in the manner or schedule currently anticipated.

Cybersecurity

The District relies on a technological environment to conduct its operations. The District, its agents and other third parties the District does business with or otherwise relies upon are subject to cyber threats including, but not limited to, hacking, viruses, malware and other attacks on computer and other sensitive digital networks and systems. Entities or individuals may attempt to gain unauthorized access to such parties' digital systems for the purposes of misappropriating assets or information or causing operational disruption and damage. No assurance can be given that any such attack(s) will not materially impact the operations or finances of the District, which could impact the timely payment of the Debt Service Requirements on the Series 2024 Bonds.

Infectious Viruses and/or Diseases

The COVID-19 pandemic severely impacted global financial markets, unemployment levels and commerce generally. It is possible that, in the future, the spread of epidemic or pandemic diseases and/or government health and public safety restrictions imposed in response thereto could adversely impact the District, the Developer, the timely and successful completion of the Development, and the construction and sale to purchasers of residential units therein. Such impacts could include delays in obtaining development approvals, construction delays, supply chain delays, or increased costs.

Damage to District from Natural Disasters

The value of the lands subject to the Series 2024 Assessments could be adversely affected by flooding or wind damage caused by hurricanes, tropical storms, or other catastrophic events. In addition to potential damage or destruction to any existing development or construction in or near the District, such catastrophic events could potentially render the lands within the District unable to support the construction of the Phase 2 CIP. The occurrence of any such events could materially adversely affect the District's ability to collect Series 2024 Assessments and pay the Debt Service Requirements on the Series 2024 Bonds. The Series 2024 Bonds are not insured and the District's

casualty insurance policies do not insure against losses incurred on private lands within its boundaries.

Change in Development Plans

The Developer has the right to modify or change plans for development of certain property within the Development, from time to time, including, without limitation, land use changes, changes in the overall land and phasing plans, and changes to the type, mix, size and number of units to be developed, and may seek in the future, in accordance with, and subject to the provisions of the Act, to contract or expand the boundaries of the District.

Completion of Phase 2 CIP

In the event the District does not have sufficient moneys on hand to complete the Phase 2 CIP, there can be no assurance that the District will be able to raise through the issuance of bonds, or otherwise, the moneys necessary to complete the Phase 2 CIP. Pursuant to the Indenture, the District covenants not to issue any other Bonds or other debt obligations secured by Special Assessments on assessable lands which are also encumbered by the Series 2024 Assessments for any capital project unless the Series 2024 Assessments have been Substantially Absorbed. See "SECURITY FOR AND SOURCE OF PAYMENT OF THE SERIES 2024 BONDS – Limitation on Additional Debt" for more information.

The Developer will agree to fund or cause to be funded the completion of the Phase 2 CIP and will enter into the Completion Agreement with the District as evidence thereof. As currently contemplated, upon the transfer of platted lots or other lands from the Developer to Park Square, Park Square will become jointly obligated with the Developer under the Completion Agreement. There can be no assurance that the Developer or Park Square will have sufficient resources to satisfy the obligation to complete the Phase 2 CIP. Such obligation of the Developer and Park Square is an unsecured obligation. See "SECURITY FOR AND SOURCE OF PAYMENT OF THE SERIES 2024 BONDS – Completion Agreement," "THE DEVELOPER" and "THE DEVELOPMENT" herein.

District May Not be Able to Obtain Permits

In connection with a foreclosure of lien of assessments prior to completion of a development, the Circuit Court in and for Lake County, Florida concluded that a community development district had no right, title or interest in any permits and approvals owned by the owner of the parcels so foreclosed. As discussed herein, the District, the Developer and Park Square will enter into the Assignment Agreement upon issuance of the Series 2024 Bonds in which the Developer and/or Park Square collaterally assigns to the District certain of their development and contract rights relating to the Phase 2 CIP. Notwithstanding the foregoing, in the event that the District forecloses on the property subject to the lien of the Series 2024 Assessments to enforce payment thereof, the District may not have the right, title or interest in the permits and approvals owned by the Developer and/or Park Square and failure to obtain any such permits or approvals in a timely manner could delay or adversely affect the completion of Assessment Area Two. See "SECURITY FOR AND SOURCE OF PAYMENT OF THE SERIES 2024 BONDS – Collateral Assignment" herein.

Interest Rate Risk; No Rate Adjustment for Taxability

The interest rates borne by the Series 2024 Bonds are, in general, higher than interest rates borne by other bonds of political subdivisions that do not involve the same degree of risk as investment in the Series 2024 Bonds. These higher interest rates are intended to compensate investors in the Series 2024 Bonds for the risk inherent in the purchase of the Series 2024 Bonds. However, such higher interest rates, in and of themselves, increase the amount of Series 2024 Assessments that the District must levy in order to provide for payment of the Debt Service Requirements on the Series 2024 Bonds and, in turn, may increase the burden of landowners within Assessment Area Two, thereby possibly increasing the likelihood of non-payment or delinquency in payment of such Series 2024 Assessments.

The Indenture does not contain an adjustment of the interest rates on the Series 2024 Bonds in the event of a determination of taxability of the interest thereon. Such a change could occur as a result of the District's failure to comply with tax covenants contained in the Indenture or the Arbitrage Certificate executed by the District upon issuance of the Series 2024 Bonds or due to a change in the United States income tax laws. Should interest on the Series 2024 Bonds become includable in gross income for federal income tax purposes, Owners of the Series 2024 Bonds will be required to pay income taxes on the interest received on such Series 2024 Bonds and related penalties. Because the interest rates on such Series 2024 Bonds will not be adequate to compensate Owners of the Series 2024 Bonds for the income taxes due on such interest, the value of the Series 2024 Bonds may decline. Prospective purchasers of the Series 2024 Bonds should evaluate whether they can own the Series 2024 Bonds in the event that the interest on the Series 2024 Bonds becomes taxable and/or the District is ever determined to not be a political subdivision for purposes of the Code and/or Securities Act.

IRS Examination and Audit Risk

The Internal Revenue Service (the "IRS") routinely examines bonds issued by state and local governments, including bonds issued by community development districts. In 2016, the IRS concluded its lengthy examination of certain issues of bonds (for purposes of this paragraph, the "Audited Bonds") issued by Village Center Community Development District ("Village Center CDD"). During the course of the audit of the Audited Bonds, Village Center CDD received a ruling dated May 30, 2013, in the form of a non-precedential technical advice memorandum ("TAM") concluding that Village Center CDD is not a political subdivision for purposes of Section 103(a) of the Code because Village Center CDD was organized and operated to perpetuate private control and avoid indefinitely responsibility to an electorate, either directly or through another elected state or local governmental body. Such a conclusion could lead to the further conclusion that the interest on the Audited Bonds was not excludable from gross income of the owners of such bonds for federal income tax purposes. Village Center CDD received a second TAM dated June 17, 2015, which granted relief to Village Center CDD from retroactive application of the IRS's conclusion regarding its failure to qualify as a political subdivision. Prior to the conclusion of the audits, the Audited Bonds were all refunded with taxable bonds. The audit of the Audited Bonds that were issued for utility improvements was closed without change to the tax-exempt status of those Audited Bonds on April 25, 2016, and the audit of the remainder of the Audited Bonds (which funded recreational amenity acquisitions from entities related

to the principal landowner in Village Center CDD) was closed on July 14, 2016, without the IRS making a final determination that the interest on the Audited Bonds in question was required to be included in gross income. However, the IRS letter to Village Center CDD with respect to this second set of Audited Bonds noted that the IRS found that Village Center CDD was not a "proper issuer of tax-exempt bonds" and that those Audited Bonds were private-activity bonds that did not fall in any of the categories that qualify for tax-exemption. Although the TAMs and the letters to Village Center CDD from the IRS referred to above are addressed to, and binding only on, the IRS and Village Center CDD in connection with the Audited Bonds, they reflect the audit position of the IRS, and there can be no assurance that the IRS would not commence additional audits of bonds issued by other community development districts raising issues similar to the issues raised in the case of the Audited Bonds based on the analysis set forth in the first TAM or on the related concerns addressed in the July 14, 2016 letter to Village Center CDD.

On February 23, 2016, the IRS issued a notice of proposed rulemaking containing proposed regulations (the "Proposed Regulations") that provided guidance as to the definition of a political subdivision for purposes of the rules for tax-exempt bonds. However, on July 24, 2017, in response to Executive Order 13789 issued by President Trump, the Secretary of the Treasury (the "Secretary") identified the Proposed Regulations among a list of eight regulations that (a) impose an undue financial burden on U.S. taxpayers, (b) add undue complexity to the federal tax laws, or (c) exceed the statutory authority of the IRS. On October 2, 2017, in his Second Report to the President on Identifying and Reducing Tax Regulatory Burdens, the Secretary reported that the Treasury Department and the IRS believed that the Proposed Regulations should be withdrawn in their entirety, and the Treasury Department and the IRS withdrew the Proposed Regulations on October 20, 2017. The Secretary further provided that the Treasury Department and the IRS would continue to study the legal issues relating to political subdivisions and may propose more targeted guidance in the future. Because the Proposed Regulations have been withdrawn, it is not possible to determine the extent to which all or a portion of the discussion herein regarding the Village Center CDD and the TAMs may continue to be applicable in the absence of further guidance from the IRS.

It has been reported that the IRS has closed audits of other community development districts in the State with no change to such districts' bonds' tax-exempt status, but has advised such districts that such districts must have public electors within the timeframe established by applicable State law or their bonds may be determined to be taxable retroactive to the date of issuance. Pursuant to the Act, general elections are not held until the later of six (6) years or when there are 250 qualified electors in the District. The District, unlike Village Center CDD, was formed with the intent that it will contain a sufficient number of residents to allow for a transition to control by a general electorate. Currently, all members of the Board were elected by the landowners in the District and none were elected by qualified electors. Although it is impossible to predict whether the IRS will select the Series 2024 Bonds for audit, the District has no reason to believe that any such audit will be commenced, or that any such audit, if commenced, would result in a conclusion of noncompliance with any applicable State or federal law.

Owners of the Series 2024 Bonds are advised that, if the IRS does audit the Series 2024 Bonds, under its current procedures, at least during the early stages of an audit, the IRS will treat the District as the taxpayer, and the Owners of the Series 2024 Bonds may

have limited rights to participate in those proceedings. The commencement of such an audit could adversely affect the market value and liquidity of the Series 2024 Bonds until the audit is concluded, regardless of the ultimate outcome. In addition, in the event of an adverse determination by the IRS with respect to the tax-exempt status of interest on the Series 2024 Bonds, it is unlikely the District will have available revenues to enable it to contest such determination or enter into a voluntary financial settlement with the IRS. Further, an adverse determination by the IRS with respect to the tax-exempt status of interest on the Series 2024 Bonds would adversely affect the availability of any secondary market for the Series 2024 Bonds. Should interest on the Series 2024 Bonds become includable in gross income for federal income tax purposes, not only will Owners of Series 2024 Bonds be required to pay income taxes on the interest received on such Series 2024 Bonds and related penalties, but because the interest rates on such Series 2024 Bonds will not be adequate to compensate Owners of the Series 2024 Bonds for the income taxes due on such interest, the value of the Series 2024 Bonds may decline. See also "TAX MATTERS" herein.

Legislative Proposals and State Tax Reform

During recent years, legislative proposals have been introduced in Congress, and in some cases enacted, that altered certain federal tax consequences resulting from the ownership of obligations that are similar to the Series 2024 Bonds. In some cases, these proposals have contained provisions that altered these consequences on a retroactive basis. Such alteration of federal tax consequences may have affected the market value of obligations similar to the Series 2024 Bonds. From time to time, legislative proposals are pending which could have an effect on both the federal tax consequences resulting from ownership of the Series 2024 Bonds and their market value. No assurance can be given that legislative proposals will not be enacted that would apply to, or have an adverse effect upon, the Series 2024 Bonds. For example, in connection with federal deficit reduction, job creation and tax law reform efforts, proposals have been made and others are likely to be made that could significantly reduce the benefit of, or otherwise affect, the exclusion from gross income of interest on obligations like the Series 2024 Bonds. There can be no assurance that any such legislation or proposal will be enacted and, if enacted, what form it may take. The introduction or enactment of any such legislative proposals may affect, perhaps significantly, the market price for or marketability of the Series 2024 Bonds.

It is impossible to predict what new proposals may be presented regarding ad valorem tax reform and/or community development districts during upcoming State legislative sessions, whether such new proposals or any previous proposals regarding the same will be adopted by the Florida Senate and House of Representatives and signed by the Governor, and, if adopted, the form thereof. It is impossible to predict with certainty the impact that any existing or future legislation will or may have on the security for the Series 2024 Bonds. It should be noted that Section 190.016(14) of the Act provides in pertinent part that "the state pledges to the holders of any bonds issued under the Act that it will not limit or alter the rights of the district to levy and collect the assessments and to fulfill the terms of any agreement made with the holders of such bonds and that it will not impair the rights or remedies of such holders."

Loss of Exemption from Securities Registration

Since the Series 2024 Bonds have not been, and will not be, registered under the Securities Act or any state securities laws, pursuant to the exemption for political subdivisions, and regardless of any potential IRS determination that the District is not a political subdivision for purposes of the Code, it is possible that federal or state regulatory authorities could independently determine that the District is not a political subdivision for purposes of federal and state securities laws. Accordingly, the District and purchasers of the Series 2024 Bonds may not be able to rely on the exemption from registration relating to securities issued by political subdivisions. In that event, the Owners of the Series 2024 Bonds would need to ensure that subsequent transfers of the Series 2024 Bonds are made pursuant to a transaction that is not subject to the registration requirements of the Securities Act.

Prepayment and Redemption Risk

The Series 2024 Bonds are subject to extraordinary mandatory redemption as a result of Prepayments of the Series 2024 Assessments by the Developer or subsequent owners of property within the District. Any such redemptions of the Series 2024 Bonds would be at the principal amount of such Series 2024 Bonds being redeemed plus accrued interest to the date of redemption. In such event, Owners of the Series 2024 Bonds may not realize their anticipated rate of return on the Series 2024 Bonds and Owners of any bonds subject to original issue premium may receive less than the price they paid for the Series 2024 Bonds. See "DESCRIPTION OF THE SERIES 2024 BONDS – Redemption Provisions" herein.

Performance of District Professionals

The District has represented to the Underwriter that it has selected its District Manager, District Counsel, Consulting Engineer, Assessment Consultant, Trustee and other professionals with the appropriate due diligence and care. While the foregoing professionals have each represented that they have the requisite experience to accurately and timely perform the duties assigned to them in such roles, the District does not guarantee the performance of such professionals.

Existing Mortgage and Mortgagee Acknowledgement

As further described under the caption "THE DEVELOPMENT – Land Acquisition/ Development Financing," there is an existing mortgage (as previously defined, the "Mortgage") that burdens the lands in Assessment Area Two owned by the Developer in favor of R2R Capital – PS Paradiso Grande Lender, LLC, a Texas limited liability company (as previously defined, the "Lender"). Although the Series 2024 Assessments are considered to be superior to the lien of a conventional mortgage by operation of law, it is not unusual for mortgagees to raise defenses during a foreclosure action to protect their security interests, and similarly situated mortgagees have, in fact, raised defenses in the past in the context of a community development district foreclosing on a delinquent assessment lien (the "Mortgagee Defenses"). Such Mortgagee Defenses could affect the timing and/or outcome of an action by the District to foreclose on delinquent Series 2024 Assessments. In addition, the Lender may have certain intangible rights assigned to them

under the terms of the Land Acquisition Loan which are superior to such intangible rights that might otherwise be assigned to the District under the terms of the Assignment Agreement. Upon issuance of the Series 2024 Bonds, the Lender will enter into a Tri-Party Agreement and Covenant on the Land Relating to Consent to Jurisdiction, Imposition of Special Assessments and Subordination of Interests pursuant to which the Lender will acknowledge that the lien of the Series 2024 Assessments is superior to the lien of the Mortgage.

No Rating or Credit Enhancement

No application for a rating or credit enhancement on the Series 2024 Bonds has been made, nor is there any reason to believe that the District would have been successful in obtaining either for the Series 2024 Bonds had application been made.

Mortgage Default and FDIC

In the event a bank forecloses on property in Assessment Area Two because of a default on a mortgage with respect thereto and then the bank itself fails, the Federal Deposit Insurance Corporation (the "FDIC"), as receiver, will then become the fee owner of such property. In such event, the FDIC will not, pursuant to its own rules and regulations, likely be liable to pay the Series 2024 Assessments. In addition, the District would be required to obtain the consent of the FDIC prior to commencing a foreclosure action on such property for failure to pay Series 2024 Assessments.

TAX MATTERS

General

The Internal Revenue Code of 1986, as amended (as previously defined, the "Code") establishes certain requirements which must be met subsequent to the issuance and delivery of the Series 2024 Bonds for interest thereon to be and remain excluded from gross income for federal income tax purposes. Noncompliance with such requirements could cause the interest on the Series 2024 Bonds to be included in gross income for federal income tax purposes retroactive to the date of issue of the Series 2024 Bonds. The District has covenanted in the Indenture to comply with each such requirements.

In the opinion of Akerman LLP, Bond Counsel, the proposed form of which is included as APPENDIX D hereto, assuming continuing compliance with certain covenants by the District and the accuracy of certain representations of the District, under existing statutes, regulations, published rulings, and judicial decisions, interest on the Series 2024 Bonds is excludable from gross income for federal income tax purposes and is not an item of tax preference for purposes of the federal alternative minimum tax; however, such interest is taken into account in determining the "adjusted financial statement income" (as defined in Section 56A of the Code) of "applicable corporations" (as defined in Section 59 of the Code) for the purposes of computing the alternative minimum tax imposed on such corporations.

The opinion on federal tax matters will be based on and will assume the accuracy of certain representations and certifications and compliance with certain covenants of the District to be contained in the transcript of proceedings and that are intended to evidence and assure the foregoing, including that the Series 2024 Bonds are and will remain obligations the interest on which is excluded from gross income for federal income tax purposes. Bond Counsel will not independently verify the accuracy of these certifications and representations.

Bond Counsel's opinions are based on existing law, which is subject to change. Moreover, Bond Counsel's opinions are not a guarantee of a particular result, and are not binding on the Internal Revenue Service (as previously defined, the "IRS") or the courts; rather, such opinions represent Bond Counsel's professional judgment based on its review of existing law, and in reliance on the representations and covenants that it deems relevant to such opinions.

The IRS has established an on-going program to audit tax-exempt obligations to determine whether interest on such obligations is includible in gross income for federal income tax purposes. Bond Counsel cannot predict whether the IRS will commence an audit of the Series 2024 Bonds. Owners of the Series 2024 Bonds are advised that, if the IRS does audit the Series 2024 Bonds, under current IRS procedures, at least during the early stages of an audit, the IRS will treat the District as the taxpayer, and the owners of the Series 2024 Bonds may have limited rights to participate in such procedure. The commencement of an audit could adversely affect the market value and liquidity of the Series 2024 Bonds until the audit is concluded, regardless of the ultimate outcome.

Collateral Tax Consequences

Prospective purchasers of the Series 2024 Bonds should be aware that ownership of, accrual or receipt of interest on or disposition of tax-exempt obligations, such as the Series 2024 Bonds, may have additional federal income tax consequences for certain taxpayers, including, without limitation, recipients of certain Social Security and certain Railroad Retirement benefits, taxpayers that may be deemed to have incurred or continued indebtedness to purchase or carry tax-exempt obligations, and certain S corporations.

Bond Counsel expresses no opinion regarding any federal tax consequences other than its opinion with regard to the exclusion of interest on the Series 2024 Bonds from gross income pursuant to Section 103 of the Code and the treatment of interest for purposes of the federal alternative minimum tax. Prospective purchasers of the Series 2024 Bonds should consult their tax advisors with respect to all other tax consequences (including, but not limited to, those listed above) of holding the Series 2024 Bonds. Prospective purchasers of the Series 2024 Bonds may also wish to consult with their tax advisors with respect to the need to furnish certain taxpayer information in order to avoid backup withholding.

Other Tax Matters

In the opinion of Bond Counsel, interest on the Series 2024 Bonds is exempt from taxation under the existing laws of the State of Florida, except as to estate taxes and taxes imposed under Chapter 220, Florida Statutes, on interest, income or profits on debt obligations owned by corporations, as defined in said Chapter 220, Florida Statutes.

Interest on the Series 2024 Bonds may be subject to state or local income taxation under applicable state or local laws in other jurisdictions. Purchasers of the Series 2024 Bonds should consult their tax advisors as to the income tax status of interest on the Series 2024 Bonds, in their particular state or local jurisdictions.

During recent years, legislative proposals have been introduced in Congress, and in some cases enacted, that altered certain federal tax consequences resulting from the ownership of obligations that are similar to the Series 2024 Bonds. In some cases these proposals have contained provisions that altered these consequences on a retroactive basis. Such alteration of federal tax consequences may have affected the market value of obligations similar in nature to the Series 2024 Bonds. From time to time, legislative proposals may be introduced which could have an effect on both the federal tax consequences resulting from the ownership of the Series 2024 Bonds and their market value. No assurance can be given that any such legislative proposals, if enacted, would not apply to, or would not have an adverse effect upon, the Series 2024 Bonds. Prospective purchasers of the Series 2024 Bonds should consult their tax advisors as to the impact of any pending or proposed legislation. Bond Counsel has not undertaken to advise in the future whether any events after the date of issuance of the Series 2024 Bonds may affect the tax status of interest on the Series 2024 Bonds.

Original Issue Discount

Under the Code, the difference between the maturity amount of the Series 2024 Bond maturing on _____ (the "Discount Bonds"), and the initial offering price to the

public, excluding bond houses, brokers or similar persons or organizations acting in the capacity of underwriters or wholesalers, at which price a substantial amount of the Discount Bonds of the same maturity and if applicable, interest rate, was sold is "original issue discount." For federal income tax purposes, original issue discount will accrue over the term of the Discount Bonds at a constant interest rate compounded on each interest payment date (or over a shorter permitted compounding interval selected by the Owner). A purchaser who acquires the Discount Bonds in the initial offering at a price equal to the initial offering price thereof to the public will be treated as receiving an amount of interest excludable from gross income for federal income tax purposes equal to the original issue discount accruing during the period he or she holds the Discount Bonds subject to the same considerations discussed above and will increase his or her adjusted basis in the Discount Bonds by the amount of such accruing discount for purposes of determining taxable gain or loss on the sale or disposition of the Discount Bonds. The federal income tax consequences of the purchase, ownership and redemption, sale or other disposition of the Discount Bonds which are not purchased in the initial offering at the initial offering price may be determined according to rules which differ from those above. Bondholders of the Discount Bonds should consult their own tax advisors with respect to the precise determination for federal income tax purposes of interest accrued upon sale, redemption or other disposition of the Discount Bonds and with respect to the state and local tax consequences of owning and disposing of the Discount Bonds.

Information Reporting and Backup Withholding

Interest paid on tax-exempt bonds such as the Series 2024 Bonds is subject to information reporting to the IRS in a manner similar to interest paid on taxable obligations. This reporting requirement does not affect the excludability of interest on the Series 2024 Bonds from gross income for federal income tax purposes. However, in conjunction with that information reporting requirement, the Code subjects certain non-corporate owners of Series 2024 Bonds, under certain circumstances, to "backup withholding" at the rate specified in the Code with respect to payments on the Series 2024 Bonds and proceeds from the sale of Series 2024 Bonds. Any amount so withheld would be refunded or allowed as a credit against the federal income tax of such owner of Series 2024 Bonds. This withholding generally applies if the owner of Series 2024 Bonds (i) fails to furnish the payor such owner's social security number or other taxpayer identification number ("TIN"), (ii) furnished the payor an incorrect TIN, (iii) fails to properly report interest, dividends, or other "reportable payments" as defined in the Code, or (iv) under certain circumstances, fails to provide the payor or such owner's securities broker with a certified statement, signed under penalty of perjury, that the TIN provided is correct and that such owner is not subject to backup withholding. Prospective purchasers of the Series 2024 Bonds may also wish to consult with their tax advisors with respect to the need to furnish certain taxpayer information in order to avoid backup withholding.

DISCLOSURE REQUIRED BY FLORIDA BLUE SKY REGULATIONS

Section 517.051, Florida Statutes, and the regulations promulgated thereunder requires that the District make a full and fair disclosure of any bonds or other debt obligations that it has issued or guaranteed and that are or have been in default as to

principal or interest at any time after December 31, 1975. The District is not and has not ever been in default as to principal and interest on its bonds or other debt obligations.

VALIDATION

The Series 2024 Bonds are a portion of the Bonds that were validated by a Final Judgment of the Circuit Court of the Ninth Judicial Circuit of Florida, in and for Orange County, Florida, entered on March 25, 2020. The period during which an appeal can be taken has expired with no appeal being taken.

LITIGATION

District

There is no litigation of any nature now pending or, to the knowledge of the District threatened, seeking to restrain or enjoin the issuance, sale, execution or delivery of the Series 2024 Bonds, or in any way contesting or affecting (a) the validity of the Series 2024 Bonds or any proceedings of the District taken with respect to the issuance or sale thereof, (b) the pledge or application of any moneys or security provided for the payment of the Series 2024 Bonds, (c) the existence or powers of the District, or (d) the validity of the Assessment Proceedings.

Developer

In connection with the issuance of the Series 2024 Bonds, the Developer will represent to the District that there is no litigation of any nature now pending or, to the knowledge of the Developer, threatened, which could reasonably be expected to have a material and adverse effect upon the ability of the Developer to complete the Development as described herein or materially and adversely affect the ability of the Developer to perform its obligations described in this Limited Offering Memorandum.

CONTINUING DISCLOSURE

General

In order to comply with the continuing disclosure requirements of Rule 15c2-12(b)(5) of the SEC (the "Rule"), the District, the Developer and Governmental Management Services – Central Florida, LLC, as dissemination agent (the "Dissemination Agent") will enter into a Continuing Disclosure Agreement (the "Disclosure Agreement"), the form of which is attached hereto as APPENDIX E. Pursuant to the Disclosure Agreement, the District and the Developer have each covenanted for the benefit of the Owners of the Series 2024 Bonds to provide to the Dissemination Agent certain financial information and operating data relating to the District, the Development and the Series 2024 Bonds (the "Reports"), and to provide notices of the occurrence of certain enumerated material events. Such covenants by the District and the Developer shall only apply so long as the Series 2024 Bonds remain Outstanding under the Indenture or so long as the District or the Developer remains an "obligated person" pursuant to the Rule. It is anticipated that upon

the transfer of platted lots from the Developer to Park Square, Park Square will become an "obligated person" under the Disclosure Agreement.

The Reports will be filed by the Dissemination Agent with the Municipal Securities Rulemaking Board's Electronic Municipal Markets Access ("EMMA") repository described in the form of the Disclosure Agreement attached hereto as APPENDIX E. The notices of material events will also be filed by the Dissemination Agent with EMMA. In addition, Park Square failed to file the quarterly report for the quarter ended March 31, 2019; provided, however, Park Square timely filed the quarterly report for the quarter ended June 30, 2019, which provided cumulative information for the development within Harbor Bay. If the District or the Developer chooses to include any information in any Annual Report, Quarterly Report, or notice of occurrence of a Listed Event in addition to that which is specifically required by this Disclosure Agreement, the District or the Developer shall have no obligation under this Disclosure Agreement to update such information or include it in any future Annual Report, Quarterly Report, or notice of occurrence of a Listed Event.

15. Beneficiaries. This Disclosure Agreement shall inure solely to the benefit of the District, the Developer, the Dissemination Agent, the Trustee, the Participating Underwriter and Beneficial Owners of the Bonds (the Trustee, the Participating Underwriter and Beneficial Owners of the Bonds being hereby deemed express third-party beneficiaries of this Disclosure Agreement) and shall create no rights in any other person or entity.

WHEREAS, the District has not had sufficient monies on hand to allow the District to contract directly for the preparation of the necessary surveys, reports, drawings, plans, permits, specifications, and related documents contemplated in Exhibit “C” (the “Work Product”) which would allow the timely commencement and completion of construction of the Improvements; and

WHEREAS, the Developer is under contract to create or has created the Work Product for the District and wishes to convey certain elements thereof, as it is completed, to the District; and

WHEREAS, the Developer acknowledges that upon its conveyance, the District will have the right to use and rely upon the Work Product for any and all purposes and further desires to release to the District of all its right, title, and interest in and to the Work Product (except as provided for in this Acquisition Agreement); and

WHEREAS, the District desires to acquire ownership of the completed Work Product as well as the unrestricted right to use and rely upon the Work Product for any and all purposes; and

WHEREAS, in order to allow the District to avoid delay as a result of the lengthy process incident to the sale and closing on the Series 2024 Bonds, the Developer has under contract, under construction, or is obligated to convey to appropriate units of local government as is designated in the Engineer’s Report, certain portions of the Project; and

WHEREAS, the Developer agrees to convey to the District all right, title, and interest in the Improvements to be owned by the District as of the “Acquisition Date” (as hereinafter defined); and

WHEREAS, the District wishes to acquire the Improvements from the Developer as of the Acquisition Date, notwithstanding the District’s inability to pay for all or some of the Improvements with the proceeds of the Series 2024 Bonds; and

WHEREAS, in conjunction with the acquisition of the Improvements, the Developer desires to convey, or cause to be conveyed, to the District, interests in certain real property sufficient to allow the District to own, operate, maintain, construct, or install the Improvements, whether such conveyances shall be in fee simple, perpetual easement, or other interest as may be in the best interests of the District, or required by permits or development plans and agreed to by the Developer (the “Real Property”); and

WHEREAS, the Developer agrees to convey, or cause to be conveyed, any such Real Property to the District and in a form satisfactory to the District and subject to the conditions set forth herein; and

WHEREAS, the Developer shall have the option to contribute additional Real Property and/or Improvements with values in an amount equal to or in excess of the Lands Assessments, and, if such option is elected, the District has agreed to accept such conveyances in lieu of assessments in order to complete the Project, in an expeditious and timely manner (“Conveyances in Lieu of Assessments”); and

WHEREAS, the District and the Developer are entering into this Acquisition Agreement to ensure the timely completion, conveyance and operation of the Project.

NOW, THEREFORE, based upon good and valuable consideration and the mutual covenants of the parties, the receipt of which and sufficiency of which is hereby acknowledged, the District and the Developer agree as follows:

1. INCORPORATION OF RECITALS. The recitals stated above are true and correct and by this reference are incorporated as a material part of this Acquisition Agreement.

2. WORK PRODUCT. The District agrees to pay, but only to the extent funds are available for such purpose, the actual reasonable cost incurred by the Developer in preparation of the Work Product in accordance with the provisions of this Acquisition Agreement. The Developer shall provide copies of any and all invoices, bills, receipts, or other evidence of costs incurred by the Developer for the Work Product. The parties agree that separate or multiple Acquisition Dates may be established for any portion of the acquisitions contemplated by this Acquisition Agreement. The District Engineer shall review all evidence of cost and shall certify to the District’s Board of Supervisors the total actual amount of cost, which in the District Engineer’s sole opinion is reasonable for the Work Product. The District Engineer’s opinion as to cost shall be set forth in an Engineer’s Certificate which shall accompany the requisition for the funds from the District’s Trustee. In the event that the Developer disputes the District Engineer’s opinion as to cost, the District and the Developer agree to use good faith efforts to resolve such dispute. If the parties are unable to resolve any such dispute, the parties agree to jointly select a third party engineer whose decision as to any such dispute shall be binding upon the parties. Such a decision by a third party engineer shall be set forth in an Engineer’s Affidavit which shall accompany the requisition for the funds from the District’s Trustee. The parties acknowledge that the Work Product is being acquired for use by the District in connection with the construction or operation, as applicable, of the Improvements.

A. The Developer agrees to release and/or to provide a non-exclusive assignment to the District of the right, title, and interest which the Developer may have in and to the above described Work Product, as well as all common law, statutory, and other reserved rights, including all copyrights in the Work Product and extensions and renewals thereof under United States law and throughout the world, and all publication rights and all subsidiary rights and other rights in and to the Work Product in all forms,

mediums, and media, now known or hereinafter devised. To the extent determined necessary by the District, the Developer shall obtain all releases and/or assignments from any professional providing services in connection with the Work Product to enable the District to use and rely upon the Work Product. Such releases and/or assignments may include, but are not limited to, any architectural, engineering, or other professional services. Such releases shall be provided in a timely manner in the reasonable discretion of the District.

- B. The Developer acknowledges the District's right to use and rely upon the Work Product for any and all purposes.

3. ACQUISITION OF IMPROVEMENTS. The Developer agrees that bond proceeds shall only be disbursed upon completion of the Improvements and conveyance to the District. The Developer has constructed, is constructing, has under contract or will have under contract to construct and complete, the Improvements. When the Improvements are completed and are ready for conveyance by the Developer to the District, the Developer shall notify the District in writing, describing the nature of the Improvements, its general location, and their estimated cost. Any Real Property interests necessary for the functioning of the Improvements to be acquired under this paragraph shall be reviewed and conveyed in accordance with the provisions of Section 4. The District Engineer, in consultation with counsel, shall determine in writing whether or not the infrastructure to be conveyed is a part of the Improvements contemplated by the Engineer's Report and, if so, shall provide Developer with a list of items necessary to complete the acquisition. Each such acquisition shall also be subject to the engineering review and certification process described in Section 2. The District Manager shall determine, in writing, whether the District has, based on the Developer's estimate of costs, any unencumbered Series 2024 Bond funds available to pay for the acquisition of such Improvements, although the Developer agrees that such payment is not required for the conveyance(s), if sufficient funds are not available. The Developer agrees, if it elects this option, that either no payments or reimbursements of any kind shall be made by the District for Conveyances in Lieu of Assessments, or payments or reimbursements which may be deferred or partially deferred pending availability of unencumbered Series 2024 Bonds funds becoming available.

- A. All documentation of any acquisition (e.g., bills of sale, receipts, maintenance bonds, as-built, evidence of costs, deeds or easements, etc.) shall be to the reasonable satisfaction of the District. If any item acquired by the District is to be subsequently conveyed to a third party governmental body, then the Developer agrees to cooperate and provide such certifications or documents as may be required by that governmental body, if any.
- B. The District Engineer shall certify as to the actual cost of any Improvements built or constructed by or at the direction of the Developer, and the District shall pay no more than the actual cost incurred, or the current value thereof, whichever is less, as determined by the District Engineer.

- C. The Developer agrees to cooperate fully in the transfer of any permits to the District or a governmental entity with maintenance obligations for any Improvements conveyed pursuant to this Acquisition Agreement.

4. CONVEYANCE OF REAL PROPERTY.

- A. Conveyance. The Developer agrees that it will convey, or cause to be conveyed by others, to the District at or prior to the Acquisition Date, and as determined solely by the District by a special warranty deed, easement (which may be non-exclusive), or other instrument reasonably acceptable to the District and the Developer together with a metes and bounds or platted legal description, the Real Property upon which the Improvements are constructed or which are necessary for the operation and maintenance of, and access to, the Improvements, or subsequently required to be conveyed by the District to the Orange County or any other governmental entity. The parties agree that in no event shall the purchase price for the Real Property exceed the value of an appraisal or similar third-party report (prepared by a qualified appraiser or appraisal company) or other evidence acceptable to the District's bond counsel and District staff, obtained by the Developer or the District for this purpose. The parties agree that the purchase price shall not include amounts attributable to the value of Improvements on the Real Property and other Improvements serving the Property that have been, or will be, funded by the District. If requested and necessary, such special warranty deed or other instrument shall be subject to a reservation by Developer of its right and privilege to use the area conveyed to construct any Improvements and any future Improvements to such area for any related purposes (including, but not limited to, construction traffic relating to the construction of the Development) not inconsistent with the District's use, occupation or enjoyment thereof. The Developer shall pay the cost for recording fees and documentary stamps required, if any, for the conveyance of the Real Property upon which the Improvements are constructed, including costs, if any, for the further conveyance by the District to Orange County or any other governmental entity, if applicable. The Developer shall be responsible for all taxes and assessments levied on the lands upon which the Improvements are constructed until such time as the Developer conveys all said lands to the District. At the time of conveyance, the Developer shall provide, at its expense, an owner's title insurance policy in a form satisfactory to the District in an amount equal to the value paid by the District to the Developer for such Real Property (or a title search, if the District determines, in its sole discretion, a title policy is not necessary). In the event the title search reveals exceptions to title which render title unmarketable or which, in the District's reasonable discretion, would materially interfere with the District's use of such Real Property, the Developer shall cure, or cause to be cured, such defects at no expense to the District.

- B. Boundary or Other Adjustments. Developer and the District agree that reasonable future boundary adjustments may be made as deemed necessary by both parties in order to accurately describe lands conveyed to the District and lands which remain in Developer's ownership. The parties agree that in the event any land transfers made to the District to accommodate such adjustments result in a net increase in acreage to the District when there are bond proceeds available, the District will pay the lesser of the Developer's cost basis in the land received by the District or fair market value as determined by an independent appraisal. For any land transfers made to the Developer to accommodate such adjustments for which bond proceeds were used to pay for such land, the Developer shall pay the greater of the price paid by the District for such land or the fair market value as determined by an independent appraisal. Notwithstanding the above, if there is no net increase or decrease in the lands to be owned by the District and the Developer as a result of such conveyances, no consideration will be owed by either party provided the swapped lands have the same utility. Further, the parties may request an opinion of the District's bond counsel if some other alternative is proposed for any boundary adjustments and such opinion concludes that such alternative will not adversely affect the tax status of the Bonds. The party requesting such adjustment shall pay any transaction costs resulting from the adjustment, including but not limited to taxes, title insurance, appraisals, any District bond counsel fee, recording fees or other costs.

5. COOPERATION AND COMPLETION. The parties agree to cooperate and use good faith and best efforts to undertake and complete the acquisition process contemplated by this Acquisition Agreement on such date or dates as the parties may jointly agree upon (each an "Acquisition Date"), but all must be no later than the end of a reasonable time period for acquisition considering the type of Work Product, Real Property and Improvements to be conveyed, or such other time period required to maintain the tax-exempt status of the Series 2024 Bonds as determined by an opinion of the District's bond counsel.

6. ENGINEER'S CERTIFICATION. Before any payments are made by the District to the Developer, or any Improvements, Work Product or Real Property is accepted by the District, in addition to the other requirements provided herein the Developer shall provide to the District a certificate, signed by the District Engineer certifying that the Work Product, Improvements or Real Property are a part of the Project and that such Work Product, Improvements or Real Property has been prepared, constructed, installed or must be acquired, in conformity with the plans and specifications, the Engineer's Report and all applicable laws related to the preparation, construction, installation or acquisition thereof.

7. WARRANTY. For the acquisition of Improvements or Work Product hereunder, the Developer agrees to assign to the District all or any remaining portion of any professionals' or contractors' warranties, contracts or bonds, warranting or guaranteeing that the Improvements or Work Product conveyed against defects or failings in materials, equipment, fitness or construction. Notwithstanding such assignment, the Developer shall cause any such professionals and

contractors to warranty that the Improvements are free from defects in materials, equipment and construction for a period of at least one (1) year from completion thereof.

8. DEFAULT. A default by either party under this Acquisition Agreement shall entitle the other to all remedies available at law or in equity, which may include, but not be limited to, the right of damages (except special, consequential or punitive) and/or specific performance.

If the Developer fails to keep, observe or perform any of the agreements, terms, covenants or representations, or otherwise is in default of this Acquisition Agreement, the District shall give written notice to Developer (at the address listed in Section 13 below), and the Developer shall have sixty (60) days to cure such default (which time may be extended by the District in its sole discretion), unless a shorter time to cure is mandated by applicable law or regulation.

9. ENFORCEMENT OF ACQUISITION AGREEMENT. In the event that either party is required to enforce this Acquisition Agreement by court proceedings or otherwise, then the parties agree that the prevailing party shall be entitled to recover from the other, its reasonable attorneys' fees and costs incurred for trial, alternative dispute resolution, or appellate proceedings.

10. ACQUISITION AGREEMENT. This instrument shall constitute the final and complete expression of this Acquisition Agreement between the District and the Developer relating to the subject matter of this Acquisition Agreement.

11. AMENDMENTS. Amendments to and waivers of the provisions contained in this Acquisition Agreement may be made only by an instrument in writing which is executed by all parties hereto.

12. AUTHORIZATION. The execution of this Acquisition Agreement has been duly authorized by the appropriate body or official of the District and the Developer. The District and the Developer have complied with all the requirements of law. The District and the Developer have full power and authority to comply with the terms and provisions of this instrument.

17. CONTROLLING LAW AND VENUE. This Acquisition Agreement and the provisions contained in this Acquisition Agreement shall be construed, interpreted, and controlled according to the laws of the State of Florida. The Parties hereby acknowledge and agree that, in the event legal action is instituted to enforce this Acquisition Agreement, the Developer consents to and by execution hereof submit to the jurisdiction of any state court sitting in or for Orange County, Florida.

(SERIES 2024 BONDS)**

THIS COMPLETION AGREEMENT BETWEEN GRANDE PINES COMMUNITY DEVELOPMENT DISTRICT AND PARK SQUARE GRANDE PINES PHASE 2, LLC REGARDING THE COMPLETION AND CONVEYANCE OF CERTAIN IMPROVEMENTS (this “Completion Agreement”) is made and entered into as of _____ 2024, by and between **GRANDE PINES COMMUNITY DEVELOPMENT DISTRICT**, a local unit of special-purpose government established pursuant to Chapter 190, *Florida Statutes*, located in Orange County, Florida (the “District”), and **PARK SQUARE GRANDE PINES PHASE 2, LLC**, Florida limited liability company (the “Developer”), and **PARK SQUARE ENTERPRISES, LLC.**, a Delaware limited liability company authorized to transact business in Florida (“Park Square”), and their respective successor and assigns (as provided herein).

RECITALS

WHEREAS, the District was established pursuant to Chapter 190, *Florida Statutes*, for the purpose of planning, financing, constructing, operating and/or maintaining certain infrastructure; and

WHEREAS, the District, pursuant to Chapter 190, *Florida Statutes*, is authorized to levy such taxes, special assessments, fees and other charges as may be necessary in furtherance of the District’s activities and services; and

WHEREAS, the Grande Pines development is located within the District boundaries (the “Development”) and is being developed in phases; and

WHEREAS, the Developer is the developer and, at the time of execution of this Completion Agreement, the sole owner of the real property in the Development known as Phases 3 and 5 or Assessment Area Two, as described in **Exhibit “A,”** which is attached hereto and incorporated herein (the “Assessment Area Two Lands”); and

WHEREAS, the sole member and 100% owner of the Developer is Park Square Enterprises, LLC, a Delaware limited liability company, doing business as Park Square Homes (“Park Square”), and Park Square (and/or an affiliate) intends to acquire ownership of the lots in

Assessment Area Two to construct homes, as such lots are completed and/or a plat is recorded, in one or more real estate conveyances from the Developer; and

WHEREAS, the District is issuing its \$_____ Grande Pines Community Development District Special Assessment Revenue Bonds, Series 2024 (Assessment Area Two) (the “Series 2024 Bonds”) to (i) finance the Cost of acquisition, construction, installation and equipping of a portion of the Assessment Area Two Capital Improvement Program (the “Project”), which Project is further described in the Engineer’s Report for Grande Pines Community Development District dated February 17, 2020, and last revised February 19, 2024, as may be further amended or revised, attached hereto as Exhibit “B” and incorporated herein (the “Engineer’s Report”), (ii) pay certain costs associated with the issuance of the Series 2024 Bonds, (iii) pay a portion of the interest accruing on the Series 2024 Bonds; and (iv) fund the 2024 Reserve Account; and

WHEREAS, the District plans to construct, complete the construction and/or acquire certain public infrastructure and capital improvements within the Assessment Area Two Lands (the “Assessment Area Two Capital Improvement Program”) as more specifically described and identified in the Engineer’s Report; and

WHEREAS, the Developer and Park Square each acknowledge that the Development will benefit from the timely completion and acquisition of the Assessment Area Two Capital Improvement Program; and

WHEREAS, the Developer and Park Square, and the District acknowledge that the funds available through the Series 2024 Bonds will not be sufficient to complete the design, construction and/or acquisition of the Assessment Area Two Capital Improvement Program; and

WHEREAS, the Developer (and Park Square, subject to the terms of section 14 of this Completion Agreement), agree to complete the Assessment Area Two Capital Improvement Program or to provide to the District sufficient funds to allow it to timely complete the Assessment Area Two Capital Improvement Program in accordance with and subject to the terms and conditions of this Completion Agreement.

NOW, THEREFORE, based upon good and valuable consideration and the mutual covenants of the parties, the receipt of which and sufficiency of which is hereby acknowledged, the parties agree as follows:

1. INCORPORATION OF RECITALS. The recitals stated above are true and correct and by this reference are incorporated as a material part of this Completion Agreement. Any capitalized terms used and not defined herein, shall have those definitions as set forth in the Master Trust Indenture between the District and U.S. Bank National Association, as Trustee (the “Trustee”), dated as of March 1, 2021, as supplemented by the Second Supplemental Trust Indenture between the District and U.S. Bank Trust Company, National Association, as successor in interest to U.S. Bank National Association, as Trustee, dated as of March 1, 2024.

2. COMPLETION OF ASSESSMENT AREA TWO CAPITAL IMPROVEMENT PROGRAM.

The Developer and Park Square, and the District agree and acknowledge that the funds available from the Series 2024 Bonds are not anticipated to be sufficient to complete the Assessment Area Two Capital Improvement Program. At such time as acquisition and construction funds available from the Series 2024 Bonds are expended, the Developer (and Park Square, subject to the terms of section 14 of this Completion Agreement) hereby agree to complete and convey to the District, cause to be completed, or advance moneys, from time to time, to the District for deposit with the Trustee into the Series 2024 Acquisition and Construction Account, so that there are sufficient moneys on deposit therein, to complete the Assessment Area Two Capital Improvement Program (as described in the Engineer's Report) including, but not limited to, all acquisition, construction and administrative, legal, warranty, engineering, permitting or other related soft costs (the "Remaining Project"), including but not limited to costs pursuant to existing contracts of the District or the Developer, including change orders thereto, contracts assigned by the Developer to the District, or future or anticipated contracts or planned conveyances. Nothing herein shall cause or be construed to require the District to issue additional bonds or indebtedness of any kind to provide funds for any portion of the Remaining Project. The District, and the Developer and Park Square hereby acknowledge and agree that the District's execution of this Completion Agreement constitutes the manner and means by which the District has elected to provide any and all portions of the Remaining Project not funded by District bonds or other indebtedness.

(a) When all or any portion of the Remaining Project is the subject of an existing District contract, the Developer (and Park Square, subject to the terms of section 14 of this Completion Agreement) shall timely provide funds directly to the District in an amount sufficient to complete the Remaining Project pursuant to such contract, including change orders thereto.

(b) When any portion of the Remaining Project is not the subject of an existing District contract, the Developer (and Park Square, subject to the terms of section 14, of this Completion Agreement) may choose to complete, cause to be completed, or provide funds to the District in an amount sufficient to allow the District to complete or cause to be completed, or acquire, the Remaining Project, subject to a formal determination by the Board of Supervisors that the option selected by the Developer or Park Square will not adversely impact the District, and is in the District's best interests. If the Developer and/or Park Square elects to complete the Remaining Project, it shall immediately upon completion, convey the improvements and real property to the District.

3. OTHER CONDITIONS AND ACKNOWLEDGMENTS AND AGREEMENTS.

(a) The District, Park Square and the Developer agree and acknowledge that the exact location, size, configuration and composition of the Assessment Area Two Capital Improvement Program may change from that described in the Engineer's Report, depending upon final design of the development, permitting or other regulatory requirements over time, or other factors. Material changes to the Assessment Area Two Capital Improvement Program shall be made by a written amendment to the Engineer's Report, which shall include an estimate of the cost of

such changes, subject to the prior written consent of the Trustee acting at the direction of the bondholders owning a majority of the aggregate principal amount of the Series 2024 Bonds then outstanding, and the Developer.

(b) The District and the Developer and Park Square agree and acknowledge that any and all portions of the Remaining Project which are constructed, or caused to be constructed, acquired, or otherwise completed by the Developer and/or Park Square for the benefit of the District shall be conveyed to the District or such other appropriate unit of local government as is designated in the Engineer's Report or required by governmental regulation or development order or approval. All conveyances to a unit of local government or to the District shall be in accordance with the requirements, resolutions and ordinances of the unit of local government or the District, respectively, or shall be in accordance with an agreement or other formal approval between the District and the appropriate unit of local government.

(c) Notwithstanding anything to the contrary contained in this Completion Agreement, the payment or performance by the Developer and Park Square of their completion obligations hereunder is expressly subject to the scope, configuration, size and/or composition of the Assessment Area Two Capital Improvement Program not materially changing from the date hereof, without the consent of the Developer which consent shall be not be unreasonably withheld. Notwithstanding the foregoing, the Developer's consent is not necessary and the Developer must meet its completion obligations when the scope, configuration, size and/or composition of the Assessment Area Two Capital Improvement Program is materially changed in response to a mandatory requirement imposed by a regulatory agency having jurisdiction over the Development. Park Square's consent is not needed for any changes to the Assessment Area Two Capital Improvement Program.

(d) The Developer and Park Square agree and acknowledge that any and all portions of the Remaining Project which are to be funded, constructed, caused to be constructed, acquired, conveyed or otherwise completed by the Developer (including any real property conveyances related to the Assessment Area Two Project) for the benefit of the District, as described herein, shall be diligently completed in a timely manner to allow for the project to function as intended in the Engineer's Report.

(e) The Developer and Park Square agree and acknowledge that it shall obtain and maintain any and all permits, licenses and approvals required in connection with construction and/or acquisition of the Assessment Area Two Capital Improvement Program (the "Permits"), and, if any of the Permits are not maintained in full force and effect, expires or are cancelled and not reinstated or renewed within sixty (60) days of such cancellation or expiration, the Developer and Park Square hereby grant the District the authority to cure the same, and the Developer (and Park Square, subject to the terms of section 14 of this Completion

WHEREAS, Landowner, at the, at the time of execution of this Assignment, is the sole owner of the Lands; and

WHEREAS, the sole member and 100% owner of the Landowner is Park Square, and Park Square intends to acquire ownership of the lots in Assessment Area Two to construct homes, as such lots are completed and/or a plat is recorded, in one or more real estate conveyances from the Landowner; and

WHEREAS, the public infrastructure necessary to achieve Development Completion as described in the Engineer's Report is herein referred to as the "**Assessment Area Two Capital Improvement Program**"; and

WHEREAS, in the event the District exercises its Remedial Rights, the District requires the assignment of certain Development Rights (defined in Section 2 below), to complete development of the Lands to the extent that such Development Rights have not been previously assigned, transferred, or otherwise conveyed to: (1) an unaffiliated residential home builder (which specifically shall not include Park Square) or a retail home buyer in the ordinary course of business; (2) Orange County; (3) the District; (4) any applicable homeowner's association; or (5) any other governmental entity or association as may be required by applicable permits, government approvals, plats, entitlements, or regulations associated with the Assessment Area Two Capital Improvement Program or affecting the Lands (each a "**Partial Transfer**"); and

NOW, THEREFORE, in consideration of the above recitals which the parties hereby agree are true and correct and are hereby incorporated by reference and other good and valuable consideration, the sufficiency of which is acknowledged, Landowner and District agree as follows:

1. **Incorporation of Recitals and Exhibits.** The recitals set forth above and the Exhibits attached hereto are incorporated herein, as if restated in their entirety.

2. **Collateral Assignment.** Landowner hereby collaterally assigns to District to the extent assignable and to the extent that they are owned or controlled by Landowner at execution of this Assignment or acquired in the future, all of Landowner's development rights and contract rights relating to the Assessment Area Two Capital Improvement Program (herein the "**Development Rights**") as security for Landowner's payment and performance and discharge of its obligation to pay the Series 2024 Assessments levied against the property within the Lands. This Assignment is made on an exclusive basis to the extent that the Development Rights pertain solely to the Lands or the Assessment Area Two Capital Improvement Program, except as otherwise set forth in this Assignment, and is made on a non-exclusive basis to the extent that the Development Rights pertain to the Lands or the Assessment Area Two Capital Improvement Program, on the one hand, and other portion of the Development, on the other hand. The Development Rights shall include all of the following to the extent that they pertain to the Lands, but shall specifically exclude any such portion of the Development Rights which relate solely to any portion of the Lands which has been conveyed or dedicated or is in the future conveyed or dedicated as a Partial Transfer:

(a) Zoning approvals, density approvals and entitlements, concurrency capacity certificates and development agreement rights.

(b) Engineering and construction plans and specifications for grading, roadways, site drainage, stormwater drainage, signage, water distribution, waste water collection, and other improvements.

(c) Preliminary and final site plans.

(d) Architectural plans and specifications for public buildings and other public improvements to the Lands (other than house plans).

(e) Permits, approvals, resolutions, variances, licenses, and franchises granted by governmental authorities, or any of their respective agencies, for or affecting the development of the Assessment Area Two Capital Improvement Program and construction of public improvements thereon and off-site to the extent improvements are necessary or required to complete the development of the Assessment Area Two Capital Improvement Program.

(f) Contracts with engineers, architects, land planners, landscape architects, consultants, contractors, and suppliers for or relating to the construction of the Lands or the construction of improvements thereon (other than home improvements on a lot, which are not a part of the Assessment Area Two Capital Improvement Program).

(g) Contracts and agreements with private utility providers to provide utility services to the Lands.

(h) All future creations, changes, extensions, revisions, modifications, substitutions, and replacements of any of the foregoing.

This Assignment is not intended to impair or interfere with the development of the Assessment Area Two Capital Improvement Program or the Development, and shall only be inchoate until becoming an effective and absolute assignment and assumption of the Development

Rights upon failure of the Landowner to pay the Series 2024 Assessments levied against the Lands owned by the Landowner and the District's exercise of its Remedial Rights on account thereof; provided, however, that such assignment shall only be effective and absolute to the extent that this Assignment has not been terminated earlier pursuant to the provisions of this Assignment.

3. **Warranties by Landowner.** Landowner and Park Square represent and warrant to District that:

(a) Other than an assignment to its mortgage Lender, Landowner has made no assignment of the Development Rights to any person other than District.

(b) During the Term (as defined in Section 8 below) of this Assignment, any transfer, conveyance or sale of the Lands shall subject any and all successors-in-interest of the Landowner to this Assignment, except to the extent of a Partial Transfer.

(c) Landowner is not prohibited under any agreement with any other person or under any judgment or decree from the execution and delivery of this Assignment.

(d) No action has been brought or threatened which would in any way interfere with the right of Landowner to execute this Assignment and perform all of Landowner's obligations herein contained.

4. **Covenants.** Landowner and Park Square covenant with District that during the Term:

(a) Landowner and Park Square will use reasonable, good faith efforts to: (i) fulfill, perform, and observe each and every material condition and covenant of Landowner relating to the Development Rights; and (ii) give notice to District of any claim of default relating to the Development Rights received or given by Landowner, together with a complete copy of any such claim.

(b) If and when this Assignment becomes absolute, the Development Rights will include all of Landowner's and Park Square's rights to modify the Development Rights, to terminate the Development Rights, and to waive or release the performance or observance of any obligation or condition of the Development Rights; unless such modification, termination, waiver or release affects any of the Development Rights which pertain to lands outside of the Lands and/or not relating to development of the Assessment Area Two Capital Improvement Program, or solely to any portion of the lands or the Assessment Area Two Capital Improvement Program that were subject to a Partial Transfer.

(c) Landowner and Park Square agree to perform any and all actions necessary and use good faith efforts relating to any and all future creations, changes, extensions, revisions, modifications, substitutions, and replacements of the Development Rights, none of which actions or rights shall be limited by this Assignment except to the extent and as set forth in this Assignment.

5. **Event(s) of Default.** A breach of the Landowner's and/or Park Square's warranties contained in Section 3 hereof or breach of covenants contained in Section 4 hereof will, after the

giving of notice and an opportunity to cure (which cure period shall be at least sixty (60) days and may be longer if District, in its reasonable discretion, agrees to a longer cure period), constitute an Event of Default under this Assignment.

6. **Remedies Upon Event of Default.** Upon an Event of Default, or upon the District's exercise of any of its Remedial Rights and the transfer of title to Lots within the Lands that are owned by Landowner or an affiliate pursuant to a judgment of foreclosure entered by a court of competent jurisdiction in favor of District (or its designee) or a deed in lieu of foreclosure to the District (or its designee) or the acquisition of title to such property through the sale of tax certificates, District may, as District's sole and exclusive remedies, take any or all of the following actions, at District's option:

(a) Perform any and all obligations of Landowner and/or Park Square relating to the Development Rights and exercise any and all rights of Landowner therein as fully as Landowner could.

(b) Initiate, appear in, or defend any action arising out of or affecting the Development Rights.

(c) Further assign any and all of the Development Rights to a third party acquiring title to the property so acquired or any portion thereof on the District or bondholders' behalf.

7. **Authorization.** Upon the occurrence and during the continuation of an Event of Default, Landowner and Park Square do hereby authorize and shall direct any party to any agreement relating to the Development Rights to tender performance thereunder to District or its designee upon written notice and request from District. Any such performance in favor of District shall constitute a full release and discharge to the extent of such performance as fully as though made directly to Landowner or Park Square, but not a release of Landowner or Park Square from any remaining obligations under this Assignment.

8. **Term and Termination.** In the event that this Assignment does not become an effective and absolute assignment and assumption of the Development Rights, this Assignment will automatically terminate upon the earliest to occur of the following ("**Term**"): (a) payment of the Series 2024 Assessments in full; (b) Development Completion; or (c) upon occurrence of a Partial Transfer, but only to the extent that such Development Rights pertain solely to the Partial Transfer.

9. **Third Party Beneficiaries.** The Trustee, U.S. Bank Trust Company, National Association, as successor to U.S. Bank National Association, for the Series 2024 Bonds (the "Trustee"), on behalf of the bondholders, shall be a direct third party beneficiary of the terms and conditions of this Assignment but only entitled to cause the District to enforce the Landowner's obligations hereunder. This Assignment is solely for the benefit of the parties set forth in this Section, and no right or cause of action shall accrue upon or by reason hereof, to or for the benefit of any other third party. The Trustee shall not be deemed to have assumed any obligations hereunder, that are not otherwise permitted for in the Indenture.

10. **Amendment.** This Assignment may be modified in writing only by the mutual agreement of all parties hereto and, if in connection with any amendment that would materially affect the payment of debt service on the Series 2024 Bonds or the collection of the Series 2024 Assessments, the prior written consent of the Trustee acting on behalf and at the direction of the bondholders owning a majority of the aggregate principal amount of the Series 2024 Bonds then-outstanding.

11. **Conveyances to Park Square.** Park Square understands and agrees that all transfers, conveyances and/or sale of any lots or portion of the Lands from the Landowner to Park Square or an affiliate thereof are not Partial Transfer(s) and shall be subject to this Assignment. From and after the date that Park Square or an affiliate thereof acquires any lot or portion of the Lands, Park Square, and its respective successors and assigns, shall be obligated as if it had been named as the Landowner herein.

12. **Miscellaneous.** Unless the context requires otherwise, whenever used herein, the singular number shall include the plural, the plural the singular, and the use of any gender shall include all genders. The terms “person” and “party” shall include individuals, firms, associations, joint ventures, partnerships, estates, trusts, business trusts, syndicates, fiduciaries, corporations, and all other groups and combinations. Titles of paragraphs contained herein are inserted only as a matter of convenience and for reference and in no way define, limit, extend, or describe the scope of this Assignment or the intent of any provisions hereunder. This Assignment shall be construed under Florida law.

WHEREAS, the Master Developer and Park Square each acknowledge that the Development will benefit from the timely completion and acquisition of the Assessment Area Two Capital Improvement Program; and

WHEREAS, the District has taken certain steps necessary to impose special assessments upon the benefited Lands within the District as security for the Series 2024 Bonds; and

WHEREAS, the District’s Series 2024 Assessments securing the Series 2024 Bonds (the “Series 2024 Assessments”) were imposed on those benefited Lands within the District as more specifically described in Resolutions 2024-01, 2024-02 and 2024-[__] which resolutions are incorporated in their entirety herein by this reference (the “Assessment Resolutions”); and

WHEREAS, Developer acknowledges that the Series 2024 Assessments have been validly imposed and constitute valid, legal and binding liens upon the Lands; and

WHEREAS, Developer waives any rights it may have under Section 170.09, *Florida Statutes*, to prepay the Series 2024 Assessments within thirty (30) days after completion of the Assessment Area Two Capital Improvement Program; and

WHEREAS, Developer waives any defect in notice or publication or in the proceedings to levy, impose and collect the Series 2024 Assessments on the Lands; and

WHEREAS, Developer shall develop the Lands, or may sell, transfer or otherwise convey property within the Lands based on then-existing market conditions, and the actual densities developed within the Lands may be at some density less than the 203 Total Assessable Units densities assumed in the [Supplemental Assessment Methodology for Grande Pines Community

Development District Special Assessment Revenue Bonds Series 2024] (Assessment Area Two), dated [_____, 2024 (the “Assessment Report”), which describes the methodology for allocation of the Series 2024 Assessments, prepared by Governmental Management Services - Central Florida, LLC, Orlando, Florida (the “Methodology Consultant”), incorporated herein by reference; and

WHEREAS, the District’s lien and the Assessment Report anticipate and require a mechanism by which Developer shall make certain payments to the District to satisfy, in whole or in part, the assessments allocated and the liens imposed pursuant to applicable resolutions, the amount of such payments being determined generally by a comparison of the units and types of units actually platted on the Lands and the units and types of units Developer had initially intended to develop, as described in the Assessment Report (which payments shall collectively be referenced as the “True-Up Payments”); and

WHEREAS, Developer and the District desire to enter into this Agreement to confirm Developer’s obligations to make True-Up Payments.

NOW, THEREFORE, based upon good and valuable consideration and the mutual covenants of the Parties, the receipt of which and sufficiency of which is hereby acknowledged, the Parties agree as follows:

1. INCORPORATION OF RECITALS. The recitals so stated are true and correct and by this reference are incorporated into and form a material part of this Agreement. Any capitalized terms used and not defined herein, shall have those definitions as set forth in the Master Trust Indenture between the District and U.S. Bank National Association, as Trustee, dated as of March 1, 2021, and as supplemented by the Second Supplemental Trust Indenture between the District and U.S. Bank Trust Company, National Association, as successor in interest to U.S. Bank National Association, as Trustee, dated as of March 1, 2024.

2. VALIDITY OF ASSESSMENTS. Developer acknowledges and agrees that Assessment Resolutions have been duly and validly adopted by the District. Developer further agrees that the Series 2024 Assessments imposed as liens by the District are legal, valid and binding liens. Developer hereby waives and relinquishes any rights it may have to challenge, object to or otherwise contest or fail to pay such Series 2024 Assessments.

3. COVENANT TO PAY. Developer waives any rights it may have under Section 170.09, *Florida Statutes*, to prepay the Series 2024 Assessments without interest within thirty (30) days of completion of the Assessment Area Two Capital Improvement Program.

4. SPECIAL ASSESSMENT REALLOCATION.

A. The District’s Assessment Area Two Assessments securing the Series 2024 Bonds shall be allocated in accordance with the methodology set forth in the Assessment Report.

B. To preclude the Lands from being fully subdivided (or re-subdivided, as the case may be) without all of the debt being allocated, a “True-Up Test” will be conducted at the times set forth herein upon presentation of a plat in Section D., below, or at the time of any proposed

sale of all or a part of the unplatted Lands by the Developer and in accordance with the Assessment Report. If a True-Up Test results in the determination that the maximum annual debt service (debt plus accrued interest) per unplatted acre of the Lands (the “Unassigned Properties”) exceeds the ceiling amounts of total anticipated assessment revenue established pursuant to the Assessment Report or if the number of platted lots (the “Assigned Properties”) is less than the 203 Total Assessable Units anticipated in the Assessment Report, a debt service reduction payment in the amount necessary to reduce the par amount of the outstanding bonds plus accrued interest to a level that will be supported by the new net annual debt service assessments (i.e. reduce the Unassigned Properties to the ceiling amount of the total anticipated assessment revenue or to make up for a reduction in the number of lots) shall become due and payable by Developer (the “True-Up Payments”). If a True-Up Payment is required in connection with a proposed sale of unplatted Lands, the True-Up Payment must be satisfied before the Lien Release is recorded as to that portion of the unplatted Lands. The District will ensure collection of such amounts in a timely manner to meet its debt service obligations. The District shall record all True-Up Payments in its Improvement Lien book (or similar written record of the District). Any True-Up Payments shall be deemed a prepayment of the Series 2024 Assessments and shall be enforceable for non-payment in the same manner.

C. The foregoing is based on the District’s understanding and agreement with Developer that Developer will ultimately construct on the Assigned Properties within the Lands the development program as identified in the Assessment Report and the Engineer’s Report, and it is intended to provide a formula to ensure that the appropriate ratio of the debt service for the Series 2024 Assessments to the Assigned Properties is maintained if fewer than the indicated residential units and/or types of residential units are platted or replatted, or otherwise redesignated. However, the District agrees that nothing herein prohibits more residential units or different types of units from being platted. In no event shall the District collect Series 2024 Assessments in excess of the total debt service for the Series 2024 Bonds related to the Assessment Area Two Capital Improvement Program (as described in the Engineer’s Report), including all costs of financing and interest. If a True-Up Payment for the Lands pursuant to application of the Assessment Report would result in assessments collected in excess of the District’s total debt service obligation for the Assessment Area Two Capital Improvement Program, the District agrees to take appropriate action by resolution to equitably reallocate the assessments within the Lands or provide for an equitable refund.

D. If, in connection with any platting or re-platting or site plan approval of the Lands, the density or number of lots or the types or sizes of lots are modified, the Developer covenants that such plats, replats or site plan approvals shall be presented to the District for review and reallocation of assessments, prior to its submission to Orange County. The District shall then, upon final approval by Orange County of such platting or re-platting, re-allocate the Series 2024 Assessments to the product types being platted and any remaining property in accordance with a revised Assessment Report and cause such reallocation to be recorded in the District’s Improvement Lien Book (or similar written record of the District).

E. Developer covenants to comply, or cause its successors and assigns other than residential homeowners of platted lots, to comply, with this requirement for the reallocation. No further action by the District’s Board of Supervisors shall be required. So long as its joinder is not required, the District’s review of the plats/site plans shall be limited solely to the reallocation of

Series 2024 Assessments, the calculation of any True-Up Payment, enforcement of the lien established by the District, the proper and appropriate designation of District-owned lands and/or easements, and the proper conveyance of improvements to the District or other public entity (as described in the Engineer's Report). Nothing herein shall in any way operate to or be construed as providing any plat/site plan/development approval or disapproval powers to the District.

F. Developer shall not transfer any portion of the Lands to any third party other than (i) platted lots to Park Square or to other homebuilders, (ii) platted and fully developed, with completed infrastructure, lots to residential end users, (ii) portions of the Lands for which the District has recorded a Release of Lien, or (iii) portions of Lands exempt from assessments to the County, the District or other governmental agencies, except in accordance with Section 4(G) below. Any transfer of any portion of Lands pursuant to this Section 4(F) for which the District has recorded a Release of Lien shall automatically terminate this Agreement as to the Lands reflected in the Release of Lien. Any violation of this provision by Developer shall constitute a default by the Developer under this Agreement.

G. Developer shall not transfer any portion of the Lands to any third party except as permitted by Section 4(B) and Section 4(F) above, without satisfying the following conditions ("Transfer Conditions"): (i) causing such third party to assume in writing Developer's obligations under this Agreement with respect to such portion of the Lands intended to be conveyed; (ii) delivering such written assignment and assumption instrument to the District; and (iii) satisfying any True-Up Obligation that results from a True-Up Analysis that shall be performed by the District Manager prior and as a condition of such transfer. Any transfer that is consummated pursuant to this Section 4(G) shall operate as a release of Developer from its obligations under this Agreement as to such portion of the Lands only arising from and after the date of such transfer and satisfaction of all the Transfer Conditions including payment of any True-Up Obligation due and the transferee assuming Developer's obligations in accordance herewith shall be deemed "Developer" from and after such transfer for all purposes as to such portion of the Lands so transferred. Any violation of this provision by Developer shall constitute a default by Developer under this Agreement.

5. ENFORCEMENT. This Agreement is intended to be an additional method of enforcement of Developer's obligation to comply with the requirements of the application of True-Up Payments (and any required recalculation of assessments), as set forth in the Assessment Resolutions. A default by either party under this Agreement shall entitle any other party to all remedies available at law or in equity, which shall include, but not be limited to, the right of damages, (excluding special, punitive, and consequential damages), injunctive relief and specific performance. Unlike the payment of the Series 2024 Assessments which entails a in rem obligation on the part of the Landowner, the Developer's obligation regarding the True-Up Payments is personal in nature.

6. RECOVERY OF COSTS AND FEES. In the event either party is required to enforce this Agreement by court proceedings or otherwise, the prevailing party, as determined by the applicable court or other dispute resolution provider, shall be entitled to recover from the non-prevailing party all fees and costs incurred, including reasonable attorneys' fees and costs incurred prior to or during any litigation or other dispute resolution and including all fees and costs incurred in appellate proceedings.

Saturdays, Sundays and legal holidays recognized by the United States government shall not be regarded as business days. Counsel for the respective Parties may deliver Notice on behalf of the Parties. Any party or other person to whom Notices are to be sent or copied may notify the other Parties and addressees of any change in name, address or email address to which Notices shall be sent by providing the same on five (5) days written notice to the Parties and addressees set forth herein. Copies of Notices may be sent by e-mail, but such transmission shall not constitute delivery under this Agreement.

8. ASSIGNMENT. Neither Party may assign its rights, duties or obligations under this Agreement or any monies to become due hereunder without the prior written consent of the other Party, which consent shall not be unreasonably withheld, conditioned or delayed and without the prior written consent of the Trustee acting at the direction of the Series 2024 Bondholders owning a majority of the aggregate principal amount of the Series 2024 Bonds then outstanding; provided, however, that Developer may assign this Agreement to any purchaser of all or a significant portion of the Lands without obtaining the prior written consent of the District and the Trustee, upon prior notice to the District and making any then accrued but unpaid True-Up Payments due hereunder, whereupon the Developer shall be released from liability hereunder arising from and after such assignment.

9. AMENDMENT. This Agreement shall constitute the entire agreement between the Parties as to the specific subject matter set forth herein and may be modified in writing only by the mutual agreement of all Parties, and in connection with any amendment that would materially affect the payment of debt service on the Series 2024 Bonds or the collection of the Series 2024 Assessments, the prior written consent of the Trustee acting at the direction of the Series 2024 Bondholders owning a majority of the aggregate principal amount of the Series 2024 Bonds then outstanding.

10. SEVERABILITY. The invalidity or unenforceability of any one or more provisions of this Agreement shall not affect the validity or enforceability of the remaining portions of this Agreement, or any part of this Agreement not held to be invalid or unenforceable.

11. TERMINATION. This Agreement shall continue in effect until it is rescinded in writing by the mutual assent of each Party and the consent of the Trustee acting at the direction of the Series 2024 Bondholders owning a majority of the aggregate principal amount of the Series 2024 Bonds then outstanding, or until the earlier of the date on which the Series 2024 Assessments are (a) fully allocated to platted and developed units; and (b) will provide sufficient funds to support payment of the annual debt service on the Series 2024 Bonds as provided in the

Assessment Report. In any event, this Agreement shall be deemed terminated automatically as to any lot sold to a retail homeowner or end-user. This Agreement shall also be deemed terminated automatically on the Lands or portion of the Lands reflected in the Release of Lien as recorded by the District.

12. NEGOTIATION AT ARM'S LENGTH. This Agreement has been negotiated fully between the Parties as an arm's length transaction. All Parties participated fully in the preparation of this Agreement and received the advice of counsel. In the case of a dispute concerning the interpretation of any provision of this Agreement, all Parties are deemed to have drafted, chosen and selected the language, and the doubtful language will not be interpreted or construed against either party.

13. THIRD PARTY BENEFICIARIES. This Agreement is solely for the benefit of the formal Parties herein and no right or cause of action shall accrue upon or by reason hereof, to or for the benefit of any third party not a formal party hereto. Notwithstanding anything herein to the contrary, the Trustee for the Series 2024 Bonds, on behalf of the owners of the Series 2024 Bonds, shall be a direct third party beneficiary of the terms and conditions of this Agreement and shall be entitled to cause the District to enforce the Developer's obligations hereunder. The Trustee shall not be deemed to have assumed any obligation under this Agreement.

14. LIMITATIONS ON GOVERNMENTAL LIABILITY. Nothing in this Agreement shall be deemed as a waiver of immunity or limits of liability of the District beyond any statutory limited waiver of immunity or limits of liability that may have been adopted by the Florida Legislature in Section 768.28, *Florida Statutes*, or other statute, and nothing in this Agreement shall inure to the benefit of any third party for the purpose of allowing any claim that would otherwise be barred under the Doctrine of Sovereign Immunity or by operation of law.

15. JOINT AND SEVERAL LIABILITY. Developer is defined collectively to include the Master Developer and Park Square, and their respective successors and assigns. All references herein to Developer shall be construed as a reference to both Master Developer and Park Square. Each entity so named shall be jointly and severally liable for all of the obligations of Developer under this Agreement.

16. APPLICABLE LAW AND VENUE. This Agreement and the provisions contained in this Agreement shall be construed, interpreted, and controlled according to the laws of the State of Florida. The Parties hereby acknowledge and agree that, in the event legal action is instituted to enforce this Agreement, the Developer consents to and by execution hereof submit to the jurisdiction of any state court sitting in or for Orange County, Florida.

NOW THEREFORE, in consideration of the benefits that will accrue to each party arising out of the execution of this Agreement, the sufficiency whereof is hereby acknowledged, the Parties do hereby agree as follows:

1. **RECITALS.** The foregoing recitals are true and correct and are incorporated herein by this reference.

2. **LANDOWNER ACKNOWLEDGEMENT, COVENANTS AND OBLIGATIONS.** The Landowner, and its successors and assigns (which shall include, but not be limited to, all future owners of the Property), shall be legally bound by this Agreement, hereby declares, acknowledges and agrees as follows:

a. The Landowner, for itself and its heirs, successors and assigns, hereby agrees that the District is, and has been at all times on and after October 22, 2019, a legally created, duly organized, and validly existing local unit of special-purpose government established pursuant to the Act, and the members of the Board of Supervisors of the District (the “**Supervisors**”) and officers of the District as

constituted from November 18, 2019, to and including the date of this Agreement were duly appointed or elected to their respective positions in accordance with all requirements of Federal and Florida law including the Constitution of the United States of America and of the State of Florida and had the authority and right to authorize, approve, and undertake all actions of the District approved and undertaken from the date of establishment, to and including the date of this Agreement.

b. The Landowner, for itself and its heirs, successors and assigns, hereby confirms, acknowledges, and agrees that the special assessments imposed and levied upon lands in the District as provided in Resolution Nos. 2024-01, 2024-02 and 2024-[] of the District (collectively, the “**Assessment Resolutions**”) are the valid, legal, binding obligations of the Landowner, its heirs, successors and assigns, and such assessments run with the land, and in consideration of the improvements for which such assessments have been levied by the District, hereby covenants to pay such assessments, as and when due, but recourse against the Landowner, its successors and assigns for failure to pay the assessments shall be limited to enforcement of the assessments as provided by law.

c. The Landowner, for itself and its heirs, successors and assigns, hereby waives the right, if any, under Section 170.09, *Florida Statutes*, as amended, to prepay the special assessments imposed and levied pursuant to the Assessment Resolutions within thirty (30) days after the improvements financed with proceeds of the Series 2024 Bonds are completed, without interest, in consideration of the District’s undertaking to make such improvements.

d. The Landowner acknowledges and agrees that it was present at the meetings of the Board of Supervisors of the District at which the Assessment Resolutions were adopted, and that it hereby waives any further notice, defenses or waivers, which could be asserted as being applicable under provisions of Florida law in connections with such meetings.

e. The Landowner, for itself and its heirs, successors and assigns, hereby covenants that any portion of the Property described in Exhibit “A” that is conveyed or otherwise sold shall be so conveyed in a manner consistent with all applicable county, municipal and state laws, including but not limited, to any and all effective comprehensive plans, and amendments thereto, zoning conditions and development order conditions; and that the terms and obligations of this Agreement and the assessments levied by the District shall bind such property.

3. **SUBORDINATION.** The Mortgage Lender hereby agrees that the Mortgage is now and shall forever hereafter be subordinate and inferior to the lien of the Series 2024 Assessments and the rights of the District in and to the Development and Contract Rights (as defined in the Collateral Assignment) set forth in the Collateral Assignment. The Property is being developed in Phases and Mortgage Lender’s consent to subordination is given only so long as the Property, or any portion thereof, is subject to the Mortgage. Once a lot or other portion of the Property has been conveyed to a homebuilder or other owner and is no longer subject to the Mortgage, this subordination shall no longer be effective as to the mortgage lender, as to that transferred portion. Pursuant to the Mortgage, Landowner may have previously collaterally assigned to Mortgage Lender all or portions of the Development & Contract Rights; however, pursuant to this Agreement, all such assignments are subordinate to the collateral assignment of Development and Contract Rights by the Landowner to the District pursuant to the Collateral Assignment and this Agreement. In the event the Landowner is in default under the Mortgage but no Event of Default exists under the Collateral Assignment (as such terms are defined in those respective agreements),

Mortgage Lender does not intend hereby to relinquish any such Development and Contract Rights and the District hereby consents to Mortgage Lender, should Mortgage Lender in its sole discretion elect to do so, utilizing those Development and Contract Rights to continue with all or a portion of the development of the Property. Nothing herein shall be construed as an obligation on the part of the Mortgage Lender to accept any responsibility or liability for all or any portion of the Series 2024 Assessments, Property or Rights, unless it chooses to do so in its sole discretion. Further, except as expressly provided for in this Agreement, the terms of the Mortgage and all rights and remedies of the Mortgage Lender available thereunder are hereby expressly subordinated to the terms of the Collateral Assignment and the rights and remedies of District relating to the Series 2024 Assessments and under Florida Law.

4. **NOTIFICATION.** Each Party shall, within 30 days, provide notice in the manner provided herein to the other Parties of any of the following which may come to the attention of a Party with respect to this Agreement:

- a. Delinquent payment of any monies owed to the District or the Series 2024 Assessments or other assessments owed to the District on property encumbered by the Mortgage;
- b. Acceleration of the Series 2024 Assessments; and
- c. Event of Default under the Indenture, the Mortgage or the Collateral Assignment.

5. **EVENT OF DEFAULT.** The Parties acknowledge and agree that the Landowner's failure to pay the Series 2024 Assessments when due or the occurrence of an Event of Default under the Indenture, which adversely affects any portion of the Property that is subject to the Mortgage and is not cured within 30 days after Landowner's receipt of written notice of such failure or Event of Default, shall constitute a default of the Mortgage.

6. **OPPORTUNITY TO CURE.** The Parties agree that the Mortgage Lender shall have sixty (60) days from the receipt of notice provided per "Section 4. Notification" of this Agreement to cure any delinquent payment of the Series 2024 Assessments prior to acceleration or Event of Default under the Indenture.

7. **REPRESENTATIONS, WARRANTIES AND COVENANTS – MORTGAGE LENDER.** Mortgage Lender represents, warrants, and covenants that:

- a. Mortgage Lender is the sole owner and holder of the Mortgage, however nothing herein prohibits Mortgage Lender from subsequently assigning all or any portion of the Mortgage, which shall be subject in all respects to this Agreement and the Collateral Assignment.

Similarly, GMS-CF, LLC does not provide the Grande Pines Community Development District with financial advisory services or offer investment advice in any form.

1.0 Introduction

The Grande Pines Community Development District is a local unit of special-purpose government organized and existing under Chapter 190, Florida Statutes (the “District”), as amended. The District plans to issue approximately \$5,660,000 of tax exempt bonds in one or more series (the “Series 2024 Bonds” or “Bonds”) for the purpose of financing certain infrastructure improvements within an assessment area within the District, more specifically “Assessment Area Two” described in the Master Engineer’s Report dated February 19, 2024 prepared by Poulos & Bennett as may be amended and supplemented from time to time (the “Engineer’s Report”). The infrastructure improvements to be financed are defined as the Assessment Area Two Capital Improvement Program (“CIP”). The District anticipates the construction of the CIP consisting of improvements that benefit property owners within Assessment Area Two of the District.

1.1 Purpose

This Supplemental Assessment Methodology Report for Assessment Area Two (the “Assessment Report”) supplements the Master Assessment Methodology dated February 19, 2024, and provides for an assessment methodology for allocating the debt to be incurred by the District to benefiting properties within Assessment Area Two within the District. The Assessment Report allocates the debt to properties based on the special benefits each receives from the CIP. This Assessment Report is designed to conform to the requirements of Chapters 190 and 170, Florida Statutes with respect to special assessments and is consistent with our understanding of case law on this subject.

The District has imposed non-ad valorem special assessments on the benefited lands within Assessment Area Two within the District based on this Assessment Report. It is anticipated that all of the proposed special assessments will be collected through the Uniform Method of Collection described in Chapter 197.3632, Florida Statutes or any other legal means available to the District. It is not the intent of this Assessment Report to address any other assessments, if applicable, that may be levied by the District, a homeowner’s association, or any other unit of government.

1.2 Background

The District currently includes approximately 118.79 acres in Orange County, Florida. Assessment Area Two contains approximately 44.73 acres within the District. The development plan for the entire district is 385 residential units (216 detached/169 attached). The development plan for Assessment Area Two envisions approximately 203 short term rental units (89 detached/114 attached) (herein the “Assessment Area Two Development Program” or “AA2 Development Program”). The proposed Assessment Area Two Development Program is depicted in Table 1. It is recognized that such land use plan may change, and this report will be modified accordingly.

The improvements contemplated by the District for Assessment Area Two in the CIP will provide facilities that benefit certain property within Assessment Area Two of the District. The CIP is delineated in the Engineer's Report. Specifically, the District may construct and/or acquire certain General Improvements (mobilization, as-builts, survey, layout, erosion control), Earthworks Improvements (stormwater pond excavation, sod and dewatering), Concrete Improvements (curbs, gutter, sidewalk, ADA ramp) Onsite Paving Improvements (asphalt, soil cement base, subgrade), Stormwater Improvements (pipes, drainage structures, control structures, outfalls, pipe dewatering), Potable Water Distribution Improvements (pipes, fittings, valves, testing), Sanitary Sewer System Improvements (lift stations, pipes, fittings, valves, landscape/hardscape), and professional fees and inspection survey testing. The acquisition and construction costs are summarized in Table 2.

The assessment methodology is a four-step process.

1. The District Engineer must first determine the public infrastructure improvements and services that may be provided by the District and the costs to implement the CIP.
2. The District Engineer determines the assessable acres that benefit from the District's CIP.
3. A calculation is made to determine the funding amounts necessary to acquire and/or construct CIP.
4. This amount is initially divided equally among the benefited properties on a prorated gross acreage basis. Ultimately, as land is platted, this amount will be assigned to each of the benefited properties based on the number of platted units.

1.3 Special Benefits and General Benefits

Improvements undertaken by the District create special and peculiar benefits to the assessable property, different in kind and degree than general benefits, for properties within its borders as well as general benefits to the public at large.

However, as discussed within this Assessment Report, these general benefits are incidental in nature and are readily distinguishable from the special and peculiar benefits, which accrue to the assessable property within Assessment Area Two of the District. The implementation of the CIP enables properties within its boundaries to be developed. Without the District's CIP, there would be no infrastructure to support development of land within the District. Without these improvements, development of the property within the District would be prohibited by law.

There is no doubt that the general public and property owners outside of the District will benefit from the provision of the District's CIP. However, these benefits will be

incidental to the District's CIP, which is designed solely to meet the needs of property within the District. Properties outside the District boundaries do not depend upon the District's CIP. The property owners within are therefore receiving special benefits not received by those outside the District's boundaries.

1.4 Requirements of a Valid Assessment Methodology

There are two requirements under Florida law for a valid special assessment:

- 1) The properties must receive a special benefit from the improvements being paid for.
- 2) The assessments must be fairly and reasonably allocated to the properties being assessed.

Florida law provides for a wide application of special assessments that meet these two characteristics of special assessments.

1.5 Special Benefits Exceed the Costs Allocated

The special benefits provided to the property owners within Assessment Area Two of the District are greater than the costs associated with providing these benefits. The District Engineer estimates that the District's CIP that is necessary to support full development of property within Assessment Area Two will cost approximately \$7,046,360. The District's Underwriter projects that financing costs required to fund a portion of the infrastructure improvements, including project costs, the cost of issuance of the Bonds, the funding of debt service reserves and capitalized interest, will be \$5,660,000. Additionally, funding required to complete the CIP for Assessment Area Two that is not funded with the proceeds of Bonds is anticipated to be funded by Developer. Without the CIP, the property would not be able to be developed and occupied by future residents of the community.

2.0 Assessment Methodology

2.1 Overview

The District plans to issue approximately \$5,660,000 in Bonds to fund a portion of the District's CIP for Assessment Area Two, provide for capitalized interest, a debt service reserve account and cost of issuance. It is the purpose of this Assessment Report to allocate the \$5,660,000 in debt to the properties within Assessment Area Two benefiting from the CIP.

Table 1 identifies the land uses as identified by the Developer and current landowners of the land within Assessment Area Two of the District. The District has a proposed Engineer's Report for the CIP needed to support the AA2 Development Program,

these construction costs relating to are outlined in Table 2. The improvements needed to support the development of Assessment Area Two are described in detail in the Engineer's Report and are estimated to cost \$7,046,360. Based on the estimated costs, the size of the bond issue under current market conditions needed to generate funds to pay for the portion of the infrastructure improvements and related costs is projected by the District's Underwriter to total \$5,660,000. Table 3 shows the breakdown of the bond sizing.

2.2 Allocation of Debt

Allocation of debt is a continuous process until the AA2 Development Program is completed. The CIP funded by District bonds benefits all developable acres within Assessment Area Two of the District.

The initial assessments will be levied on an equal basis to all acres within Assessment Area Two of the District. A fair and reasonable methodology allocates the debt incurred by the District proportionately to the properties receiving the special benefits. At this point all of the lands within Assessment Area Two of the District are benefiting from the improvements.

Once platting or the recording of declaration of condominium, ("Assigned Properties") has begun, the assessments will be levied to the Assigned Properties based on the benefits they receive. The Unassigned Properties, defined as property that has not been platted, assigned development rights or subjected to a declaration of condominium, will continue to be assessed on a per acre basis ("Unassigned Properties"). Eventually the Assessment Area Two Development Program will be completed and the debt relating to the Bonds will be allocated to the planned approximately 203 short term rental units (89 detached/114 attached) within the District, which are the beneficiaries of the CIP, as depicted in Table 5 and Table 6. If there are changes to development plan, a true up of the assessment will be calculated to determine if a debt reduction or true-up payment from the Developer is required. The process is outlined in Section 3.0

The assignment of debt in this Assessment Report sets forth the process by which debt is apportioned. As mentioned herein, this Assessment Report will be supplemented from time to time.

2.3 Allocation of Benefit

The CIP consists of General Improvements (mobilization, as-builts, survey, layout, erosion control), Earthworks Improvements (stormwater pond excavation, sod and dewatering), Concrete Improvements (curbs, gutter, sidewalk, ADA ramp) Onsite Paving Improvements (asphalt, soil cement base, subgrade), Stormwater Improvements (pipes, drainage structures, control structures, outfalls, pipe

dewatering), Potable Water Distribution Improvements (pipes, fittings, valves, testing), Sanitary Sewer System Improvements (lift stations, pipes, fittings, valves, landscape/hardscape), and professional fees and inspection survey testing. There are three residential product types within the planned development as reflected in Table 1. The single family 50' home has been set as the base unit and has been assigned one equivalent residential unit ("ERU"). The CIP for Assessment Area Two is reflected in Table 2. Table 4 shows the allocation of benefit to the particular land uses. It is important to note that the benefit derived from the improvements will be equal to or greater than costs that the units pay for such improvements.

2.4 Lienability Test: Special and Peculiar Benefit to the Property

Construction and/or acquisition by the District of its proposed CIP will provide several types of systems, facilities and services for its residents. These include General Improvements (mobilization, as-builts, survey, layout, erosion control), Earthworks Improvements (stormwater pond excavation, sod and dewatering), Concrete Improvements (curbs, gutter, sidewalk, ADA ramp) Onsite Paving Improvements (asphalt, soil cement base, subgrade), Stormwater Improvements (pipes, drainage structures, control structures, outfalls, pipe dewatering), Potable Water Distribution Improvements (pipes, fittings, valves, testing), Sanitary Sewer System Improvements (lift stations, pipes, fittings, valves, landscape/hardscape), and professional fees and inspection survey testing. These improvements accrue in differing amounts and are somewhat dependent on the type of land use receiving the special benefits peculiar to those properties, which flow from the logical relationship of the improvements to the properties.

For the provision of CIP, the special and peculiar benefits are:

- 1) the added use of the property,
- 2) added enjoyment of the property, and
- 3) the probability of increased marketability and value of the property.

These special and peculiar benefits are real and ascertainable but are not yet capable of being calculated as to value with mathematical certainty. However, each is more valuable than either the cost of, or the actual non-ad valorem special assessment levied for the improvement or the debt as allocated.

2.5 Lienability Test: Reasonable and Fair Apportionment of the Duty to Pay Non-Ad Valorem Assessments

A reasonable estimate of the proportion of special and peculiar benefits received from the public improvements described in the Engineer's Report is delineated in Table 5 (expressed as Allocation of Par Debt per Product Type).

The determination has been made that the duty to pay the non-ad valorem special assessments is fairly and reasonably apportioned because the special and peculiar benefits to the property derived from the acquisition and/or construction of the District's CIP have been apportioned to the property according to reasonable estimates of the special and peculiar benefits provided consistent with the land use categories.

Accordingly, no acre or parcel of property within the boundaries of the District will have a lien for the payment of any non-ad valorem special assessment more than the determined special benefit peculiar to that property and therefore, the debt allocation will not be increased more than the debt allocation set forth in this Assessment Report.

In accordance with the benefit allocation suggested for the product types in Table 4, a total debt per unit and an annual assessment per unit have been calculated for each product type (Table 6). These amounts represent the preliminary anticipated per unit debt allocation assuming all anticipated units are built and sold as planned, and the entire proposed CIP is developed or acquired and financed by the District.

3.0 True Up Mechanism

Although the District does not process plats, declaration of condominiums, site plans or revisions thereto for the Developer, it does have an important role to play during the course of platting and site planning. Whenever a plat, declaration of condominium or site plan is processed, the District must allocate a portion of its debt to the property according to this Assessment Report outlined herein. In addition, the District must also prevent any buildup of debt on Unassigned Property. Unassigned Property means property within Assessment Area Two where no platting or declaration of condominium has been recorded. Otherwise, the land could be fully conveyed and/or platted without all of the debt being allocated. To preclude this, at the time Unassigned Properties become Assigned Properties, the District will determine the amount of anticipated assessment revenue that remains on the Unassigned Properties, taking into account the proposed plat, or site plan approval. If the total anticipated assessment revenue to be generated from the Assigned and Unassigned Properties is greater than or equal to the maximum annual debt service, then no adjustment is required. In the case that the revenue generated is less than the required amount then a debt reduction or true-up payment by the landowner in the amount necessary to reduce the par amount of the outstanding bonds to a level that will be supported by the new net annual debt service assessments will be required.

4.0 Assessment Roll

The District will initially distribute the liens across the property within Assessment Area Two of the District boundaries on a gross acreage basis. As Assigned Property becomes known with certainty, the District will refine its allocation of debt from a per acre basis to a per unit basis as shown in Table 6. If the land use plan changes, then

the District will update Table 6 to reflect the changes. As a result, the assessment liens are neither fixed nor are they determinable with certainty on any acre of land in the District prior to the time final Assigned Properties become known. At this time the debt associated with the District's CIP will be distributed evenly across the acres of Assessment Area Two of the District. As the development process occurs, the debt will be distributed against the Assigned Property in the manner described in this Assessment Report. The current assessment roll is depicted in Table 7.

February 19, 2024

Board of Supervisors
Grande Pines Community Development District

Dear Supervisors:

MBS Capital Markets, LLC (“Underwriter”) and the Board of Supervisors of the Grande Pines Community Development District (“District”) entered into an Investment Banking Agreement effective November 18, 2019 (“Agreement”) wherein the District engaged the Underwriter to provide investment banking services for the District. The purpose of this letter is to supplement the Agreement by specifying the particular planned transaction currently being contemplated by the District for which such investment banking services are to be provided by the Underwriter.

The District is considering the issuance of its Special Assessment Revenue Bonds, Series 2024 for the purpose of acquiring/constructing additional public infrastructure improvements within the District. It is the District’s intent to engage the Underwriter to provide investment banking services for this transaction.

The scope of services to be provided in a non-fiduciary capacity by the Underwriter for this transaction will include those listed below.

- Preparation of rating strategies and presentations related to the issue being underwritten.
- Preparations for and assistance with investor “road shows,” if any, and investor discussions related to the issue being underwritten.
- Advice regarding retail order periods and institutional marketing if the District decides to engage in a negotiated sale.

- Assistance with the closing of the issue, including negotiation and discussion with respect to all documents, certificates, and opinions needed for the closing.

By execution of this supplement to the Agreement you are acknowledging receipt of the same.

EXHIBIT A

Disclosures Concerning the Underwriter's Role

- (i) MSRB Rule G-17 requires an underwriter to deal fairly at all times with both municipal issuers and investors.
- (ii) The underwriter's primary role is to purchase the Bonds with a view to distribution in an arm's-length commercial transaction with the Issuer. The underwriters has financial and other interests that differ from those of the District.
- (iii) Unlike a municipal advisor, the underwriter does not have a fiduciary duty to the District under the federal securities laws and are, therefore, is required by federal law to act in the best interests of the District without regard to their own financial or other interests.
- (iv) The underwriter has a duty to purchase the Bonds from the Issuer at a fair and reasonable price but must balance that duty with their duty to sell the Bonds to investors at prices that are fair and reasonable.
- (v) The underwriter will review the official statement for the Bonds in accordance with, and as part of, its respective responsibilities to investors under the federal securities laws, as applied to the facts and circumstances of this transaction.

Disclosure Concerning the Underwriter's Compensation

The underwriter will be compensated by a fee and/or an underwriting discount that will be set forth in the bond purchase agreement to be negotiated and entered into in connection with the issuance of the Bonds. Payment or receipt of the underwriting fee or discount will be contingent on the closing of the transaction and the amount of the fee or discount may be based, in whole or in part, on a percentage of the principal amount of the Bonds. While this form of compensation is customary in the municipal securities market, it presents a conflict of interest since the underwriter may have an incentive to recommend to the District a transaction that is unnecessary or to recommend that the size of the transaction be larger than is necessary.

Conflicts of Interest

The Underwriter has not identified any additional potential or actual material conflicts that require disclosure including those listed below.

Payments to or from Third Parties. There are no undisclosed payments, values, or credits to be received by the Underwriter in connection with its underwriting of this new issue from parties other than the District, and there are no undisclosed payments to be made by the Underwriter in connection with this new issue to parties other than the District (in either case including payments, values, or credits that relate directly or indirectly to collateral transactions integrally related to the issue being underwritten). In addition, there are no third-party arrangements for the marketing of the District's securities.

MBS CAPITAL MARKETS, LLC

Page | 4

Profit-Sharing with Investors. There are no arrangements between the Underwriter and an investor purchasing new issue securities from the Underwriter (including purchases that are contingent upon the delivery by the District to the Underwriter of the securities) according to which profits realized from the resale by such investor of the securities are directly or indirectly split or otherwise shared with the Underwriter.

Credit Default Swaps. There will be no issuance or purchase by the Underwriter of credit default swaps for which the reference is the District for which the Underwriter is serving as underwriter, or an obligation of that District.

Retail Order Periods. For new issues in which there is a retail order period, the Underwriter will honor such agreement to provide the retail order period. No allocation of securities in a manner that is inconsistent with a District's requirements will be made without the District's consent. In addition, when the Underwriter has agreed to underwrite a transaction with a retail order period, it will take reasonable measures to ensure that retail clients are bona fide.

Dealer Payments to District Personnel. Reimbursements, if any, made to personnel of the District will be made in compliance with MSRB Rule G-20, on gifts, gratuities, and non-cash compensation, and Rule G-17, in connection with certain payments made to, and expenses reimbursed for, District personnel during the municipal bond issuance process.

Disclosures Concerning Complex Municipal Securities Financing

Since the Underwriter has not recommended a "complex municipal securities financing" to the Issuer, additional disclosures regarding the financing structure for the Bonds are not required under MSRB Rule G-17.
